W. C. T. U. Mrs. M. C. Leavitt, Supt. of W. T. U. work on the Pacific Coast, will commence work in Oregon, April 1st. Mrs. Leavitt comes to us having already won many laurels as an elegant lecturer and an earnest christian worker, both in her eastern home and also in California. Much of her life has been given to the cause of education, and she brings into the lecture fields a scholarly

and intelligent mind. Miss Willard says of her, "Few workers have brought into our ranks so much ability and culture, qualities that commend themselves alike to the conservative and progressive classes of society, so that she commands success wherever she goes." She visits Oregon hoping to strengthen the unions already organized, to enlist all good women in the work of the W. C. T. U. and in every possible way to promote the cause of temperance among us. Like Miss Willard, she comes with a woman's heart consecrated to the great work she has undertaken. We earnestly desire that she may have a thoroughly successful campaign which shall bring to us a hundred-fold more strength. We look to the christian people; to pastors of churches, and to all earnest temperance workers to give her their fullest aid and sympathy. We feel confident she will receive not only a royal welcome but a hearty cooperation in all her work. MRS. LEAVITT'S APPOINTMENTS.

with throat and lung diseases, and should be taken in all cases without delay. "In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AVER'S CHERRY PROTORAL, which relieved my langs, induced sleep, and afforded me the rest necessary

saved my darling's life. Can you wonder at "I have used AVER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried.

A. J. CRANE."

Lake Crystal, Minn., March 13, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease i not already beyond the control of medicine.
