

NATIONAL DEMOCRATIC TICKET.

- For President, GROVER CLEVELAND of New York. For Vice President, THOMAS A. HENDRICKS of Indiana. For Presidential Electors, A. C. JONES of Douglas county, L. B. ISON of Baker county, W. D. FENTON of Yamhill county.

The recently repaired bridge across Cedar river, at Renton, fell under the weight of a band of cattle which were passing over it last Saturday.

If the engines, passenger and freight cars of the United States were placed in line they would reach 5400 miles or form one solid train from New York to San Francisco, with lateral trains reaching from Chicago to St. Paul, to New Orleans and Washington D. C.

It has been telegraphed over the country and published in all the Republican papers that Henry Waterson of the Louisville Courier-Journal had investigated the Blaine scandal and pronounced the whole thing false.

It is thought in Tacoma and not denied by railroad officials that the withdrawal of the train from Seattle was done to forestall the hop crop, a part of which would have gone to Seattle and thence to San Francisco by steamer.

The store of C. Magruder at Central Point Jackson county, was robbed last Thursday night in a cheery sort of a way. As near as we can learn the store was approached by parties with a wagon which tried to haul the whole business off.

Suppose the charges against Cleveland's moral character be true. Suppose the charges against Blaine, that he sold out his official influence for private gain, be true, (and Blaine has not denied it), then would it not be infinitely better and safer to have Cleveland for president than Blaine? Cleveland's public record is above reproach.

An exchange says that Beecher and other divines sent Gen. King to Buffalo to investigate the charges against Cleveland, and that gentleman made full and exhaustive research into the whole matter and reported that the evidence showed that Cleveland had, about eight years ago, irregular relations with a woman in that city, but that all charges of seduction, kidnapping or cruelty were absolutely false, and without any foundation in fact.

The Brooklyn Eagle says: "Will the Hon. George F. Edmunds support the Star-route ticket. This is an interesting question. Four years ago, when he and his honored friend, the noble Thurman, of Ohio, were struggling for the rights of the people against the Pacific railroad conspirators, he wrote to an old acquaintance in Burlington, Vt., a letter in which these words are to be found: 'It is my deliberate opinion that Mr. Blaine acts as the attorney of Jay Gould. Whenever Mr. Thurman and I have settled upon legislation to bring the Pacific railroads to terms of equity with the Government, up has jumped Mr. James G. Blaine, musket in hand, from behind the breastwork of Gould's lobby, to fire in our face.'"

When the bill posters for Cole's circus came to this place they put up one bill showing the tattooed woman, with the words 'Tattooed by the Natives' just over the head of the tattooed woman. About two weeks ago W. H. Warner, the great patent medicine man, had some bill posters putting up large bills to advertise his medicine. Now Warner is an ardent Blaine man, and a crank wishal, as is seen by his having a large portrait of Blaine upon one of his bills.

My Dear Mr. Fisher.—Find enclosed contracts to parties named in my letter yesterday. The remaining contracts will be completed as rapidly as possible, as circumstances will permit. I enclose you part of the Congressional Globe of April 7th, containing the point to which I referred at some length in my previous letter of to-day.

DO YOU! Our contemporary, the Herald, is very much exercised over the personal character of the candidate whom democrats will vote for President, and insists that the private conduct and acts of an individual are a part of his record. Very well, we are more than willing that Cleveland and Blaine should both be judged by their private and public conduct during the whole course of their lives.

We would ask our contemporary to read the following letters written by Mr. Blaine and then tell us how he likes Mr. Blaine's public record. What can be thought of that portion of the first letter wherein the "Major" says "I do not feel that I shall prove a dead head in the enterprise if I once embark in it. I see various channels in which I know I can be useful."

August, June 29, 1869. My Dear Mr. Fisher.—I thank you for the article from Mr. Lewis. It is good in itself and will do good. He writes like a man of intelligence and comprehension.

My Dear Mr. Fisher.—You ask me if I am satisfied with your offer you made of a share in your new railroad enterprise. Of course I am more than satisfied with the terms of the offer. I think it a most liberal proposition. If I hesitated at all, it is from consideration in no way connected with the character of the offer.

Mr. Fisher, Indis street, Boston. My Dear Mr. Fisher.—You ask me if I am satisfied with your offer you made of a share in your new railroad enterprise. Of course I am more than satisfied with the terms of the offer. I think it a most liberal proposition. If I hesitated at all, it is from consideration in no way connected with the character of the offer.

My Dear Mr. Fisher.—I spoke to you a short time ago about a point of interest to your railroad company that had occurred at the last session of Congress. It was on the last night of the session when the bill renouncing the land grant to the State of Arkansas for the Little Rock road was reached, and Julian of Indiana, chairman of the public lands committee, and by right entitled to the floor, attempted to put up on the bill, as an amendment, the Fremont El Paso scheme—a scheme probably well known to Mr. Caldwell.

I enclose you part of the Congressional Globe of April 7th, containing the point to which I referred at some length in my previous letter of to-day. You will find it of interest to read it over and see what a narrow escape your bill had on the last night of the session.

CLEVELAND CLEVELERS. Rev. Dr. Goodwin, a leading clergyman of Quincy, Ill., writes to the Christian Advocate: "The prohibitionists have put a full state ticket in the field, and they will support the prohibition ticket made at Pittsburg."

E. L. Jones writes from the village of Kirkwood, N. Y.: There are 60 Irish voters in this town, and not one will vote for Blaine or Butler, but all are for Cleveland. There are 14 Republicans who will vote for St. John and five who will vote for Cleveland.

Mr. Dewitt J. Soligman, son of Jesse Soligman, the great New York banker, has sent in his resignation as a member of the New York republican county committee. He says: "As a life-long republican, I deem it my duty toward my country to aid in defeating Mr. Blaine. For this reason I shall join the independent Republicans, and in order to occupy a consistent position, I herewith beg to tender my resignation as a member of the republican county committee."

Col. Vilas is thought by many Wisconsin democrats to be stronger outside the state than within it. Congressman Deuster is more likely to be the nominee for governor. He would draw nearly the solid German vote. There is no German paper in Milwaukee supporting Blaine & Logan.

Mr. Herman Raster, editor of the Chicago Staats-Zeitung, Rep., says in an interview concerning the political situation: "Three-fourths of the German republicans in Illinois will vote for Cleveland and Harrison. They will vote for the Democratic candidates rather than for Blaine and Oglesby. Capt. Bauhaus, a former resident of this city, and a staunch Republican, tells me that he stands nearly alone in Kansas. He says that from 90 to 95 per cent. of the Germans in that state who formerly voted the Republican ticket will vote for Cleveland."

From the Freeman's Journal. By some devilry we have not fathomed, the story that has gone over the country that the New York Freeman's Journal is going, directly or indirectly, to support the Republican ticket of Blaine and Logan. Any thing more preposterous were hard to imagine.

The looked for break in the colored ranks has taken place. A large meeting was held at Cincinnati Ohio Aug. 11 and 134 members were enrolled. Speeches were made by Peter H. Clark, Samuel J. Lewis, John Robinson and others. Logan's Record as a slave catcher was shown up. Gov. Moody was eulogized for his efforts in behalf of colored men's rights, Blaine was denounced and Cleveland and Hendricks were endorsed. There was much enthusiasm.

Republicans at Terre Haute Ind. are alarmed at the evidences of fresh secession from their ranks. The Banner, their only German paper, has come out squarely for Cleveland and says it will also work for the success of the democratic state and Congressional tickets. Daniel Hirtzel, a leading German of the county, has notified the republican county committee that he declines the nomination for commissioner.

WAR War has finally been opened up between France and China. France insisted on an indemnity of 50,000,000 francs from China as compensation for some trivial infraction of her rights? China refused and war is the result. China will evidently get the worst of the row, but she can lose a few million celestials and not miss them.

It will be difficult to make the farmer believe this fall when he has to sell his wheat at fifty cents per bushel that the duty of twenty cents per bushel is of any benefit to him, though some of them were made to believe it last spring by Mr. Hermann when canvassing for Congress.

Like an old Creaky Window Shutter. That is the way a man's rheumatic joints sometimes are. Hinges old, rusty, and worn and badly need oiling. The trouble is in the blood. A man who is of any account is worth repairing. The repairing can be done by means of Brown's Iron Bitters. That enriches and purifies the blood, drives out the pains and works complete restoration. Thousands testify to it from happy experience. Mr. G. H. Huntley, 618 North Sixteenth st., St. Louis, says, "I used Brown's Iron Bitters for rheumatism, general debility and prostration, with the best result."

WATERLOO ITEMS. Waterloo, Or., Aug. 16, '84. Waterloo wears rather a dull appearance at the present, owing to this being the very busiest time of the year; but it is not altogether dead yet; and there is quite a number of campers here and several boarders from Albany, Corvallis and various places.

Mr. Gross has erected a fine canvas covering for the soda springs, which makes a most pleasant. He has also put up a grocery store, and is doing good business.

A number of our citizens anticipate going hop picking at the Pattee yard near Lebanon.

Frankie Carns and Addie Gross returned last week from Albany and Halsey where they have been visiting.

Mr. Andy Permitt, of Dayton, is visiting friends in this locality.

MAUD MULLER. Julius Gradwohl has fitted up the buildings next north of the DEMOCRAT office and has moved his agricultural implements and other things he may be found at all times ready to supply purchasers with anything in his line on terms that will satisfy all.
