HOW WATCHES ARE MIDE.

It will be apparent to any one who will examine a solid gold watch, that aside from the necessary thickness for engraving and polishing, a large preportion of the precious metal used is seeded only to stiffen and hold the engraved portions in place, and supply the necessary solidity and strength. The surplus gold is actually needless ofar as utility and beauty are concorned. In James Boss' Patent Gold and appear in the above name Court and Watch Cases, this waste of precious the above entitled suit on file against you inv and strength produced at from one with the Clerk of said Court by the first third to one-half of the usual cost of adapted to the purpose, has two plates of solid gold soldered one on each side. The three are then passed between polished steel rollers, and the result is strip of keavy plated composition, from which the cases, backs, centres, bezels, etc., are cut and shaped by suiapply to the Court for the relief demand- table dies and formers. The gold in mit of all kinds of chasing, engraving and enamelling; the engraved cases

warranted by special certificate. For sale by all Jewelers. Ask for Illustrated Catalogue, and to see war-

lave been carried until wors perfectly

smooth by time and use without re-

moving the gold. This is the only case

made with two plates of solid gold and

RESCUED FROM DEATH. The following statement of Wm. J: tention of our readers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my flesh and appetite. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctor said I had a hole in my left lung as big as half a dollar. I expended over a bundred dollars en dectors and medicines. I was so far gone at one time a report went around that I was dead, I gave up hope, but a friend told me of DR. WM. HALL'S BAL-SAM FOR THE LUNGS. I laughed at curable, but I got a bottle to savify them. when to my surprise and gratification, I began to revive, and to day I feel in better spirits than I have the past three years. "I write this, hoping that you will pub lish it, so that every one afflic ed with diseased lungs will be induced to take Dr. Wm. Hail's Balsam for the Lungs, and be convinced that CONSUMPTION CAN BE

taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work." Sold by
