CONDIT---CLARK WEDDING.

Wednesday morning at 9:30 o'clock Pro-Elbert N. Condit, President of the Alban Cellegiate Institue, and Miss Jonnie Clark one of Albany's most estimable young ladies, were united in marriage at the Presbyterian church, in this city. The services were con ducted by Rev I H Condit, assisted by Rev S G Irvine. Beautiful flowers neatly and tastily arranged, made the place of marriage very attractive, fit emblems of the ceremony. The bride was dressed in nun veiling, trimmed in satin, with orange blossoms and veil, and received deserved com pliments for her fine appearance. Mrs Maggie Powell played the wedding march, while Messrs, James Charlton, Walter Turrell, O H Irvine and George Foster acted as ushers. The church was full of friends who wished to see this most important act in the life of young people performed, all having good wishes for long life with its best blessings, We extend hearty congratulations. The bride and groom after a wedding tour will return to Albany, when they will begin keep ing louse on Washington street.

The first of the week we received the following extra from the Disseminator of Harrisburg :

Monday, July 21st, 1884. Broken with unspeakable grief, we send our pathway has been brightened by the most amiable, dutiful and affectionate daughter that ever lived; to-day death claimed her, and the sun has lost its brilliancy for the 21st, 1884, at 1:30 p. m., Minnie O. Mr and Mrs Train have the universa sympathy of all in this terrible affliction, the extent of which only a parent can appreciate. They have lost an accomplished, loving daughter, the memory of whom not even a life time can efface.

The Albany DEMOCRAT in a recent issue said that it had been informed that Lane county hop growers were going to employ Chinamen this year justead of white persons and Indians. That is a mistake. By a letter received by J W Blain, or last Monday it was learned for the first time that among the passengers who went down with the ill-fated Florida, in menths ago, was John Hutchinson, once of Albany. Portland is decidedly dull, if the word of many of her business men is to be taken as authority; at the same time considerable think matters are simply at par. Her boom was too much for her, and so is her reaction, Very little real estate is changing hands, and comparatively a small amount of building. Many look gloomy ; yet we have great confidence in Portland's prosperity, and if a greater effort were made to produce steady growth and less of booming, it would work much more to Portland's advantage. East Pertland is bound to become a large city in time; but her prespects hardly justify laying out lots two miles from the Willamette. Several good store buildings are going up.

Among the old Albany people now located in Portland are Charley Plummer in the wholesale drug business, Drs J T Tate and Charles Templeton, in the dental business, Messrs. Pottinger and Cass Humphrey, on the Oregonian, Col. Gig Hawkins with Mc-Coy, the printer, and several others.
