A Terrible Cough Cured,

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangn-lation. One of the family suggested the use of Aykn's Cherry Pectoral, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the Cherry Pectoral had saved my darling's life. DEAR UNION SIGNAL :- I wish every white ribbon woman could share my joy to-day. I have just returned from a two weeks' tour in Illinois, Ohio and New York, and in crossing the Mississippi river, our eastern boundary, I said to my husband, "Let us go into Administorator's Notice of Appointthe dining car and see whether prohibition prohibits on the line of the Chicago & North Western railroad."

We had eaten on the car in Illinois and had seen wine bottles in tempting display. The sable waiter showed his ivories, and in answer to my inquiries ed, the office of Weatherford & Blackburn he said,"You'll see in a minute, ma'am, And sure enough, soon an employe of the road came aboard the train and into the car, locked the wine closet took the key, sealed the door with the tin seal such as is used on express sackages. On leaving the car he said, open it next Tuesday, five days, on its return to cross the river and through Illinois to Chicago.
