The building in which the Christmas tree was being unloaded at Monroe, Benton county, gave way, but caught on some lower timbers. The children were badly frightened, but no injury was done.

Portland ought to have a State University, a Reform School, or something of that kind. One of our citizens saw the following announcement on the front of a restaurant on First street in that city a few days ago: "Reis Snop ant Peans," meaning rice soup and beans

Real estate is said to be raising, and there is every prospect that it will keep on. In Portland it has gone up with a rush, and throughout the valley there is a perceptible change, so that it behooves those who are thinking of buying to strike while the iron is hot. Money invested in real estate either in the city or country is sure to bring in a big return within a very few years.

That fish story about the baby being thrown from the stage in the course of the runaway last Friday is not generally believed. It is doubted that one of our most sagacious merchants could have mistaken a fish for an infant, or that the Coroner could have so forgotten himself as to demand the right to sit on the dead carcass of a salmon. Yet there are those who insist on its truth.

The New Year has opened in very encouraging manner for Mr. C. B. Montague, Lebanon, and the prospects are good for a successful year. But notwithstanding this fact, he would like to have his old patrons remember that money is needed to keep up such an establishment as his, and he would ask those who have not responded to come forward and straighten up old scores.

There was a large attendance at the social at Mr. Thos. Monteiths, Wednesday evening. The music by the Ladies' Cornet Band was extra, while the short program was well received, particularly the duet by Mrs. Chmberlain and Mrs. Staiger. A good time was had by everydody present, young and old.

E W Langdon and Co., now offer the biggest and most complete stock of drugs, books and stationery to be found in the Willamette Vally. By combining the stock of the establishment of Saltmarsh and Langdon and Plummer they are enable to present a stock of goods rarely equalled. Their new establishment is being arranged with more than extra taste, and there is not the least doubt that they will soon take the lead in their business.

The entertainment to be given by the Y P C A, will take place about the 7th of February, and promises to be a fine affair. Each of the several societies in the city will be given about twenty minutes to be disposed of as they please, so that there will be no lack of diversity. The Holland Reading Club will present some readings by its best readers; the Blackstone Club will wax eloquent in a debate; the U. L. Society, o the College, will select its best talent to represent it; while the Y P C A, the Blue Ribbon Club, the W C T U, and perhaps others, will offer something good.

Mrs. Hale, wife of the late Rev. Hale, of the Baptist church died on Thursday of last week. The funeral services took place Saturday, and she was buried near Knox Butte, beside her husband on the same day.

The Salem *Statesman* says that "Dr. H. F. Adams will vaccinate any one that will call at his office for 50 cents." If there is much demand for vaccination down there the Doctor ought to do a large business, providing his cash premium doesn't give out.

Miss Mattie Hamilton, whom we mentioned as being one of the new teachers at the district school, was only employed for a few days to take charge of the school until the arrival of the new teacher. Miss H. expects to make teaching her profession, and we understand she gives promises of being a fine educator.

There was a genuine surprise party given Mr. and Mrs. D. P. Mason, last Monday evening. They had just moved into their new and elegant residence, which their friends in the Presbyterian church concluded should have a good warming, without any formality. They gave it one which will remain with it for a long time. Mr. Mason was at the store when his house was beseiged, and on being told that he was wanted at home immediately, he rushed up the street at double quck time, thinking some of his family was sick, but instead found a gay and hungry crowd waiting for him. A very pleasant evening was spent, and all went home awhile before midnight in high spirits.

Blackstone Debating Club.

At the meeting Tuesday night, which was attended by quite a number outside of the club, it was decided that the Indian bureau should not be transferred to the War Department. Nutting, L. Bilyeu, Skipworth, Smith, Clement, Chamberlain and Hackleman on the affirmative, and Messrs. Irvine, W R Bilyeu, Mattoon, Charlton, Wolverton, Hewitt and Flinn, on the negative.

Miss Adelia R. Luse, late of Philadelphia. who has been giving such successful entertainments in Portland and other cities, will deliver a sesies of readings at the M. E. Church, in Albany, on Friday evening, Feb'y 3, for the benefit of that church. Miss Luse according to various notices stands at the head of her profession. and in the rendition of popular pieces, as "Poe's Bells," etc., she has few equals and no superiors. The tickets will be put at the low price of 25 cts. A full program will be published in due time.

OREGON PACIFIC RAILROAD.

Surveyors Arrived at Albany—Will Commence Running Lines East Immediately —A Party Going Into the Mountains.

Yesterday about one o'clock a party of surveyors, numbering twenty-four arrived here from Corvallis and under charge of Engineers McMullan and Brown immediately begin surveying the route of the Oregon Pacific Railroad from this city eastward. Another party, under the direction of Mr. Piehl, will start for the Cascade mountains next week to look out a route to the other side. A large amount of supplies were purchased at Fox, Baum and Co's., and their appearance led us to believe that the surveying parties would fare well. We understand the gap between Corvallis and Albany will not be surveyed until it is determined where the bridge is to be located, which will be sometime soon. It looks more and more every day as if we were soon to have an opposition railroad.

Mr. V. H. Brown, a piano tuner of great skill, will arrive in this city about the 20th, of this month, on a business tour. He comes at the request of Mr. J. P. Thompson, whose health will not permit him to fill his appointments in Albany. Mr. Thompson endorses Mr. Brown in the following language:

On account of ill health I will not be able to meet my appointments, and I take pleasure in recommending to my customers Mr. V. H. Brown, of Portland, as a skillful and efficient tuner and regulator in all respects, who cannot fail to suit all who may favor him with their patronage.

D. P. THOMPSON

A Popular Resort.

Geo. Weller's old stand has been refitted and is now in the hands of Harry Waters, late of Astoria, who must have made himself very popular for the short time he has been in business which is proven by the following incident. A man from Southern Oregon, who had called at Waters establishment and probably get stuck after his liquors and his way of serving up, was passing up the railroad last Wednesday, and when the train stopped at the depot he paid Virgil Parker $3.50 to drive him down to Water's saloon and back before the train started, so that he could get a drink to suit him. That sounds like '49 prices for drinks, but Virgil Parker doesn,t at all object to such large fees.

The following program will be rendered at the meeting of the Blue Ribbon Club this evening, and is of such interest as to induce everybody to go, so that a full house may be expected.

A Fine Workman

We wish to direct the attention of our readers to the advertisement of Fred Willert. PATRONS OF HUSBANDRY.

Annual Meeting of the Linn County Business Council---Election of Officers--- A Grand Time.

Last Saturday, Jan. 7th, the Linn County Business Council, P of H, held its annual meeting, and about two hundred persons, comprising the most substantial farmers in our country, assembled at Lebanon to attend it. As their deliberations are not open for outsiders we can only give the list of officers elected for the ensuing year and some other matters of a public nature. The officers elected are as follows:

President—Joseph Powell.
Vice President—M Wilds.
Secretary—H C Powell.
Treasurer—S A Davison.
Trustees—A B Morris and David Smith.
Agent—Rob't A Irvine.

These gentlemen are all well known in this county and would add tone and strength to any organization which would place them at the head of its affairs.

One matter up for discussion was the last assessment of Linn county. It is a notorious fact, and this county is paying a great deal more than her just share of the State taxes. While the valuation of property in Marion county this last year increased 10 per cent over the year preceeding, and Multnomah increased 20 per cent, Linn increased 38 per cent. The Council finally concluded that it was the fault of the Assessor in valuing property, and the same committees appointed to propound certain question next spring. was instructed to interview the candidates for Assessor at the same time and ascertain what would be their course in case of their election.

The committee was also instructed to wait upon all candidates for Sheriff and Clerk, after the nominations are made in the spring, and ascertain if they will combine with other Clerks and Sheriffs for the purpose of preventing the reduction of fees in these two officers.

But the meeting did not consist altogether of talk. The sisters were there in full force, and the dinner they spread will be long remembered by those who had the good fortune to sit down to it.

This was one of the most pleasant meetings the Council has had, but in fact the interest in the proceedings seems to increase with each monthly meeting.

A Triple Runaway.

One of the most exciting runaways that ever occurred in our city was that of last Friday. There was a general appearance of drowsiness pervading everything that needed waking up. Three teams of horses dashing through the street at the same time had the desired effect, and soon our streets presented the lively appearance of a metropolis. The Corvallis stage had been driven up in front of the Revere House, and the driver, Fred Cooper, had gotten out, and was about to assist his only passenger, Miss Gore, of Junction City, out, when the horses started on a run, and dashed up First Street at full speed. Turning at Broadalbin they ran on the sidewalk in front of M. Hyde's fish store, scattering potatoes, cabbages and fish in every direction. Turning to the road again they succeeded in scaring both of R. D. Murray's, teams which were standing on each side of the street, and the whole three teams rushed up the street together, as if in a race. Observing something attractive in Joe Tyler's meat market, the stage made its way towards his side windows, the tongue striking directly beneath the window, and making a hole completely through. Of course there was a stand-still. The only injury done was the breaking of the tongue to the stage, and a decided scare to Miss Gore. In the meantime the two drays had turned down Washington Street, and were making a clean sweep of the trees in front of Mrs. Blain's residence, which impeded their progress so that they soon stopped, without a scratch or a break. This ended the affair.

Matrimonial.

Last Wednesday about 1 o'clock we received from the Albany postoffice a lette which contained the following invitation:

Mr. and Mrs. W. H. Stull request the pleasure of your presence at the marriage of their daughter Josie, to A. F. Wheeler, Wednesday afternoon, Jan. 11th, 1882, at one o'clock.
Sandy Hill, South Bend, Ind.

As we received the invitation precisely at the day and hour set for the ceremony we could not render additional attraction to the assemblage by being present ourselves, but, though absent in body, we were present in spirit, and had more pleasure than a little shaking Gus by the hand and jubilating generally over this consolidation of a part of Webfoot and Hosierdom. When Gus and his bride will arrive in this State we do not know, as he objected to some extent to mix with the kind of spirits we represented.

Knights of Pythias.

At a regular convention of Laurel Lodge No 7, Knights of Pythias, held Jan. 5th, the following officers were installed by Geo W Hochstedler, D D G C:

Leroy Edwards—G C
N J Henton—V G
C H Spencer—P
H J Clark—M of E
G W Hochstedler—M of F
Wm Webber, K of R and S
W B Scott—M at A
J S Clark—I G
W L Denny—O G

The hall was full of our "upper crust." Mr. E. R. Skipworth delivered the address, and the instrumental music was furnished by the Ladies Cornet Band, which excelled itself. After some miscelllaneous exercises consisting of singing by our leading vocalists, speech making, etc., many of these present adjourned to the Old Masonic Hall, where the light toe, fantastic or otherwise, was tripped for several hours. Those who preferred remained in the hall and enjoyed themselves socially.

Potatoes Wanted.

Those having good merchantile potatoes can get a good price for them now at Hoffman and Joseph's. They want to buy a large quantity.

Proclamation.

Phil Cohen makes the following proclamation to our readers:

To all Whom it May Concern:

All who are dissatisfied with their former places of trading, or who have no regular place of trading, will find it to their advantage to call on me and ascertain my prices before purchasing elsewhere. I claim that I can sell cheaper than any one else, and my reasons are as follows:

1st. I buy my goods direct from first hands.

2d. I carry on my business without the help of any one outside of my own family.

3d. I pay no percentage to any one "legging" or drumming for me. I do my own drumming, and give my customers the benefit of the percentage I thus save.

4th. I will also give more for produce than any other house on account of being able to dispose of the same to consumers direct, thereby saving 5 per cent commission.

This is no humbug. Come and price my goods and satisfy yourselves.

I subscibe myself, Your obedient servant.

PHIL COHEN.

Interesting Conversation.

"Hello, there!"

"Well, what's the matter now?"

"Why, look at those new blacksmith's in Frank Wood's old shop, opposite Dickey & Stimson's stable."

"Well, if that ain't Jim Gilmour and Ben Johnson at work in there! I guess I'll give them my work, for they are the best shoers in the country."

"That's so, and I guess I'll give them my work, too."

(Gilmour & Johnson)—That's right, gentleman. Give us a call. Work always done as ordered and at reasonable prices.

If you cannot read this print distinctly by lamp or gaslight in the evening at a distance of 10 inches, your eyesight is failing, no matter what your age, and your eyes need help. Your sight can be improved and preserved if properly corrected. It is a wrong idea that spectacles should be dispensed with as long as possible. If they assist the vision, use them. There is no danger of seeing too well so long as print is not magnified; it should look natural size, but plain and distinct. Don't fail to call and have your eyes tested

MAKING WATCHES

Defective Watch Cases are one of the chief causes of so many watches not being good time pieces. The cases being thin and not fitting well, admit, dust and dirt to the movement, which soon interferes with the running parts of the watch necessitating cleaning, repairing, &c., and the amount thus paid out if applied toward buying a good case in the beginning, would have saved all this trouble and expense. We have recently seen a case that meets all these requirements, it having been carried for over twenty years and still remains perfect. We refer to the JAS. BOSS' PATENT STIFFENED GOLD CASE, which has become one of the staple articles of the Jewelery trade, possessing as it does so many advantages over all other watch cases, being made of two heavy plates of solid gold over a plate of composition. and we advise all our readers to ask their Jeweler for a card or catalogue that will explain the manner in which they are made.

It is the only STIFFENED CASE made with two plate of gold, seamless pendants, and center, solid joints, crown pieces &c., all of which are covered by letters patent. Therefore buy no case before consulting a Jeweler who keeps the JAS. BOSS' PATENT STIFFENED GOLD CASE, that you may learn the difference between it and all imitations that claim to be equally as good.

For sale by all responsible Jewelers. Ask to see the warrant that accompanies each case, and don't be persuaded that any other make of case is as good.
