THE BEST

Hair restorative in the world is Hall's Hair Renewer. It cures all diseases of the scalp, and stimulates the hair glands to heathful action. It stops the falling of the hair; prevents its turning gray; cures hallness, and restores youthful color and freshness of appearance to heads airendy white with age. The following are a few to a training of what is done by trations of what is done by

HALL'S Yegetable Sicilian AIR RENEWER:

reaching, N. Y., after a severe attack of Erreaching, N. Y., after a severe attack of Erreaching in the head, found her bair-already a falling of so rapidly that she soon became baki. One bottle of Hall's Hall Riswan brought it back as soft, brown and en Mn. Keslino, an old farmer, near War-e, Ind., had servedly any bair left, and what he there was of it had become nearly white. or bottle of Hatt's Hatt RENEWER stopped of dling out, and gave bon a thick, luxuriant all of lule, as brown and fresh as he ever had. er Man. A. T. Wall, Greenfield, Cheshire, the writes! "I have found the greatest bent troop the use of Hall's Hain Renewer, it ving restored foy hair, which was rapily fall-OF DR. ENIL BEIP, Detroit, Mich., certifica hair grawing, and gives back the natural color to fined and gray hair."

82- Mas. S. E. ELLIOTT, Glenville, W. Pa., untured my hair to its matural, youthful color." composition of HALL'S HAIR RENEWER, and it is not a dye. Its vegetable ingredients render it in the highest degree bengfield to the scalp as a preventive of disease. Its effects are natural and lasting, and it does not make the hair dry and brashy, like the so-called restoratives compounded with alcohol.

Buckingham's Dye FOR THE WHISKERS Is, in four respects, superior to all others, 1st-It will produce a rich, natural color, brown or black, as desired.

2d-The color so produced is permanent, cannot be washed off, and will not soil anything with which it comes in contact. 3d-It is a single preparation, and more convenient of application than any other hair or whisker dye. 4th-It contains no deleterious ingre-dients, as do many preparations offered for like use. PREPARED BY

RIDAY .....JUNE 4, 1886

Towards Virginia. RICHMOND, VA., May 15th, 1886. I left you at Piat, driving in to the night. Ten or eleven o'clock some of the passengers have, or are arranging to go on a search for morpheus. A goodly number, ance indicates solid husiness, Irri. to all appearance, seem not to have encoun- gating ditches are seen everywhere, tered any difficulty in their search ; but this which would indicate an elaborate unaccustomed traveler is doomed to a different for tune. Morpheus is no where to be found, though diligently sought, the try certainly is in great need of much seeking urged on by the inspiration of great | water. The country is without timdesire. What is wanted. Conductor. Ticket. ber, excepting on the streams. The Inwardly whispering, I have been long in amount on these streams is by no search, for at least a little slumber, and now just in front of day, when the wearled nerve centers had exhausted their power of resistance, sweet sleep had dropped its delicate April 29th. My arrival at this point drapery around us you insinuate your un- seemed to have been anticipated, for welcome presence and frighten away the I had no sconer arrived than a grand rest giving guest. Sol, the mighty King is serenade began. Such fire works. throwing his advancing cohorts into the Indeed they were very imposing. No injurious substances enter into the very front, right and left flank of Apolyon, or the dark king, and see how quickly he yields his victims, and begins a hasty retreat. not help being a little startled at the Oh! look here. (out on the platform). frequent flashes, especially when the What river is this? Conductor. This is cannonading would set in. For the Snake River, the bridge over said river, and cannonading set in, you may depend these are the American Falls. Yes, I saw upon it. And right lively it was Whereon we have gotten into the frigid the hills. No inhabitants in sight. A few enjoy his situation much to speak of, appear unobserved. A small station passed such demonstrations. The train was and on to Pocatello the junction of the Oregon Short Line and Utah Northern, There ing to Ogden branches off. A light snow fell along here. The country is exceedingly mountainous, with a good deal of snow west, to the south, to every point of the junction of the Union Pacific. From here pear, but they looked very badly. As compass it seems. Granger is reached, the

> RICHMOND, Va., May 18th, '86. It was a little before dark when we drove into the town of Green River. The road drags between sev- country residences begin to dot the en and eight hundred feet in three miles of distance, decidedly the steepest grade on the whole line. The town is situated on the south bank p-pulation of twenty-five thousand. of Green River. It has several hundred inhabitants. The business seems to consist mainly of the railroad and its shops. An exceedingly forbidding looking country is all that could be seen from the town, consisting of rugged barren hills. I was informed that the country was well adapted to grazing, and was wholly used for that purpose. I could not ascertain definitely whether we crossed the river at this point when we crossed the to the night. Our train at this place lar, the mird tretful, the memory weak was considerably enlarged, and hence on d, sometimes a slight cough, cold during the night, I su-pect it is the sight, depressed spirite, bad breath, same as that passed for hundreds of feeling of having left something unmiles, for the light of the morning done. Take Simm as Liver Regularen wastes, snow and a country abso- and make you well. lutely devoid of habitations as far as views from the train could discover, on the O P stop for passengers and freight and devoid of everything else that Yaquins, Mill No. 4. Toledo, Siding No. 1, would be necessary to make a county | Nashville, Sommit, Road Crossing, Harris, desirable to live in.

The only life visible was the few jack rabbits and sage rats. Several stations are passed, where a good many people seem to be living, but as to the source of their livelihood is more than I know, for though the hills are fewer and lower, yet the country, as far as the eye can reach, is a vast desolation. About nine torial style, so as to be in keeping with the o'clock we reach Laramie city. New tall ceilings and carved oaks of his reception imagine my amazement on reaching men that adorn his study walls." In other At D. W. Prentise's, Portland, Or this city with a population of four words that he has the "bighead" bad. thousand. A driving, rushing and evidently an enterprising people. The city is solidly built. Many of the houses are simply elegant. Stone and brick is largely used, for most of the buildings are of these materials. But where does the business come from to support such a city. Only a few ranches are to be seen. There are no signs of agriculture anywhere to be seen. Twenty or thirty minutes for breakfist and we are in motion again, pulled by two engines. Now the search fr the summit of the Rocky Mountains begins. The curves, cuts, fills and snow sheds are numerous. The grade is steep. We pass many snow banks. Uocle Sam's backbone is just ahead a short distance. Sherman station and a fine monument to James and cakes Ames, and seasoned lumber, laths and killed by Indians, marks the summit. Here we drap one of our engines. Down the mountain we slart. Whew, shortest notice Use only best don't we fly. Here we move out of

miles on to Cheyenne, a fine town.

Here I saw the first plowing sines

leaving Oregon: A city of several thousand inhabitants, with evidently a fine business.

State and May 19th. From Cheyenne by the way of Denver, the road runs due south through t'e best country I have seen since leaving our own beautiful Willamette. Farm houses, fields and fences, frequent towns, whose appear. system of water supply. The counmeans equal to the demand. We reached Denverabout 5 p. m. Friday, But I will tell you privately, I could zone. Look yonder at the snow. There is the fire display that, putting the two frost and ice. Plenty of snow near by on together, this Oregon traveler did not hungry looking stock that seem to be an- He cherishes the hope that Denver ticipating the grass and do not intend to will permit him to return without in readiness about 8 p. m., and the is considerable town here. Aside from the "all abpard" sent all the passengers railroad business, there does not seem to be to their places. The whistling, the any employment for the people. A half bell ringing, the spirting of steam, the hours stay and the significant words, "all rolling of wheels, the moving out tohorse, head, back, hoof and tail of iron, wards Kansas City, and how we go. sniffs the cool mountain air, all tremulous Now don't we fly? And now will not with the vibrations of his own voice, takes night bring sleep? It is much needthe bits between his monstrous jaws, and ed. But the screaming, the rosring, away he dashes at very break neck speed the jerking continues to frighten it bearing to the south, up what I will call neary almost entirely. I am com-Willow Creek, to the station called Fossii.

Certainly appropriately named, for there were on exhibition quite a numble of fossiiized fish in the stone, most perfect in their formation, ranging in price from fifty cents.
