TEMPERANCE DEPARTMENT.

The W. C. T. U. meets on the las and 3rd Tuerday of each month at 3 o'clock P. M., at the A. O. U. W. Hall.

The open meeting of the "Y's" held on Tuesday evening last at Mr. Robertson's was well atterded, about thirty being present. After the devotional exercises the evening was given up to games and music, and passed all too quickly for the interested young people. Crokinole is a fascinating game and as soon as the players become expert, we are to have a match game. These open meetings are to be made both interesting and instructive to all who may desire to engage in temperance and christian work.

LYING ABOUT PROBERTION IN ATLAN-

The Conflict, of Atlanta, Ga., denounces the systematic lying about the results of prohibition in that city low the withdrawal of the needle ; but in letters sent out by "literary vagaonds,"who make a precarious living by writing letters for newspapers in the skin of a dead person will remain the interest of the doggery business

"People at a distance not knowing the character of these men write to us for an explanation of their statements. We have explained until we are tired of it. If we should attempt to keep up with these falsehood mougers we should have no time for any other work. The man who is mean ough to write iles about a good cause, and receive pay for them, knows that he has nothing to lose by being convicted of lying. DYSPEPSIA.

Sedentary habits, mental worry, nervous excitement, excess or imprudence in eating or drinking, and various other causes, induce Constipation followed by general derangement of the liver, kidneys, and stomach, in which the disorder of each organ increases the infirmity of the others.

The immediate results are Loss of Appetite, Naussa, Foul Breath, Heartburn, Flatulence, Dizziness, Sick Headaches, failure of physical and mental vigor, distressing sense of weight and fullness in the stomach, and increased Costiveness, all of which are known under one head as Dyspepsia.

In every instance where this disease does not originate from scrofulous taint in the blood, Ayra's Phils may be confidently relied upon to effect a cure. Those cases relied upon to effect a cure. Those cases not amenable to the curative influence of AYER'S PILLS alone will certainly yield if the PILLS are aided by the powerful blood-purifying properties of AYER'S SARSAPARILL.

Dyspepties should know that the longer treatment of their malady is postponed, the more difficult of cure it becomes. Ayer's Pills Never full to relieve the bowels and promote their healthful and regular action, and thus core Dyspepsia. Temporary palliatives all do permanent farm. The fitful activity into which the enfectled stomach is spurred by "bitters," and alcoholic stimulants, is inevitably followed by reaction that leaves the promy weaker. reaction that leaves the organ weaker

TAKE == SIMMONS LIVER REGULATOR For all Diseases of the

Liver, Eidneys, Stomach and Spleen.

This purely vegetable pre-paration, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, there-fore, the best preparatory medicine, whatever the sick-ness may prove to be. In all common diseases it will, un-assisted by any other medi-cine, effect a speedy cure.

The Regulator is safe to administer in any sondition of the system, and under no circumstances can it do harm. It will invisorate like a plate of wise, but is no intoxicating beverage to lead to intemperance; will promote digestion, dasalpate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undeshed.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give rehef. If taken occasionally by pa-tients exposed to MALARIA, will expel the poison and protect them from attack.

A PRYSICIAN'S OPINION. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Siamons Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weak-ening) the digestive and assimilative powers of the system.
