LINN COUNTY FAIR.

The Question Settled and We Are Going To Have a Fair.—Prepare for It.

On Thursday of last week the Board of Directors of the Linn County Agricultural Association met and decided definitely that they would hold a fair this fall at the grounds near this city, and set the time for the opening on Wednesday, October 6th, the fair to continue four days. Now that the question is decided, everybody in our county should do something in contributing to its success. Talk to your neighbors and get them interested in it. Begin looking around you for something to put on exhibition, and when the time rolls around, bring everything you can find. We ought to make a grand showing in the line of agricultural productions, for we have the best county in the State and some of the best farmers. Our wheat astonishes the eastern people, and our flax beats the whole world, taking the premium at the Centennial Exhibition over all competitors. Our fruit cannot be excelled anywhere, and the different varieties of it are almost numberless. No better or purer-blooded live stock can be found anywhere. Almost every breed of the different kinds is represented in our State, and Linn county has her share. They should be shown to the public. All these things should be shown up, and the place to do it is at a county fair, as a great many people traveling through our State will be attracted here by our fair. Now we do hope our people will take hold of this matter and do their best to make it the grandest affair of the kind our county has ever had.

Harvest Commenced.

Our farmers are about through cutting their hay, and there is so much of it that the price is down to $6 and $8. During the present week the oat harvest commenced, one lot that we know of being cut last Monday, and some wheat will be ready for the machines by next Monday. It was thought at first that harvest hands would be very scarce, but they are arriving from some where every day, and it is probable the farmers will not have much trouble in securing all the help they want. The area of land sown to grain is so much larger than usual, that we suppose our harvest will last for several months. The fall grain could not be any better than it is, and the spring grain, although some of it is very short, is filling out well. It was thought it would not fill out well on account of the hot weather, but fortunately it turned cloudy along the first of the week which changes the prospect very much. It seems that while the grain fields of almost every other locality on the north-west coast is being visited with a plague of some sort, the Willamette Valley has this year been specially favored in every respect by Providence.

A New Bonnet Free.

Mrs. Powell is now selling off her large stock of millinery goods at prices so low as to astonish all who call on her, and the reason is that she wants to clear out all her old stock to make room for a grand assortment of fall goods. Ladies who buy of her any large amount now will actually save enough money to get a new bonnet. She is also agent now for the celebrated "Star" system of square measurement for cutting ladies' clothing. This system is by far the best now known for the reason that all the work is done with a simple square—inch measurement. It is the only system by which young girls can cut and prepare a dress and make it fit equal to experienced dress-makers, and it is always adopted by professionals when brought before their notice. The price is very cheap—one system complete for $3.00, and if instructions are needed $6.50. It is simple, and any one can learn it.

Magnificent Flax.

Dr. G. F. Crawford has about forty acres of beautiful lint flax on his farm, for which he will realize from $25 to $35 per acre. A specimen we have on our table measures 43 inches in length and is heavily laden with seed. In ten years from now the income of this county from the production of flax will equal that received from wheat, and all our agricultural implement dealers will include in their list of machines flax-breaks. All our farmers want now is to be assured of a market, and if the culture of flax proves to be as successful here as it is supposed to be that market will be secured.

A Happy Time.

The members of the Congregational Church agreeably surprised their pastor's family last Tuesday evening by dropping in on them unawares and leaving a barrel of flour, a cord of wood, and a purse of $63 in cash. And, unlike most donation parties, they did not take charge of the kitchen and get up a supper the cost of which would more than overbalance the value of their donations. They spent an hour or two very pleasantly with their pastor's family, and gave them a warm welcome to their new home.

The Baptist Church.

The report in circulation to the effect that Rev. W. J. Crawford has resigned his position as pastor of the First Baptist Church of this city is not correct. The time for which he had been secured has expired, but we understand he has been retained by the congregation for another year. Services will be conducted there as usual, and the public is invited to attend. We are very glad to hear that Rev. Crawford is to remain with us as he and his amiable wife have made many friends among our citizens.

Warehouse Burned.

The grain warehouse at Shedd Station belonging to Mercer Thompson & Co. was burned to the ground last Wednesday night. It took fire about midnight, and the cause is unknown. It contained nothing but about two tons of bran and a lot of sacks. The building and fixtures cost about $3,500, and it was insured for $2,000.

Cap't Smith Injured.

Cap't. John Smith, the Indian Agent at Warm Springs, was thrown from a wagon a week or ten days ago and severely hurt. His son Dr. Thos. F. Smith, of Dallas, was sent for and went up to attend his father. Nothing further has been heard as to the old gentleman's condition.

Farmers Take Notice.

In a few days you will want to purchase oil for your machinery, and we wish to call your attention to the fact that the very best brands the market affords are kept by Foshay & Mason, and will be sold at prices at which you cannot complain. Call and see their oils.

The First Wheat.

The first wheat that we have heard of being harvested this season was cut on S. M. Pennington's farm near Lebanon, last Monday. It belonged to Mr. Brice Wallace.

From Lower Soda.

LOWER SODA SPRINGS, }
Linn Co., July 18, 1880. }

Dear Democrat:

After leaving Albany on last Wednesday morning, we had a "red-hot" day's ride to our night lodging at Gillilands' (the Toll-Gate), 32 miles out from home. Here our excellent hostess, Mrs. Gilliland, assisted by her thrifty, intelligent daughters, entertained us with ample fare and a cozy night's rest. The next morning we were "up with the lark" (a trifle late himself that morning,) and out on the road betimes—slowly ascending Wiley Mountain, eagerly quenching our thirst at Whisky Spring, stopping for a moment to exchange greetings with the Mealeys, so cosily nestled under the shadows of Moss' towering butte—we arrived here shortly after noon, and have since been comfortably domiciled at Parley McKnight's summer boarding house, with ample, cool and airy rooms, most restful beds and bountiful fare, in which elk, venison and that most luscious of all game, fish, mountain trout, predominate.

Our party, consisting of Mrs. D. P. Mason and her two daughters and the undersigned and wife, are fast becoming acclimated—to the meals, at least: and most of us are tackling the soda water with a desperateness that promises in time to conquer all antipathy to its beastly, dead-horse kind of a taste! Its components are said to contain medicinal qualities equal, if not superior, to "Pelim's Mule Balsam for Man and Beast," and if a noxious and most disgusting flavor is any proof of sanitary qualities this soda water ought surely to rank with the fabled Elixir Vitae of the champion gods.

Well, there must be something in them, for a Mr. Pryor Scott, of Corvallis, who recently came here bed-ridden with paralysis, is now walking about with brisk and lively pace, apparently almost cured. Also, since our arrival here, our party's appetites have so improved that two fisher-boys and a brace of able-bodied hunters are kept busy supplying the "gang" with flesh and fin!

The snow is fast disappearing from the mountain road, and all sorts of travelers, save those with teams, can now cross with ease. It is expected that vehicles can make the transit by the last of this week.

Blackberries and raspberries are fast ripening in the mountains all about us, and several families are already in from the Valley intent on making the annual berry raid. It is predicted that this year's yield will be heavier than ever before known.

The road from Albany to the Mountain House—16 miles beyond here—is in splendid condition, and we predict a large influx of hunters, berryers and health-seekers within the next few weeks.

Mr. Jason Wheeler, with his spanking big gray team, brought us up here with fair speed and without accident.

Our stay will be governed by the condition of the health of the party. If we continue to improve we shall probably "hang up", along this line for several weeks yet; during the time perhaps vibrating between this point and Fish Lake.

Henry Burmester and family passed here this morning, bound Fish Lakeward, and Billy Watkins and others of Albany have just driven into the Spring Grove at this place. More anon.

JULY 18th.

LATER.—Dick Reid and family arrived with Billy Watkins; also Mr. Thos. Black of Halsey, has driven over from that city to spend the Sabbath with his family who are camped here.

Item: Mr. Mulkey and family passed here this evening, theirs being the pioneer team across the mountain road this year. They were four days coming from Cache Creek, and report the road rough for travel but fast clearing out. Also, Mr. Mulkey has sold out his ranch on Trout Creek, Wasco county, and is returning to Webfoot, where he will make his future residence.

Mr. W. K. Price and a party of young men also arrived here this evening from Ochoco, having crossed in a light wagon. This will start the travel, and soon the road will be dotted with teams. MART. V. B.

Employment for Ladies.

The Queen City Suspender Company of Cincinnati, are now manufacturing and introducing their new Stocking Supporters for Ladies and Children and their unequaled Skirt Suspenders for Ladies. None should be without them; our leading physicians recommend them, and are loud in their praise. This manufacturing establishment is managed by ladies who have made the wants of ladies and children a study, and they ask us to refer them to some reliable and energetic lady to introduce them in this county, and we certainly think that an earnest solicitation in every household would meet with a ready response, and that a determined woman could make a handsome salary and have the exclusive agency for this county. We advise some lady who is in need of employment to send a postal card to the Company, with her name and address, and mention this paper. Address Queen City Suspender Company, Nos. 147 and 149 West Fourth Street, Cincinnati, Ohio.

A Ministerial Change.

In its last issue the Corvallis *Gazette* says: "Rev. W. C. Kantner, who has filled the pulpit of the Evangelical Church, in this city, for the last three years, was by the arrangements of the last Conference changed to Albany, and Rev. J. Bowersox stationed at this city. Mr. Kantner has made many friends during the time he has lived in Corvallis, and been the instrument of much good in the cause he has so zealously served. He is an able pulpit orator and the personal friend of every member of his church, and we can not but feel that the Conference has made a mistake in changing his field of usefulness." Mr. Bowersox is an earnest and zealous worker, a deep thinker, and was liked well here, and will be missed by all.

Fig Culture.

Dr. G. F. Needham, Washington, D. C., sends us his Pamphlet, (Third Edition) "Fig Culture at the North," in which he shows conclusively, that the people of the Middle and Northern States, by using the proper means, can grow figs of as good quality, and in abundance, at the North, as at the South, that is, as fine as the imported.

All, especially doubters, are invited to send for it, enclosing a three-cent stamp.

The Pamphlet gives all necessary information as to growing the trees, preparing the fruit by various methods for home use and the market.

Fine Furniture.

Fred Graff is manufacturing some of the finest furniture ever exhibited in this market. His bedroom sets are perfect models of taste and beauty; and what is better still, they are all from Oregon timber.

Religious Services at Halsey.

Rev. S. G. Irvine, D. D., pastor of the U. P. Church in this city, will hold religious services in the U. P. Church at Halsey next Sabbath at 11 o'clock.

Personal.

Chas. Haffenden returned from Yaquina Bay last Wednesday, greatly improved in health.

Rev. P. C. Hetzler passed through this city last Wednesday.

John Gilliland, keeper of the toll-gate on the Lebanon mountain road, called on us several times during the past week. He was down on business connected with the road.

Misses Lizzie and Ellen Mary, daughters of Rev. Dr. Geary of Eugene, have been visiting friends in this city.

Rev. T. J. Wilson, of Halsey, was in town last Saturday. He intended going up to Lower Soda Springs last Monday, and will remain up there about six weeks. We are glad to hear that his health is improving.

O. H. Irvine, son of Rev. S. G. Irvine, D. D., of this city, has entered college at Monmouth, Illinois, and will take a complete classical course.

D. W. Wakefield, of Portland, spent last Sabbath in this city with his relatives and friends. His wife and daughter have been visiting here for several weeks.

David Froman and wife came down from the mountains last week, but started up again yesterday. They have a nicely furnished house at Upper Soda and take things easy.

Mrs. Peru Cochran has been unwell for some time, and is now stopping at Mrs. Cline's in this city for the purpose of taking a course of medical treatment.

W. H. Odell, State Printer elect, started over the mountains from this city last Saturday morning. He has a surveying contract in Eastern Oregon.

Mrs. H. B. Hewitt has been very ill for several days, but we are glad to state is now getting better.

"Boneyard Bill" and "Bullet" started for Yaquina Bay last Monday. Abbey will not make much boarding that crowd at one dollar per day.

Henry Burmester was down last week laying in a supply of provisions for his ranch at Fish Lake.

W. K. Price came in from Eastern Oregon a few days ago, crossing the mountains on the Lebanon road. He had a bad trip, but got through all right.

Cap't Humphrey was thrown from a buggy a few days ago and had one of his legs hurt.

Ike Nickerson has bought a half-interest in the Fish Lake ranch from Henry Burmester. The two of them will make that one of the best stopping places on the road.

The Hook and Ladder Truck.

The truck ordered for the Rescue Hook and Ladder Company arrived at Portland on the *Columbia* last Wednesday and will be brought to this city on the *Occident* either to-night or on the next trip—next Tuesday. The Hook and Ladder Company held a meeting on Wednesday evening to make arrangements for the housing and a ball. The time for the holding of the ball was set for Thursday evening, October 7, 1880, and a committee was appointed to make the arrangements. It was settled that the truck should be housed at 7 o'clock in the evening, as soon after its arrival as the work of setting it up would allow, and the Secretary was instructed to invite the Department to attend in citizen's dress—not in uniform. So that all could know the date upon which the housing would occur it was decided that the President should make the company call on the fire bell on the morning of the day selected.

Farmers and Pleasure-seekers.

Farmers in a few days will want to lay in supplies to last them through the present harvest, and we wish to call their attention to the firm of Haffenden Brothers, where can be had the best of everything in the grocery and provision line. There is no use in stating the articles for they keep everything and sell cheap.

Pleasure-seekers going into the mountains can get their "commissary department" filled up completely at this establishment. Canned goods of every kind, roasted coffee, dried meats, crackers, cheese, etc., all put up in splendid shape for transportation can be found here. Be sure to call in there.

Lost in a Blackberry Patch.

Mrs. Rideout and her little girl and two daughters of Geo. Weller went over the river blackberrying last Wednesday, and when they started home got bewildered and could not find their way back to the ferry. Not arriving by nightfall, Mr. Weller and several other gentlemen started out to hunt them up, and found them in the woods about two miles and a half below the ferry. They had given up the idea of finding the way out until morning, and had camped out on a big fir log.

No Cheap Talk.

It is not cheap talk that L. E. Blain gives you—it is cheap goods. He now offers the remainder of his goods at prices that will astonish you, and you should also remember that nothing of a shoddy character can be found in his establishment. He now wants to close out his stock to make room for his fall goods, and if you want a bargain call on him.

☞ Harvest hands are hereby notified that he has the largest, best and cheapest stock of blouses, overalls and jumpers in this market.

Sand Ridge Hancock Club.

The Democrats of Center Precinct, met at the Sand Ridge School House last Saturday, and organized a large Hancock Club. Hon. J. K. Weatherford and Senator Bilyeu addressed the Club, and both made stirring speeches. The Club will hold its next meeting on Saturday evening of next week.

Still in Front.

Although McIlwain's store is almost always crowded with customers, and the sales he makes are enormous, he never lets his stock run down, but receives goods every week. He now has the largest assortment of ladies' shoes in the city. Drop in on him and see his stock and learn the prices.

Brick! Brick! Brick!

Clark & Co. will open a new kiln of brick the first of next week at their yards at the Calapooia bridge, and will then be able to furnish to customers at extremely low rates the largest and best quality of brick ever sold in this county. If you want brick don't forget to call on them.

Military Appointments.

Last week Governor Thayer made the following military appointments: J. M. Gearin, Assistant Adjutant General on Brigadier General M. V. Brown's staff. George W. Belt, Aid-de-Camp on same. M. S. Monteith, Aid-de-Camp on same, with the rank of Captain.

Passed Away.

Mrs. M. Myers, of Salem, died yesterday morning. She has never had good health since the death of her husband a year ago, and his loss was really the cause of her decease. She was a sister of Phil Cohen, one of the leading merchants of this city.

Fashion Notes.

Turbans are worn for traveling.

Beads are the fashionable craze of the day.

Red, yellow and heliotrope take the lead among colors.

The Jersey bodice finds much favor with Philadelphia belles.

The prettiest of dotted fabrics are Indian and French cashmeres, muslin-delaines and foulards.

The newest and most fashionable tints in Paris are heliotrope, leather, auricula, capucine, Ophelia, Spanish snuff, raven's wing, copper and seaweed.

The *Queen* says that in London only one kind of necklace is now worn by young ladies, viz., a double row of pearls, with a diamond clasp, tightly wound about the throat, or worn over a lace lappet.

Real flowers are much worn in the hair and on the bodices of dresses; they are beautifully mounted on wire like artificial flowers. Pansies with maiden-hair fern are particularly fashionable just now.

Imported petticoats are of black or colored satinet, and have four or five alternate narrow flounces of satin and lace. If for every-day wear, the lace is black; if for more dressy occasions, it is cream or coffee-colored.

Stylish new bodices are fastened at the back, either by a single or double row of buttons, having long basques, and sleeves with puffs at the shoulders, while the fronts have a V of very closely gathered silk let into them, reaching to the extreme end of the basque.

Full ruches of point d'esprit lace are worn high around the neck, while below this ruche wider lace of the pattern is pleated to form a round collar broad enough to reach almost to the tips of the shoulders. White satin ribbon loops trim the front and back of the ruche.

Dainty little oblong black satin Japanese fans, with long carved black teak wood handles, are covered with pleatings of black French lace, decorated with six white marguerites in the center and a scattered row of the same flowers on each pleating of lace, while a hand-painted bunch of daisies ornaments the back of the fan.

Mittens of black and white silk are still very popular for evening wear, and some of the most elaborate are very open and fine and have small flowers embroidered on them in colored silks. They are very long, and are kept up by colored satin ribbon run in and out at the top and tied in a bow. The most elaborate of evening hose match the mittens in fineness and embroidery.

Ho! for the Seaside.

There is no use in our people going off down to Clatsop Beach when Yaquina Bay is so close, and such good accommodations can be found at the latter place. By consulting our advertising columns it will be seen that P. M. Abbey is still proprietor of that popular hotel—the Bay View House—at Yaquina Bay. We have stopped there, and if you will sit down and write anything about that house describing it as a perfect home for the boarder, neat, clean, well-kept and a place where a person can get the very best there is going to fill up with, we will sign it, and if need be we will go farther than Sherman would with Hancock—we will swear to it before a notorious public.

Wool Stealing.

Some thieves entered Monteith's wharf from the river front on Wednesday night of last week and stole two and a half sacks of wool belonging to Geo. F. Simpson and got away with it successfully. It is supposed that they lashed a couple of skiffs together, and putting the wool on them floated down the river. Mr. Simpson took a skiff and went down the river a day or two afterwards and heard of the thieves as far down as Eola, but below there lost all trace of them. It would not have been very healthy for them if he had caught up with them.

A Good Mercantile House.

A. B. McIlwain has only been in business here a year or two, and it is astonishing to see what an immense trade he has worked up in that time. To do this he must certainly have offered extraordinary inducements to farmers in the way of low prices. He receives new goods on every steamer and keeps his stock up so that you can always get at his place just what you want. This week he received a splendid lot of fine shoes from the East, and it would pay the ladies to go around and see them.

State Teacher's Association.

Salem, July 15, 1880.

Notice is hereby given that the State Teacher's Association is appointed to meet in Salem, Aug. 25, 1880, and to continue in session three days. Teachers and educators in all parts of the State are urgently invited to attend and participate in the deliberations and discussions of the Association, as matters of vital importance to our educational interests will be submitted for consideration. A programme of exercises will be prepared and published in due time. The usual arrangements will be made for half-fare rates on all the principal lines of trade for all who may attend the association. L. J. POWELL,
Supt. of Public Instruction.

Letter List.

The following is the list of letters remaining in the Post Office, Albany, Linn county, Oregon, July 22d, 1880. Persons calling for these letters must give the date on which they were advertised.

Clifton, Miss Emma — Cummings, B
Haggie, Mrs. Emma — Hulbert, John A
Johnson, Walter — Keeny, Mrs Mandy
Love, Wm

P. H. RAYMOND, P. M.

Another Convert.

Hon. Allen Parker, of Yaquina, is in the city. He is a member of the Legislature from Benton county, and will ever be found on the side of right and justice. The women may rely on his friendship and assistance when any measure for their relief comes before the House this fall.—[*New Northwest.*

You bet!

At the U. P. Church.

There will be no services at the U. P. Church in this city in the forenoon of next Sabbath, Dr. Irvine having accepted an invitation to deliver a sermon at Halsey on that day. In the evening Rev. A. M. Acheson, of Oakville, will preach.

To Threshing Machine Owners.

Now is the time to fix up your machines for the harvest. If the boxing is worn, call at this office and buy type metal to make the repairs. It is as good as the best quality of "Babbit," and will not cost more than half as much.

Brick for Sale.

By reference to an advertisement in another column it will be seen that B. W. Cundiff has burned a kiln of brick and is now ready to supply customers at low rates. His kiln is near the Masonic Cemetery west of the city.

Christian Association.

The subject next Sabbath evening will be Ecclesiastes, 8:10. On Wednesday evening, Romans 19:20-21.

Home and Abroad.

A good canvasser is wanted at this office.

Chew Jackson's Best Sweet Navy Tobacco.

Do you shave yourself? If you do you should call and see the "boss" razor kept for sale at the City Drug Store. Go and see them even if you don't want to buy.

Remember that you can get the DEMOCRAT and the *N. Y. Weekly World* for one year for only $3 25. This is a splendid opportunity to get two papers for the price of one.

Jubal may have been the inventor of the lyre, but his heirs have let the patent go unprotected and free for all, or the business of the politician would be entirely ruined.

The fifteen puzzle now is how Gradwohl can afford to sell half a dozen dinner plates and half a dozen cups and saucers for $1 10, and deliver them free in any part of the city.

The many friends of Mrs. Rachel Boggs will be glad to learn that she has returned to her old home near Tangent. She thinks Linn county is the best place in our State. We acknowledge a call from the lady.

At Gradwohl's cash store Golden C coffee sugar is worth 11; Rio coffee, 5 lbs to the $1; soap 75 cents per box; Mason's ½ gallon glass jars, $2 10 per dozen. All goods sold at correspondingly low figures for cash.

How are No. One's boys going to get to a fire when they have to start from their engine house in ten inches of loose gravel? It will be as bad as two feet of mud. Gravelling Second street to the gutter is foolishness.

During harvest farmers will have large parties of hands to feed, and if they need any table linen, toweling, table ware, etc., they should remember that Fox, Baum and Co. keep a splendid stock on hand and sell cheap.

For everything from a needle to a suit of clothing it will pay you to call on Fox, Baum and Co. They always pay the farmer more for his wool than any other firm in the city, and will sell goods cheaper than any one else can afford to.

Everybody who wants a knife will be interested in knowing that Furshay & Mason received a few days ago over $200 worth of the celebrated Sheffield cutlery from the houses of Rogers and Barnes. Don't fail to call and see their stock.

A great many of our citizens have wanted a cheap frame for cabinet size photographs, and now they can get them. Foshay & Mason have just received a large number of rustic frames of this size which they will sell at 25 cents each—if that isn't low enough in price, they will send and get some which they can give away and throw in a chromo "to boot."

Twine Binders.

We all thought the invention of wire binders a great achievement, but it did not exactly suit the American farmer—he wanted twine instead of wire because it was cheaper. Inventive genius was called in, and the result is that binding with twine is now a success, as the following special dispatch from Nashville, Illinois, to the Chicago *Tribune*, shows:

NASHVILLE, Ill., May 25.—The farmers of Washington county were treated to an exhibition this afternoon as unique as it was entertaining. It had been advertised that an exhibition of harvesting machinery would be given on the farm of Judge Aikens, where one machine would bind wheat with either wire or twine, and inviting competition by other wire or twine binders. Several hundred farmers were present, and two machines were exhibited in very heavy green wheat, viz: the Osborne Combined Twine and Wire Binder, and the Wood Twine Binder. The latter broke down on the first round, and was taken out of the field. The farmers were delighted with the excellent work of the Osborne, and highly praised the feature whereby either twine or wire can be used, as may be the cheapest.

As the invention was completed at such a late date it cannot be brought into requisition on this Coast until the harvest of 1881.

There is an advertisement in our columns to which we take much pleasure in referring our readers, because we believe in it and can conscientiously and heartily recommend it. We refer to Hall's Hair Renewer. We remember many cases in our midst of old and middle-aged people who formerly wore grey hair, or whose locks were thin and faded, but who now have presentable head pieces, and with no little pride announce to their friends that they haven't a grey hair in their heads. It is a pardonable pride, and the world would be better off if there was more of it, for when the aged make themselves attractive to others they are more more certain to win and retain the esteem and respect to which a burthen of well-spent years entitles them. Try Hall's Hair Renewer if age or disease has thinned or whitened your locks, and you will thank us for our advice.—Pan-Handle News, Wellsburg, W. Va.

We Challenge the World.

When we say we believe we have evidence to prove that Shiloh's Consumption Cure is decidedly the best Lung Medicine made, inasmuch as it will cure a common or Chronic Cough in one half the time, and relieve Asthma, Bronchitis, Whooping Cough, Croup, and show more cases of Consumption cured than all others. It will cure where they fail, it is pleasant to take, harmless to the youngest child and we guarantee what we say. Price, 10 cts, 50 cts, and $1.00. If your Lungs are sore, Chest or Back lame, use Shiloh's Porous Plaster. Sold by Foshay & Mason, Druggists, Albany, Oregon. n34

HOW TO SAVE MONEY.—Instead of going to a doctor for a prescription, if you have Bright's Disease, Diabetes, Pain in the Back and Loins, Smarting, Inflammation, Calculi, Brick-dust Deposit, or any trouble of the Kidneys or Bladder, buy a bottle of Dr. Mintie's Nephreticum, the great Buchu Compound. It is the most wonderful prescription for these troubles ever compounded. Messrs. Abrams & Carroll, wholesale druggists, say: "We regard Nephreticum as the best kidney and bladder remedy in the market." Woodard, druggist, Portland, Or., says: "Everybody speaks highly of it." Childs, druggist, Portland, Or., says: "Sold lots of it; it always does the work." Many have been cured of obstinate kidney complaints after the doctors have given them up. Price, $1.25. For sale by all druggists.

☞ A profuse and many times excessively offensive discharge from the nose, with "stopping up" of the nose at times, impairment of the sense of smell and taste, watering or weak eyes, impaired hearing, irregular appetite, pressure and pain over the eyes, and at times in the back of the head, cold feet, and a feeling of lassitude and debility, are symptoms which are common to catarrh, yet all of them are not present in every case. Dr. Sage's Catarrh Remedy cures catarrh in its worst forms and stages. It is pleasant to use, and contains no poisonous or caustic drugs. So sure a cure is it that its former proprietor offered for years in all the leading newspapers of the land a standing reward of $500 for a case it would not cure. Sold by druggists at 50 cents.

Coffins and Caskets.

Fred Dunning wishes us to inform our readers that he has just received a magnificent stock of coffins and caskets, and hereafter he will sell them at prices never before heard of in this community. To give some idea of the prices, he authorizes us to say that they will range from $3 up to $50, and for the latter price one will be furnished that has heretofore cost fully $75. He means business.

Fine Lumber for Sale.

Ike Conn has made arrangements with S. Nickerson to do all his planing, and a large stock of flooring, rustic, furnishing lumber, etc., will be kept on hand at the planer in Lebanon. Flooring and rustic will be sold at $20 and $21 per thousand, and other lumber in proportion. Our readers will remember that the lumber from Conn's mill cannot be excelled anywhere.

The Lebanon Railroad

is not built yet, and until it is our people will still have to use some other mode of conveyance. Fred Willert, of this city, has six or eight hacks and buggies which he will sell at very low prices and on reasonable terms. He also does all kinds of blacksmithing and wagon making and guarantees satisfaction.

Do You Want Lumber?

N. Price has 300,000 feet of fine fencing lumber for sale at his mill in Waterloo precinct and will deliver it on either side of the river. He also has about 200,000 feet of assorted lumber—finishing, flooring, etc. It will be sold cheap, and it will pay you to enquire their prices.

No Deception Used.

It is strange that so many people will continue to suffer day after day with Dyspepsia, Liver Complaint, Constipation, Sour Stomach, or General Debility when they can procure at our store Shiloh's Vitalizer, free of cost if it does not cure or relieve them. Price, 75 cts. Sold by Foshay & Mason, Druggists, Albany, Or.

THE OREGON KIDNEY TEA.

Read the following testimonials, not from persons 3,000 miles away, whom no one knows, but from well-known and trustworthy citizens of Oregon, whose names, written with their own hands, can be seen at our office:

Portland, Or., July 29, 1879.

My kidneys were in a very bad condition. The urine was like brick dust, and I suffered a great deal with my back. All remedies were unavailing until I tried the **Oregon Kidney Tea**, which gave me almost immediate relief.
H. HAMILTON.

Portland, Or., Aug. 2, 1879.

Having a severe backache last Winter I was induced to try the **Oregon Kidney Tea**. I found it very beneficial in its results. It is not more unpleasant to take than other tea. I would recommend it to those afflicted as I was.
JOHN P. FARMER.

THE AMERICAN PEOPLE.

No people in the world suffer so much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour Stomach, Heart-burn, Water-brash, Sick Headache, Costiveness, palpitation of the Heart, Liver Complaint, coming up of the food, low spirits, general debility, etc., yet since the introduction of GREEN'S AUGUST FLOWER we believe there is no case of Dyspepsia that cannot be immediately relieved. 30,000 dozen sold last year without one case of failure reported. Go to your druggists, Foshay & Mason, and get a sample bottle for 10 cents and try it. Two doses will relieve you. Regular size 75 cents.

A Complete Cure.

102 Bagg St., Detroit Mich., }
July 11, 1879. }

H. H. Warner & Co., Rochester, N. Y.—Gentlemen:—About five years since I was taken with an affliction of the liver, which gradually developed itself into chronic liver complaint. I tried numerous remedies without obtaining any relief, and I gave up all hope of ever being restored to sound health, when a friend recommended me to try Warner's Safe Kidney and Liver Cure. I procured it, and strange to relate, after using two bottles, felt my system undergoing a great change, which ended in a complete cure, and I have had no return of the disease since. Very respectfully yours, E. W. NEFF.

Impure Breath.

Among all the disagreeable consequences that follow the decay of the teeth, an impure breath must be the most mortifying and unpleasant to its possessor, and it is the most inexcusable and offensive in society; and yet the cause of it may be easily removed by cleansing your teeth daily with that justly popular dentifrice, Fragrant SOZODONT. It purifies and sweetens the breath, cools and refreshes the mouth, and gives a pearl-like appearance to the teeth. Gentlemen who indulge in smoking should cleanse their teeth with SOZODONT, as it removes all unpleasant odors of the weed. Ask your druggist for it.

White's Prairie Flower.

Taken before retiring, will insure a good night's rest, with an awakening in the rosy morn to health, courage and vigor. For coated tongue, bad breath, sick headache, or any disturbance arising from dyspepsia or torpid liver it is without a peer. Its action on disease is entirely different from any medicine ever introduced, quieting pains almost instantly. The hue and cry raised against it by patent medicine men, who have foreseen in its advent the destruction of their nefarious business, and the thousands of unsolicited testimonials flowing in from all parts of the New World, is a sure indication of its great merits. Trial size at all Drug Stores. Half pound bottles, 75 cents. **Foshay & Mason, Sole Agents.**

SIR ASTLEY COOPER'S VITAL RESTORATIVE—The great English remedy—has made more cures of Nervous Debility, Seminal Weakness, Lost Manhood, nocturnal emissions, lassitude, inability for mental labor, despondency and such diseases as are induced by youthful follies and excesses, than all other medicines combined. Why will you suffer? Send to A. E. Mintie, M. D., No. 11 Kearney street, San Francisco, for the Restorative and be cured. Price, $3 per bottle. Four times the quantity, $10. Try a bottle. Dr. Mintie treats all private diseases successfully.

Dyspepsia Cured.

ROCHESTER, N. Y., Oct. 5, 1879.

H. H. Warner & Co.—Gents:—I have for some time past been afflicted with dyspepsia, from which I could not obtain permanent relief, until I used your Safe Bitters and Pills; and since using them I have had no trouble from my former complaint, and I can now truly say that I am a well man. I am gratefully yours,

So brief and evanescent is the fame of beauty! To-day on the lips of all men and triumphant in the eyes of all; to-morrow forgotten as if she had not been. It is strange, but people are already ceasing to speak of Sara Bernhardt. Only one resource never fails. Mme. Rachel's Enamel Bloom is the sine qua non of perennial loveliness. For sale by all druggists.
