

Kansas has passed a law extending the right of suffrage to women in municipal elections.

Down in Texas a certain kind of Republican is called a "mugworm," which is supposed to be simply an expurgated mugwump.

Gov. Hill, as a Presidential possibility, seems to be capturing even the Butler men, who have become tired of roaming around in outer darkness.

A teacher in Michigan has broken up his school. He introduced kissing the big girls as a punishment for misbehavior, and soon had them so that there was a riot all the time.

In the Fifteenth Congress Mr. Riddleberger of Virginia will hold the balance of power in the Senate. The Republicans will then find him to be an eminently well-favored and proper man.

Senator-elect Turpie's credentials have been signed by the Republican Secretary of State for Indiana—another notice to Senator Harrison and his friends that their jig is practically up.

Some folks seem to think Congress is a big organized charity association for the encouragement of mendacity, and that the President is the head of a sin-cure employment bureau.

When you see something in a window that cannot by any possibility be of any use on anybody's figure, that can't keep anything warm or fit anywhere, you may know it is a portion of a woman's costume.

Cassius M. Clay is trumpeting Kentucky into a foam in his gubernatorial canvass. The old man is braver itself, and the Kentucky Democrats would better call him pretty quick.

The high tariff papers are with one accord howling about what they call "the infamous internal revenue system." They want to give the country free tobacco and liquor in order to perpetuate the infamous tariff on the necessities of life.

Just before this country declared war against Great Britain in 1812, there was much talk about our weakness on the ocean, and John Randolph, of Roanoke, in a speech in Congress, condensed popular feeling on the subject by shouting: "What is the mammoth of the American forests to plunge into the sea in a mad contest with the shark!" The mammoth plunged and the shark soon reported for repairs under a flag of truce.

The old man looks back on the days of his life and views his mistakes in the light of experience. Why cannot the young man just starting out in life take advantage of the experience of the old man and steer clear of the rocks and shoals upon which the old man so often foundered? Let the young man shun the follies and vanities of the day, and contract those habits and follow steadfastly in those paths that lead to success. Young men, think seriously of these things.

The New York Tribune, which has been unceasingly and unrelentingly bitter against all Democrats since the defeat of Blaine, making all kinds of slanderous accusations, was used by one of these abused Democrats some time since. The trial was had the other day, and Cameron, the abused Democrat, recovered judgment for \$9,250. The judgment was a righteous one, and will very likely have a very mollifying and salutary effect upon the vindictive nature of the Tribune editor.

President Cleveland is determined to put the Republican Senate to the test on the color question. Sometime last spring he appointed Matthews, of New York, a colored man, to be register of deeds for the District of Columbia. At the beginning of this Congress he re-nominated him, but the Republicans in the Senate in a bold vote rejected him. Some of these Senators declared that a negro who was a Democrat was a monster, and Ingalls declared that no negro had a right to be a Democrat. Now the President has nominated James M. Trotter, a colored man of Massachusetts, for this position, and Republican Senators will have another opportunity to show their real prejudice.

TEN AMENDMENTS. There are three amendments to the constitution, which will be submitted to the voters of the State on the 8th of November next: 1. One changing the date of regular elections from June to November. 2. One empowering the Legislature to regulate the salaries of State Officers. 3. The prohibitory amendment.

LEBANON CANAL. Our enterprising neighbor, Lebanon, seems to accept the proverb, "God helps him who helps himself," as true. They are taking right hold in a manly, independent way to build a canal to this city to supply water for manufacturing and other purposes. This shows the right spirit and we wish those who engage in this enterprise abundant success.

NEW SENATOR. The West Virginia Legislature adjourned without electing a Senator. The Governor has appointed D. B. Luns, one of the kicking Democrats who refused to vote for Mr. Camden, the Democratic caucus nominee.

THE MOST SENSIBLE.

Not long since Congress passed an act appropriating \$10,000 to enable the commissioner of agriculture to make a special distribution of seeds in drought-stricken counties in Texas. The President, with great good sense, vetoed the bill, and gave as a reason that he found no warrant in the constitution to justify such a measure. After saying that the fact of the drought was undisputed, he continues: "And yet I feel obliged to withhold my approval of the plan, as proposed by this bill, to indulge a benevolent and charitable sentiment through an appropriation of public funds for that purpose. I can find no warrant for such an appropriation in the constitution, and I do not believe that the power and duty of the general government ought to be extended to the relief of individual suffering, which is in no manner properly related to public service or benefit. The prevalent tendency to disregard the limited mission of this power and duty should, I think, be steadfastly resisted, to the end that a lesson should be constantly enforced that though the people support the government the government should not support the people. The friendliness and charity of our countrymen can always be relied upon to relieve their fellow citizens in misfortune. This has been repeatedly and quite lately demonstrated. Federal aid in such cases encourages expectations of paternal care on the part of the government, and weakens the sturdiness of our national character, while it prevents indulgence among our people of that kindly sentiment and conduct which strengthens the bonds of common brotherhood."

These manly words should be indelibly impressed upon the minds of every lover of our constitutional system of government. There will be some squawks from some small seven-by-nine Republican organs about states rights, but their imbecile wails will be heard but a few feet from the pen that writes the words.

APPOINTMENT.

The following is the appointment of members to the Legislature as finally passed at the late session. It will be seen to be very unjust to Lebanon county, though we are glad to see Catson, Muldrow, Umstilla, Crook and other counties get their representation:

SENATORS. Marion, two; Linn, two; Lane, two; Douglas, one; Coos, one; Jackson, one; Johnson, one; Linn, one; Polk, one; Umstilla, one; Chickamauga, one; Washington, one; Chickamauga and Marion, one; Meigs, one; Clatsop, one; Washington, Columbia and Tillamook, one; Wasco, one; Wasco and Gilliam, one; Umstilla, one; Umstilla and Union, one; Union, one; Baker, one; Grant and Morrow, one.

REPRESENTATIVES. Marion, five; Linn, three; Lane, three; Douglas, three; Coos, one; Jackson, one; Johnson, one; Linn, one; Polk, two; Yamhill, two; Yamhill and Tillamook, one; Chickamauga, three; Muldrow, one; Washington, three; Clatsop, two; Columbia, one; Wasco, two; Gilliam, one; Morrow, one; Umstilla, three; Union, three; Baker, two; Grant, one; Klamath and Lake, one; Crook, one.

The Legislature of West Virginia has adopted a resolution submitting a prohibitory amendment to the people of that State, at the regular election in 1888. Michigan votes on prohibition on the 2nd of next month. The Legislatures of Tennessee, Texas and Pennsylvania have also passed resolutions to submit prohibition amendments to the people.

The New York Sun and San Francisco Examiner are hounding Wm. T. Coleman, of San Francisco, as the Democratic candidate for President. He has often been offered office by the Democrats of California, but uniformly declined. He is said to possess business integrity and ability to a very large degree.

It is a matter of much satisfaction that the best and truest Republican and Democratic newspapers in the land heartily approve the President's veto message of the dependent pension bill. It presages a return to correct principles in government. Ours were never intended as a paternal government.

G. P. McCool, formerly of the Weston Leader, will commence on the 4th of March, at East Portland, the publication of a weekly paper, to be called the Packet. It will be independent of politics and devoted to the interest of that city.

Thomas M. Joseph, Grand Treasurer of the Grand Lodge of L. O. O. F., of Texas, is defaulting in the sum of \$23,185. Grand Master Gibbs says he will prosecute him until the doors of the penitentiary close upon him.

Rufus Boddgett, Democrat, was elected to the United States Senate, by the New Jersey Legislature, last Wednesday, to succeed Sewell, Republican.

A contemporary asks: "Does it pay to be honest?" We would suggest to our contemporary to put the question to a practical test by trying it.

Henri Watterson, of the Courier Journal, says Hill, of New York, will be the Democratic candidate for President in 1892.

Yequia Bay will receive \$70,000 in the harbor and river appropriation bill.

CORRESPONDENCE

Peoria. The bill given at Peoria on the 22nd inst. by Mr. Zigler was a grand success, under the excellent management of Prof. Gibson, there being present 73 couples, coming from Corvallis, Sheild, Halsey and Harrisburg respectively. Music for the occasion was furnished by the Myers and Carter orchestra. Dancing was carried on until about 12, when supper was announced, and all sat down to a sumptuous repast, after which dancing was resumed and continued until daylight.

The Rev. G. Bayne was favored with a large congregation last Sabbath, and we think the citizens of Peoria fortunate in presenting such an able speaker. He will hold services again in two weeks.

The wife of Jos. Lahn is lying very low with lung fever at her home near Peoria. Peoria is enlivening. The O. P. R. R. has been a great help here, enabling us to successfully compete with Sheild and Halsey in the matter of shipping grain. What is generally from three to four cents higher here than at the above mentioned places.

The Peoria Brass Band will give a musical entertainment at the Hall next Monday eve. Admission free. Miss Emma Johnson is visiting in Peoria. We understand that Jas. Haight has rented the Kenison property in Peoria, and will move to town.

F. Clingman has gone to Eugene on business. Sheridan Smith is stopping in Sheild. David Gibson is going to start a barber shop in Peoria, and we wish him success in his new undertaking. F. L. Bayne is visiting his mother in Albany.

Johnny Creswe is the guest of Major Johnson. The Peoria ferry boat has been found. There are some complaints in this neighborhood about dogs killing sheep. We are informed that Greg. Catefer and John McBride are going to build a warehouse in Peoria this coming summer. They are both energetic men, and what they undertake will be sure to succeed.

GRIND STONE. Lebanon. Miss Mary Montague, Miss Flora Mason and Miss George Albay, spent Saturday and Sunday in Lebanon. Last Monday Frank Reynolds died quite suddenly. Although he had been ailing for some time, no one thought him dangerously sick, and everybody was quite shocked to hear of his death. He was 20 years old, and leaves a widowed mother and several younger brothers and sisters to mourn his loss.

Tuesday eve a number of the friends of Mr. and Mrs. F. M. Miller went in and surprised them. A good time was had, and at a late hour they wended their way home. The social given last Tuesday evening by the Ladies Aid Society was well patronized. The gross receipts were \$42. To make their socials more enjoyable hereafter, we would suggest a larger hall.

Rev. Woolley is holding a protracted meeting at Seia. Last Friday Mr. and Mrs. G. T. Cotton buried a little 9 months old girl. Brain trouble was the cause of its death. M. A. Miller has moved his drugs into the room in the brick block, and will be glad to receive calls. Walt Peterson has moved his jewelry goods into the room lately occupied by M. A. Miller.

What True Herit Will Do. The unprecedented sale of Boschoe's German Syrup within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It is an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still on the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the disease make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the U. S. and Prices, 75 cts., large bottles.

Wood is reported to be \$12 a cord at Heper, and hay \$30 a ton at Halley. New Remedy by a Prominent Physician. "No other remedy within my knowledge can fill its place. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectually move the liver to action and at the same time aid (instead of weakening) the digestive powers of the system."—L. M. Hinton, M. D., Washington, Ark.

7000 rabbit traps were recently sent from Harney Valley to Canyon City and a total bounty of \$350 paid on them. Good Results in Every Case. D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by the use of a few bottles. Since which time he has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery. Trial bottles free at Foshay & Mason's Drug Store.

THEODORE H. THAYER, of Bourne, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Foshay & Mason, agents, \$1.0000 to Loan. On from one to three years time, on good security, in sums of \$500 up. Call on CLINE, MONTREITH & Co.

SLEEPLESS NIGHTS, made miserable by that horrid cough. Shiloh's Cure is the remedy for you.

Montgomery.

The weather prophets have all "frozen up," except one.—He should be hung as a lunatic. Our Post Master has been duly sworn in and installed, and has all things in readiness, but the mail route has not been granted the Narrow Gauge Railroad. What he wants now is some cheap boy who will carry the mail from Harrisburg, a special route, for two-thirds the income of the office. (The route has been established.—Ed.)

The winter term of school closed last Friday. The teacher, Miss Robertson, gave entire satisfaction. Joel Hinton has about recovered from an attack of quinsy. Mrs. Dora Pierce is lying quite low at her home. Mr. Lane Putnam, Mr. and Mrs. Byers, of Brownsville, came up last week to attend the funeral of Mr. James Pierce.

Our neighboring city, Harrisburg, is being besieged by a pious man, who claims to be an Advent. He has succeeded in changing the day of "rest" with some, who now keep Saturday holy, and do quilting and grind sausage on Sunday. He teaches that the "end" is high at hand—which is hinged on the probability of war—"therefore sell all you have and give to the Lord." He doesn't drink coffee, eat pork, but takes cream, lamb chop, leaving skim milk for the butter. The question with many is, how long shall he be tolerated?

An End to Bone Scraping. Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Buckley's Arnica Salve, and my leg is now sound and well." Electric Bitters are sold at fifty cents a bottle, and Buckley's Arnica Salve at 25c. per box by Foshay & Mason.

Scrofulous, Inherited and Contagious Humors Cured by Cuticura. THROUGH the medium of one of your books received through Mr. Frank T. Wray, Druggist, Apollo, Pa., I became acquainted with your Cuticura Remedies, and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning in connection with erysipelas that I have ever seen, and this after having been pronounced incurable by some of the best physicians in our country. I take great pleasure in forwarding you this testimonial, unadorned as it is by you, in order that other sufferers from similar maladies may be encouraged to give your Cuticura Remedies a trial. J. A trial of your Cuticura Remedies cured me, and was perfectly cured." Sworn to before U. S. Com. J. D. Cassard.
