HOME AND ABROAD.

Hot. Circum. F. M. French, Jeweler. Harvest is beginning. Read the advertisements. The price of hay, as usual, is high. Cool nights are what keep up our courage. Sherman's circus this afternoon and to night. T. W. Henders is being set up all over the county. A new flame is being placed in the ditch on Lyon street. The Chinamen have returned to their work on the O. P. R. R. The Exchange Hotel is being repaired and improved generally. 1000 door buttons, your choice 5 cents at Nolan's Cash Store. It is a bad plan for any show either to promote or follow a circus. Thompson & Co. have the largest stock of harness and saddles in the Valley. It will pay you to call and see the Faulstich Parlor Store at W. C. Tweedle's. Broadbalt street presents a business like look during the building of the sewer. The wool crop at least was not frozen out, although the price got pretty well nipped. C. W. Watts is rushing with business at his job office, having several good jobs on hand. We will take all the wool brought in on an subscription. If you haven't the wool bring cash. Don't forget that W. C. Tweedle is sole agent for the celebrated Medallion Cooking Range. Farmers should read the notice of the Albany Farmers' Company in another column. 15 yards Saratoga dress plaids for \$1.00, at Nolan's Cash Store, worth 12 1/2 cents per yard. The total earnings of the State Penitentiary for the quarter ending June 30th, were \$2,568.46. No law on the Statute books of the State deserves being abolished more than the divorce law. Our correspondents should take some of the hay seeds out of their hair and drop us a few lines. It is not true that a boy got lost in the dust near this city, so deep was that light bodied attire. The first bananas were seen in the city last Wednesday. They caused many a month to water. The game of ball played in Portland Sunday resulted in a victory for the Stars by a score of 5 to 4. For Sale—A Jersey bull calf, three months old, a splendid animal. For particulars call at this office. Remember that the great liquidation sale at Nolan's still goes on, no object as goods must be sold. The Whims entertainment was repeated Wednesday night to a fair house, to the satisfaction of nearly all. The valley during the week has been clothed in a shroud of smoke, filling the atmosphere with gloominess. The license at Astoria, W. T., was raised to \$500, and in consequence but one man took out a license. Johnny Burke, well known in this city was agent for the Whims Company, in the city Tuesday and Wednesday. Mr. I. G. Denny sold his residence on the corner of Ellsworth and Third streets, to Mr. J. A. Mady. Consideration, \$1000. The best groceries at Hoffman & Joseph's, as well as best drinks, consisting of soda water, lemonade, ice cream, pop beer, etc. The reason Dr. Hill was setting up the pop beer for the boys, last Friday was the arrival of a girl at his house the day before. Col. Howlett is the name of the new editor of the News. It is to be hoped he will show more ability than has yet been observed in that line. The small boy who attempts to crawl under the tent of Sherman's circus, will be greeted by a thousand pounder and is liable to lose his head. Green apples have been observed in stable quantities, but they look so lonesome this year that it nearly gives one the colic to look at them. The big boom in Portland is now subsiding and the reaction looking for is liable to take place. "To Rent" is now said to be seen in many places. The war on trade dollars will not affect the DEMOCRAT office. "All the same" though they will be received at par on subscription or advertising. Single buggy harness for \$18, and glow harness for \$24 at Thompson & Co's, saddles, whips, buggy robes, combs and brushes accordingly as cheap. A \$100,000 fire occurred in Portland last Tuesday evening, in which the Richmond House, the Nicolai House and the Grand Stables were burned. There is man in this city who has not drawn a breath that was not perfumed with whisky since the Fourth. Patriot is not the correct name for him. Our merchants will start for San Francisco in a short time to lay in their annual stock of goods. Get ready for some fine goods and first-class bargains. Some of the men employed by Mr. Crawford on the ditch struck for three dollars a day during the week, but their demands were refused and they quit work. A sheep breeder near Los Angeles, Cal., claimed to own 62 1/2 pound wool from a merino sheep, three years old. Never beaten in Linn County or the world. Read the address delivered before the Workmen of Scioto, published on our outside. We publish it at the request of many of the citizens of the Forks of the Santiam. Dr. Cole, recently of Brownsville has moved into the house on the corner of Broadbalt and Fourth streets in this city and will practice his profession here. A company of ten or forty went to Waterloo last Tuesday and remained over Wednesday. A most enjoyable time must have been had, as Waterloo is now in its glory. It is curious to note how small some men can be in order to get dead head tickets to a show. Many men had rather be dead heads than to be a boy with a stick of taffy. Allen & Martin keep constantly on hand an endless variety of confections. The "ever lasting," "unbreakable" and "corduroy," the three best corsets made, always in stock.

The run of salmon in the Columbia is very large, and canneries men are said to be happy. By the way why does not the contractor build that fish ladder at Oregon City. One of the stores in the Cheesha Block is being renovated and fixed up for a meat market, and we understand will be occupied by W. H. Hearn. The place now used by him will be taken possession of by Joe Tyler. Opened this week at Nolan's Cash Store, a fine line of harvesting goods, consisting of axes, jugs, blouses, working pants, gloves, goggles, buckskins and lacing. As usual, low prices will rule. We have some small little receipts for sale at this office. The price depends on the purchaser, and how long he has taken and paid for the DEMOCRAT. Terms \$2.50 in advance. People cannot be too careful of their property during the dry weather, fire catching very easily. For awhile the city offers \$5 for any team drawing any of the fire engines to a fire. The College opens in this city on the 11th of September, when a big attendance is looked for. It is expected that this term will be the most prosperous of any term in the history of the College. Patronize home industry by getting Fred Willert to build you a carriage or buggy that will last. There is no better wagon maker on the Coast, and he manufactures vehicles that can be depended upon to last. An enterprising merchant of Portland offered a prize to the person guessing nearest to the number of beans in a vessel. Only one person out of a hundred and twenty-five came anywhere near right. Go to the circus this (Friday) afternoon and evening. Sherman's circus is no doubt the best ever in the Northwest and it behooves everybody to be on hand at this time and see something worth seeing. Jas. Pipes leaves for Salem Monday where he has been offered an excellent position in the Salem Mills. He is a thorough miller, and is capable of filling any position. Money order offices have been established at the following places: Sammamish, Stayton, Mitchell, St. Helens and Hood River, Oregon; Ellensburg, Farmington, Snohomish and Sprague, W. T. The grouse, quail and pheasant began suffering last Monday. Poor things! but then nearly all of the Albany hunters have had their dogs poisoned, so that they do not take as much interest in them as formerly. Wm. Westfall, of this city was knocked senseless by a falling ladder, while at work on the Harrisburg bridge recently. He was taken to Harrisburg and received proper treatment. He will be all right in a short time. We are requested to announce that the Quarterly meeting of the M. E. Church will be held in this city at their church on next Saturday and Sabbath. Rev. I. D. Driver will be in attendance. All are invited to attend. Last Monday a stuffed owl was expressed from this city East, it having recently attracted the attention of a lady stopping at two or three in this city, who was anxious to secure it. May it reach its journey's end right. After his engagement in this state Raymond Holmes will go to New York City, where he has an engagement to play Whims in one of the theaters in that city. He is a first-class comedian, and deserves to be successful. Assessor Doster, who has been over the county lately states that in nearly all localities wheat looks well and is filling out in good shape, except, of course the late sown. He thinks we will have a three-fourth crop at least. The Catalogue of the Agricultural College at Corvallis has been received. It shows the College to be in a prosperous condition. The management for the coming year is excellent and insures its continued progress. Harry Lorraine, who formerly lived in this city and raised pianos, tuning tuned up in the city last week, being connected with the Great Eastern Master Amusement Enterprise. Harry boasts of being a hearty Good Templar. We hear much complaint of water overflowing the banks of the ditch near the depot. About an acre of ground is covered with standing water which will soon produce much sickness if not drained off and the overflow remedied. J. Gradwohl has his goods all moved into the old Fox Barn & Co. store, one of the best locations in the city. His goods show off to splendid advantage, and one can now see what a large assortment of first-class goods he has on hand. A Chinaman working at a certain place in this city, had the nozzle of a hose in his hand turned toward his body, when a young man without any warning put on the water, wetting the Chinaman in a bad manner. "Belly wet," he said. Last Friday, J. W. Chapman, of Scio, brought us a fine specimen of Bombay seed which shows a fine grain and good condition this year. More money is being raised this fall for seed than in raising wheat. There is a good market for it at Salem. A drunken man attracted considerable attention on the street Tuesday evening, by his songs and rail fence actions, but his face showed three squares in his face, cooled him off slightly, and he was soon out of the way, having taken somebody's advice and gone west. S. E. Young has brought on a large variety of the celebrated Butterick patterns, the oldest, most reliable and best to be found, probably no pattern being more than this. This is a want long needed supplying in Albany, as heretofore our citizens have had to send to Portland for them. Mr. Young has them now arranged in a case, so that any pattern can be easily obtained. The report of the Superintendent of Public Instruction showing the number of school children in Oregon entitled to draw school money has been filed with the State Treasurer. According to the report the increase in school children during the last year has been over 4,000, the total amounting to over 99,000. This at least indicates that our schools have been from out. The first of the week while Mr. Winfield Churchill was driving a mow in a field near this city, the horses became frightened, and running, threw Mr. Churchill violently from the mow, and landed him on one of his legs, the shock dislocating it in a bad manner. Messrs Hill & Irvine were called and of course it was well attended to. He is now doing well. Mr. Charles Simpson, of this city, just received the sad tidings of the death of his father and mother, at their home in Merigold, Placer County, Nova Scotia, the birth place of Mr. Simpson. They died about a month apart, his father at the advanced age of 87, and his mother at the age of 77. Both were said to be consistent Christians and members of the church. The road bed of the O. & C. R. R. is now graded to Albany, putting the track in good condition. The new steel rails are now laid to Salem, and also from Roseburg south. When the whole track is made up of these rails, it will be a splendid road to travel on and there is no reason why the aged should not be increased ten miles an hour, making it at least thirty miles an hour. For years Mrs. Lydia E. Pinkham has been contending with the terrible hydra known as disease, with what surprising success many who were in the serpent's coils will testify. Often has the powerless victim been snatched from the open jaws of the destroyer. In smiling the heads of this monster Mrs. Pinkham's Vegetable Compound has been efficacious than the processes of potential and actual cures. General Sherman, accompanied by Chief Justice Waite and associate Justice Grey, will come to Oregon sometime in August. The General is welcomed as a candidate for the Presidency, so everybody should take a look at him, although there is not the ghost of a chance of his reaching the uneasy chair, now occupied by accident Arthur. Attention is called to the important notice of the Albany Farmers' Co., in another column, a matter deserving of the consideration of every farmer in the county. It will be seen that the company agree to pay the same price as the millers of the city, including premium. Read it and observe the liberal propositions contained in the notice. A gentleman from Lane county says the wheat crop in that county will be at least 75 per cent of the best crop the county ever had. When the crop of this county is harvested the same will be found to be true. Some men seem to have a great habit of looking on the dark side of everything. They not only injure themselves but their community generally. One of the young ladies with soiled characters, who attracted some attention in the city last Tuesday, is said to have been a respected student at Willamette University last term. She went to Portland to learn the dress-making trade and there fell into that pit, out of which few ever get. Her parents and kindred to be well off and highly respected people. The viper who will assist in dragging such a one down to disgrace is below any common punishment. We clip the following from the Prineville News. As it seems to be an innocent joke on some one we publish it: "A young man in Linn county went to the Clerks office and procured a license to marry three thousand dollars and a big fat gal the next day. Anticipating a happy future, he took a drink, and one drink followed another until he got so drunk that he could not come to time. The girl backed out and would not settle his whisky bill. Was that a slip between the cup and the lip?" Last Saturday, 57 cords of wood near the railroad track, being about 24 feet from it, about two miles east of the city, the property of Nimrod Price and Charles Wolverson, was totally destroyed by fire. Sparks from the morning freight train caught in the stable and dry brush and soon spread to the wood. After it was completely rained the further progress of the fire was stopped by some chinamen working near by. Mr. J. Coulter, architect, of Salem came up on the train last Tuesday evening for the purpose of making a personal examination of the Baptist Church building which is to be repaired and put in good condition for use. Mr. Coulter will prepare plans and specifications for the work and the building will be commenced immediately. Part of the brick foundation will be removed and the timber laid down. A lecture and Sabbath school room will be built adjoining the main building. It is currently reported as a Salem paper that the Penitentiary switch will be extended to a junction with the narrow gauge railroad, in time to enable farmers who live along the line of the latter road, to ship their crops to Salem. And to prevent re-shipment at the junction of the two roads, a third rail will be laid into Salem. We hope the report is true, as it will benefit the farmers, railroad company and the business men of Salem. It is also reported that the Lebanon branch of the O. & C. R. R. will be turned into a narrow gauge at an early date. If that is done the train men of the evening express will shout glory hallelujah. A splendid Magazine. The Magazine of American History for July is excellent in every particular. The conclusion of Mrs. Lamb's series of articles, "Wall Street in History," is superbly illustrated, the establishment of delightfully readable and entertaining as it is informing. "Cannibalism in North America," by Rev. Charles F. Thwing, the second article, will surprise and interest innumerable readers. "The Republic of Texas," by Captain Potter, U. S. A., is well written and entertaining. Joel Bentz contributes a charmingly romantic essay, entitled "An Unpublished Chapter Book." The Hon. George Bancroft, an interesting document concerning "Virginia in the Revolution of 1859" appreciative tribute to Peter Cooper follows—whose portrait graces the first page of the Magazine; and "Charlestown's Appreciation of Her Early History," form a rich table of contents. Publication of No. 30 Lafayette Place, New York City. Call at Fosbury & Mason's and get a copy. Miscellaneous. East Portland is to have a steam engine. Ralph M. Dement has been appointed City Attorney at Portland, W. S. Chapman, Sawyer, and A. P. Sears, Superintendent of Streets. Smoking is fashionable, even the forests do it. All the members of the Matadon Entertainment troupe were Good Templars. The lawyers at Newport had about their first case the other day. At least three Knight Templars from Albany will attend the great Masonic convocation at San Francisco next month. The necessity of a good public hall is seen every day in Albany. Grouse are being killed in good quantities. We have not seen any yet. More wood will be received at this office on subscription. The DEMOCRAT and the Louisville Courier Journal, at \$1.50 a paper, for \$3.50. Subscribe for them. Wm. H. Watkins, former Supt. of the State Penitentiary, has been appointed and confirmed Chief Police of Portland. A telegraphic strike. Yesterday at 12 o'clock noon all the telegraph operators in the East left their machines and struck for higher wages, and at nine o'clock on this Coast the operators at Portland, San Francisco, Sacramento, Los Angeles, and several other places did the same. The strike is so general and universal that it is thought the Associations will be compelled to concede to the demands. They certainly should for the wages operators get in most places are a starvation wage small for the amount of labor they perform.

Social and Personal. J. E. Sorbin, has been in Portland part of the week. Jas. H. Foster and wife are spending a few weeks at the Bay. Mr. McConnell and wife are spending the summer at the Bay. Virgil Parker, wife and children, have been visiting at the Bay. Mrs. Maggie McAfee, of Salem, is visiting with her sister, Mrs. W. B. Barr. Sidney Dorris, of Lafayette is working in the job office of C. W. Watts. Mrs. Dr. Masten, of Cheney, W. T., has been visiting in this city lately. C. H. Hewitt, of Portland was in the city the first of the week on business. Mr. Dave Burkhardt left Monday for Southern California, on a prospecting tour. F. M. Westfall, W. B. Scott and wife, and W. R. Blain, leave today for the Bay. Mrs. S. E. Young and son, Percie, left last week for a visit of two weeks at Seattle. Mr. Frank Kenton, the accommodating Deputy Postmaster, is enroute at Yaguna Bay. Mrs. J. B. Wyatt has returned from California to Portland, and Mr. Wyatt will soon follow. The families of Robt. Conn, Ellis Knox and Capt. Shields started Yaguna Bayward last Monday. Rev. J. C. Baker, of Salem, occupied the Congregational pulpit in this city last Sabbath evening. Mrs. Chas. Keller and family returned after a several weeks visit in Southern Oregon last Friday. Wm. Pfeiffer is in Prineville, having gone there with Mr. John Schmeer. He will return in a few days. Mr. P. H. Raymond has been in the city lately. It is his sort of "nat'l" to see him assisting at the Post Office. Rev. T. B. White and daughter, were in the city the first of the week and Rev. White did not forget to call on the DEMOCRAT. Mr. John Settle, one of Linn county's substantial farmers called on us last Monday. We wish there were more men by the name of Settle. Mr. Joseph Purdon, the good natured and active Sheriff of Douglas county, passed through the city last Tuesday on his way to Portland. Sig. Weinshenk, a commercial tourist from San Francisco, and withal, a genial fellow was in the city Wednesday, in the interest of cats and dogs. Last Monday Mr. I. G. Denny and wife left for Kansas, where their parents reside, with the intention of remaining at least a year and perhaps longer. Mr. Chas. Leighton, editor of the Okaloosa, (Iowa) Herald passed through the city last Monday. The DEMOCRAT has exchanged with the Herald for years and knows of the ability of its editor. Mr. L. L. Samuel, of the First Shore was in the city Tuesday. He was on his way to Southern Oregon with a corps of artists for the purpose of illustrating the country along the O. & C. R. R. in that of the state. Hon. H. H. Gillett, disbursing clerk in the Senate of the United States arrived at Portland last Monday night by steamer. He is just from Washington City. Henry has many warm personal friends in Oregon who will give him a hearty welcome back to his own state. A good entertainment deserves to be well patronized. Whims is a good entertainment, but Tuesday night at Y. P. C. A. hall, it was greeted with a poor house, taking in probably not enough to pay expenses. Under such circumstances it is not human nature for an actor to do his best. Yet he said to the credit of Mr. Holmes that he never forgot himself, although some of his support did. He is more than an ordinary comedian, and he has many warm personal friends in Oregon who will give him a hearty welcome back to his own state. Whims. A good entertainment deserves to be well patronized. Whims is a good entertainment, but Tuesday night at Y. P. C. Yet he said to the credit of Mr. Holmes that he never forgot himself, although some of his support did. He is more than an ordinary comedian, and he has many warm personal friends in Oregon who will give him a hearty welcome back to his own state. Whims. A good entertainment deserves to be well patronized. Whims is a good entertainment, but Tuesday night at Y. P. C. A. hall, it was greeted with a poor house, taking in probably not enough to pay expenses. Under such circumstances it is not human nature for an actor to do his best. Yet he said to the credit of Mr. Holmes that he never forgot himself, although some of his support did.
