Perfect Combination with two Salient Advantages-Why it Concerns ou. "There is no mistake about it," remarked Dr M F Flowers, of Garlatin, Missours, "Benson's Capcine Porous Plasters are one of the neatest combinations ever produced. They have two kinds of advantages over all others, which we may call the mino and the major. First, they are clean and pleasant to use, never soiling the hands nor the linen of the wearer. Second, they are quickly and powerfully. I have tried the captine Plaster on myself for pn umonia, and oh my patients for various diseases, such as neuralgia, muscular, thousatism, lumbago, kidney trouble, etc., and in all cases relief has followed in
