Of late yours there has been a great revival of interest in the early history of the Colonies which now form the United States of America, and many incidents relating to the lives of the primitive settlers have been brought to light and given to the perusal of those who at one time were content to remem ber only that Sir Walter Raleigh planted the first of these Colonies, in Virginia, and that the "Pilgrim Fathers" landed at Plymouth Rock. The trials to be faced by those who made new homes, so far from their native land proved these ploneers to have had stout hearts, for not only were they divided by an ocean from the countries whence they might hope to recruit their scant numbers and draw supplies, but als they had to brave the dangers of the climate and the formida'sle hostility of crafty, treacherons savages. Many sought refuge on these shores from the intolerable burdens laid upon them in their own country by political or religious enemies, and some came to escape

If we turn to the pages of an ol book entitled "Travels in Western America," by Capt. Bossu, Chavalier a ;o, preferring banishment and hardships of a new settlement, along with peace of mind, to the gilded misery she had endured at the Russian Court. The Prince of Wolfenbuttle had two daughters. The oldest married the Emperor Charles VI, the younger, the Czarowitz Alexis, son of Peter the Great a brutal barbarian. This accomplished. charming and gentle woman made every effort to win the regard of her ferocious, wicked husband, but mot with no repoison her, and her life was only saved Peter the Great was far away, studying day, when they were walking in which he might raise his empire pearer to the level of the civilization of the
