THE REAL MURDERERS in Ireland are the governing officers, the landlords, the sples, the soldiers, and the obscene brood of court hire. lings. Where is there a nation so ground to earth as freland has been for centuries, so crushed by the Moloch of landlordism, that can show so stainless a record as that people? For every tyrant executed by the oppressed one hundred thousand of the poor have been exiled, starved, slair. If such a vile system of elayery existed in any other country on the earth the people would rise in their might and exterminate their oppressors.
