A Beautiful Country,

One day last week in company with John Rogers, Esq., we visited Soap Creek Station and Wells, on the West Side Railroad, and it being our first trip over there we wer surprised to see such a beautiful country. At Soap Creek Station quite a nice little village is being built up. Sam Cohen is there with a splendid stock of goods and is doing a good business. C. D. Simpson has put up a grain warehouse and is receiving a great deal owned by Mr. DeClarke, who also has another at Derry, and is doing well at both places. Geo. Weller is there, running a boarding house and soloon. They also have a blacksmith shop, two or three residences, and a depot building. The place is situated on very low ground and will have to be well drained before winter, or some of the houses will float off. The farming country around place should not make a thrifty town.

Leaving Soap Creek Station, we passed up this place Williamson & Miller have put up one of the best grain warehouses in the valthey will build a large addition to it. There is a wagon shop at this place, and a depot building was being put up while we were working together in harmony. The future there. They want a blacksmith there very of the order in this locality depends altobadly, and would give good patronage to any gether upon the management of its affairs. chandise. This will some day become a good cil should be very careful to use it judicioustrading point, as it is situated on high ground and right in the heart of some of the richest farms in the Sonn Creek country. After leaving there we went over to the residence of that hospitable old French gentleman, Mr. Dudley, and took dinner. Mr. Dudley has several hundred acres of the best of farming land, and no one in our valley is better fixed for comfortably enjoying the decline of life. We have always thought the Albany Prairie was the prettiest tract of farming land in the valley, but since our trip into the Soap Creek What Has Been Sold in Albany This Sen Creek country our opinion is changing.

Almost a Fatal Accident.

Yesterday morning the team! belonging neilk in this city, ran off and threw his little boy out and hurthim severely. It is supposed the team scared at the freight train at the crossing of First and Railroad streets and running down First for three blocks came up so suddenly against a large stomp that the value of \$42,420, and this does not include boy was thrown from the vehicle a distance plows, harrows, cultivators, etc. This ought of forty-fice feet, alighting on his back in the to incite capitalists to creek works here in road. A Registered Jersey.

Mr. H. C. Powell informs us that he has purchased of Jos. Maillaird, of San Rafael, Cal., a fine yearling Jersey calf, which will ere next week. It is a full blooded stock on every steamer arriving from San which leaves no doubt of its genealogy. It will be at the Line County Fair, where all see him importing pure stock.
