FRIDAY.....JULY 2, 1880.

NEW HOMESTEAD LAW.

DEPARTMENT OF THE INTERIOR,
General Land Office, Washington, D. C.
May 25th, 1880.

CIRCULAR.

Relinquishments and contests under Act of May 14th, 1880.

To District Land Officers:

GENTLEMEN:—Appended hereto is a copy of the act approved May 14th, 1880, which changes the existing laws and regulations relative to the entry of certain classes of lands:

The first section provides "That when a pre-emption, homestead or timber-culture claimant shall file a written relinquishment of his claim in the local land office, the land covered by such claim shall be held as open to settlement and entry without further action on the part of the Commissioner of the General Land Office." This will be held to apply only to relinquishments which are filed subsequent to date of said act, viz: May 14th, 1880.

You are instructed not to accept or act upon any relinquishment, unless made before you, which has not been duly subscribed by the claimant on the back of his duplicate receipt, acknowledged, witnessed and executed in a manner which under the laws of the State or Territory in which the land is situated would be sufficient as a valid transfer of real estate. In case of the loss of a duplicate receipt, or declaratory statement, an affidavit of such loss must accompany the written relinquishment. Immediately upon a relinquishment duly executed as above, being received at your office, you will proceed as follows:

1. The Register will note on the relinquishment over his signature, the day and hour of receipt by you. 2. Write the words "canceled by relinquishment" (giving date) opposite the record of the entry in the tract book, the register of entries and the register of receipts. 3. Draw a line over the number of the entry on the township plat. 4. On Monday of each week you are directed to transmit to this office all the relinquishments which have been accepted by you during the preceding week.

When the relinquishment shall have been received and noted as above, you will hold the land embraced in the relinquished entry as subject to settlement or entry by the first legal claimant; the intent of said section, as understood by me, being only to prevent the delay resulting heretofore from awaiting action on such relinquishment by this office.

Section two is designed to secure to the contestant therein named for the period of thirty days from notice of the cancellation of a prior entry of the character specified, a preference right to initiate his claim to the same land. It is not intended to grant such contestant the unconditional right of final entry, and I construe the section as precluding settlement or entry by any other party during the period named.

Section three places homestead settlers on unsurveyed lands on the same footing with pre-emption settlers under existing laws. This section protects the claim of an actual settler upon unsurveyed land provided he shall make homestead entry of the land within three months from the filing of the township plat of survey in the district land office the same as the pre-emptor is now protected by filing his declaratory statement within the same period, and if the homestead settler shall fully comply with the law as to continuous residence and cultivation, his settlement defeats all claims intervening between its date and the date of filing his homestead application. In making final proof his five years of residence and cultivation will commence from the date of actual settlement.

C. W. HOLCOMB,
Acting Commissioner.

THE LAW.

Be it enacted by the Senate and House of Representatives of the United States in Congress assembled:

SEC. 1. That when a pre-emption homestead or timber-culture claimant shall file a written relinquishment of his claim in the local land office, the land covered by such claim shall be held as open to settlement and entry without further action on the part of the commissioner of the general land office.

SEC. 2. In all cases where any person has contested, paid the land office fees, procured the cancellation of any pre-emption, homestead, or timber-culture entry, he shall be notified by the register of the land office of the district in which such land is situated of such cancellation, and shall be allowed thirty days from date of such notice to enter said lands; *Provided*, That said register shall be entitled to a fee of one dollar for the giving of such notice, to be paid by the contestant, and not to be reported.

SEC. 3. That any settler who has settled, or who shall hereafter settle, on any public lands of the United States, whether surveyed or unsurveyed, with the intention of claiming the same under the homestead laws, shall be allowed the same time to file his homestead application and perfect his original entry in the United States land office as is now allowed to settlers under the pre-emption laws to put their claims on record, and his right shall relate back to the date of settlement, the same as if he settled under the pre-emption laws.

Approved May 14, 1880.

Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, and all malarial disorders. In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic, and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

We warrant it when taken according to directions.

SAVE YOUR
Fruits and Vegetables!

FARMERS, TO BECOME WEALTHY, LIKE THOSE OF FRANCE AND GERMANY, must increase their exports. We are producers as well as consumers—must produce more than we consume—and in no way can we do this more effectually than by planting good orchards of select fruits, thereby making a good and happy home for your children, and at the same time giving them useful and remunerative employment by learning them how to preserve the great varieties of fruits and vegetables that grow upon their father's farm.

From ONE TO FIVE THOUSAND DOLLARS per annum can be realized by the use of

PLUMMER'S NEW PATENT
Family Fruit Drier

which absolutely has no machinery of any kind, and is so simple in its construction that children and aged people can run it on any kind of fruit or vegetables. Seventy-five in successful operation in Linn County. Its cheapness recommends it to everybody.

We have opened a foreign market and are prepared to pay the highest cash price for all fruits dried by this process. It has no equal. Terms liberal.

When a medicine has infallibly done its work in millions of cases for more than a third of a century; when it has reached every part of the world; when numberless families everywhere consider it the only safe reliance in case of pain or accident, it is pretty safe to call such a medicine

There are many at the age of thirty-five to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty ignorant of the cause, which is the second stage of seminal weakness. DR. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

OFFICE HOURS—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, $5.

For private diseases of short standing a full course of medicine sufficient for a cure, with all instructions, will be sent to any address on receipt of $10 00.

A BARGAIN!
Valuable Property for Sale.

THE ALDEN FRUIT DRYER,

Including the building and lots upon which it is situated, is for sale at a bargain. There are two dryers and they can be sold separately. This is a good opportunity for fruit raisers to secure the best dryer made, at a low price.

The lots are very valuable lying on the river front, and having a railroad switch running by them. It is a good location for a custom flouring mill, foundry, or any such business.
