HERE AT LAST. After Long and Weary Walting Relief Brought to Those who Need it. "Well Pat," suid an Orange county Physician to a "Well Pat," suid an Orange county Physician to a complaining Irish patient some years ago, "for that pain in your chest you had better go heme and put on a mustard plaster. I can't think this minute of anything better. And by the way," added the doctor turning to a friend, "I wish somebody would invent a real good plaster—something actually helpful for such cases as Pat's. Maybe they will sometime, when its too late for me to use it." When BENSON'S CAPCINE POROUS PLASTER

was placed on the market about ten years ago the

ctor's hope became a fact. Because of the

medical virtues inherent in it, its rapid action and sureresults, the Capcine is fast displacing the slow-acting plasters of former days, for all affectious to which a plaster is ever applicable. Price 25 cents. In the middle of the genuine is cut the word CAP-OVER Seabury & Johnson, Chemists, New York.
