This week has been about the pleasantest so far this year. The Chinese are bound to stay, Chinese Ax-to-grind Arthur has said so; but they will not stay as long as Ed. Bollenger's customers stay by him at the Star Brewery. They know that they can depend on him for the best beer made, and so they go there in preference to any other place in the city. He has a reputation that extends through the Willamette Valley, and which has given him a splendid wholesale trade.
Excuses for absence at meetings of the fire companies have always been eye sores, and although sickness and absence from the city are the only excuses permitted, under most of their constitutions, some most ridiculous ones are presented at nearly every meeting. Last week an excuse in one of the companies was that the member had engaged the company of young lady from the bunch grass country to attend a public meeting before he knew about the drill, and of course had to stick to his engagement. He was fined.
The annual meeting of the Y. P. C. A. was held Saturday evening, when the new officers took their places; after which enthusiastic speeches were made by Messrs, Jackson Wadhams and Wakefield, who had come up from Portland, for the purpose of assisting in infusing more life into the organization. These gentlemen took charge of the two meetings on Sabbath afternoon and evening, the last of which was probably the biggest ever held in the Hall.
Last Friday night when the city slumbered in its innocence, Warm Spring Johnny, well known to our citizens, came into the city from his home on the banks of the Calapooia, and hunting up Marshall Denny and Constable Monteith, gave himself up, stating that he had shot a man out by the Cemetery. On going out there with him no indications of spilt blood could be found, no man shot, and everything seemed quiet and serene. As there was evidently a mistake in the matter somewhere, or if there had been any shooting done, nothing being ascertained as to the facts of it, Johnny was discharged next morning. Nothing has since been learned that is new in reference to it.

Mrs Parrish's Opening.

Probably the finest and at least one of the finest spring openings ever witnessed in Albany was that of Mrs. Parrish on Wednesday. Her new quarters tastily and handsomely arranged presented a magnificent appearance. Adjourned sine die

A Grand Display.

Mrs Powell opened up her stock of millinery last Wednesday, and consequently the ladies of this city have been enjoying themselves immensely. Her stock is very large and has been selected with her usual good taste, and the prices charged are very moderate. Her stock embraces all articles that are usually found in a city establishment, bonnets, hats, etc., of all sizes, shapes, colors and styles; trimmings, feathers, silks, etc.

Her sales have been heavy this week, but her stock is not run down by any means. Mrs. Powell wishes us to announce that her spring styles of Bazar patterns are now arriving, and all who want them should call early.

A New Invention.

Chas A. Curran, of this city, has just received a patent upon a fruit drier which just "knocks the persimmons," and every farmer will say so when they see it. He will commence the canvas of the county immediately for the sale of it, and will fill all orders in time to dry this season's fruit crop. By the way, Curran is also agent for the Singer sewing machine, and sells them on every hand. Try him once and see what a "dicker" you can get out of him.

SHERIDAN.

The old Masonic hall was completely full last Tuesday evening with an audience of our best citizens. So far as we learn everybody was satisfied with the performance, and seemed to think Sheridan an actor of no mean standing, which is in accordance with the reputation he possesses. The principal parts in Othello were acted, and Mr. Sheridan seemed to interpret the character of the Moor with intelligence, although not so effectively as it is by McCullough. He was well sustained, particularly by Mr. Chapman, as Iago. Cassio, though, evidently missed his calling, even if he has no ambition to be more than a Cassio. We think Sheridan is entitled to a place among the first of Shakespearean actors, and would not show off to poor advantage even beside Booth, at least in some parts.

In the miscellaneous part of the program Miss Annie Gleason was the favorite. She has a powerful soprano voice, of wonderful flexibility, which she controls with ease. She was encored twice, and shows her good sense in singing only simple pieces which all can appreciate. The entertainment was closed with a comedy, modernized so as to present some funny aspects. Mr. Sheridan showed off to splendid advantage as Citizen Sangfroid, which we have never seen excelled, and Chapman makes an excellent Clown, while Miss Davenport was good as Paulino

Wednesday night Sheridan gave another good entertainment to a fair audience.

Murder Will Out.

About two years ago a murder occurred in the northerly end of Clackamas county in which Mrs. Hagar, a respectable woman, had her head split open with an axe. The deed was done under peculiar circumstances and it was regarded as a cold-blooded atrocity. Great excitement was produced all over Clackamas county, and, in fact, the entire State, when the details of the bloody act were made known. The murder was committed for the sake of robbery, and among other things taken by the wretches, was a valuable gold watch chain. Three men were arrested and tried on suspicion of being implicated in the murder. They were named respectively Bernard, Fairchild and King. The two former were acquitted, but King was sent to State prison for life. There was a large majority of people who thought him innocent at the time, and still think so. Within a few days back some new facts have come to light in regard to the tragedy. A gold watch-chain has been identified as the one owned by Mrs. Hagar, is now in the possession of a young man at Oregon City to whom it was sold by Andy Sprowls. The latter was engaged as a wood chopper on John Meldrum's farm, and at the time was strongly suspected of having a hand in the murder. He has left for parts unknown.—*Statesman.*

Blue Ribbon Club.

A meeting of this club was held last Friday evening, and was well attended. The songs by the club, lead by Miss Jennie Clark, were excellent, Miss Lillie Robertson read a selection from Tom Sawyer, with good effect. Dr. Dillon's address was one of the most sensible, practical ones we have heard. P. H. Raymond sang a solo to the satisfaction of all, and Miss Genevieve George recited "From the Corner of Her Eye," in a very pleasant manner. Several new names were added to the pledge, and a resolution passed endorsing the action of the Common Council in raising the license and enforcing the ordinance.

Sabbe's the Bill.

"Hello, John, you sabbe chinese bill?"
"Me heap sabbe it."
"Well, what do you think about it,"
"Me think President Arthur is heap good man. He stick by chinaman heap long."

But he doesn't stand by them as well as C. B. Montague's customers stand by him. The people of Lebanon know they can depend on him, and Arthur can't on the chinamen.

Two dollars a vis it, when $1 will buy bottle of King of the Blood containing 40 doses or a dozen visits! It was the favorite prescription of a physician of 30 years experience.

CHINESE YELLS.

Hear the Chinese yells,
Hideous yells,
How they tingle, tingle, tingle,
With an awful jingle
That stuffs each single
Hearer of the yells.

And now the white man tells
How he sabes not the yells;
But the oily Celestial quells
Not the swelling of his yells,
Of his yells, yells, yells,
Of his never ceasing, never ending yells,

Oh, if Arthur could but smell
Could but smell
Them as they yell, yell, yell,
He would soon the nuisances tell
To remain in their Celestial- well,
Not to yell.

Yes, the narrow minded mule,
should be sent to some good school,
And learn not to be such a fool,
As to veto a sound rule,
Sound rule, rule, rule.
That would relieve us of a tool.

The Leading Milliner!

Mrs. Martin has secured the services of Mrs. Minnis McCoy, *nee* Johnson, as trimmer for the coming season in her millinery establishment. Comment on Mrs. McCoy's ability as a trimmer is unnecessary, as it is well-known that she cannot be surpassed. Mrs. Martin will have a much larger stock this season than ever before, comprising fine goods that will suit the taste of the most fastidious.

RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass, is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my flesh and appetite. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctor said I had a hole in my left lung as big as half a dollar. I expended over a hundred dollars on doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I began to feel better. My hope, once dead, began to revive, and to day I feel in better spirits than I have the past three years.

"I write this, hoping that you will publish it, so that every one afflicted with diseased lungs will be induced to take Dr. Wm. Hall's Balsam for the Lungs, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all the other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work." Sold by druggists. 1
