THE New Sharon, (Lows,) Star traly alarmed at the very probable feat and consequent disbandment of the Republican party. It is of the opinion that there never was a time in the history of the Republican party when its cropper, the horse going dewn with through from St. Paul to San Francisco their present light, to their daty as tenure of power was so uncertain as Real wisdom in all things political, the most careful and judicious w ministration pertaining thereto, thinks, is manifestly essential. It clares, with a solemn conviction of truth of its statement upon its editor's mind, that leaders of the grand old par ty must now prove themselves worthy of the great trust, or the Republican

party must now go out of power. For the consolution of that editor, we would say that no man with the history of political parties in his mind and a knowledge of the character of the leaders of the Republican party would be so credulous as to believe that these leaders would be worthy of the trust which

they hotel. A DISTREMENS ACCIDENT.

A distressing and fatal accident occurred at Silverton, Thursday, at about 3 e'clock. The twin sons of J. M. Brown, aged about 6 years, had been left at a neighbor's while Mrs. Brown came to Salem to attend the tournsant. While playing, they found an old gon, and one of the lade accidently discharged it while handling it, and the contents of the piece entered the hady of the other, wounding him fataliv. A striking woman : A jolly old un-

cle has been relating some incidents of his early life to his nephew. "Of all the women you ever met, uncle," says boy, by your annt " replies the old -From the Franch.

GUTHAM GORNEY.

New York, May 22, 1883 Governor Cleveland has done the people at large a great service by th veloing of the Page savings ban him if it was correct, and he replied bill, which allowed these institutions to invest the money of their depos tors in securities and bonds other than what the law now permits. the Governor wisely puts it: must be conceded, I think, that absolute certainty attends the jud ment of men in relation to the matter of good recurities," Savings banks are places mainly for the working cluses to put away their l'ttle visions for a rainy day. At the law now goes these deposits are reasons bly sufe. Once open the doors, how ever to unlimited speculation on the part of of the banks - which is practi cally what the Page bill allowed, and the depositors would soon find themselves in the same tent with their brethren in France, who waw banque after banque go down in the ebb and flow of financial tide water. When the wreck has once been effected serves no purpose to word directors. and officers to prison, That does not bring back lost fortunes. And yet Governor Cleveland's enemies persist

practical statesmanship, and that he is bound to wreck the chances of the attention of the Patent Office offilive. A friend of mine, an ex-army appertaining to every branch of science lug, after the Army reunion, with a sold at private sales. There models copy of the Teibene in his hand, represented the failures along the road Pointing to the report of the feeligh of American inventions. Among them ties he pointed to the paragraph were the finite of many a workman's titles of Lieutenant, Major, and Gener- ment.
