

The fund for Mrs. Logan now amounts to a trifle over \$64,000.

No man who lives by his daily wages can afford to throw up a job until he has secured another.

It is reported that President Cleveland and Governor Hill will be companions in the Adirondacks this summer.

'Boycott all boycotts' is Mr. Powderly's advice. Level-headed workmen should heed this admonition.

While most of the states of the Union are looking forward hopefully to the approaching dissolution of their Legislatures, Virginia is to be afflicted with an extra session. Poor Virginia!

From the report of the Director of the Mint it appears that the production of gold during 1886 was \$35,000,000, and exceeded that of any previous year since 1880. The production of silver was \$49,895,930.

If it should appear that the President allowed the river and harbor bill to fail because he is opposed to appropriations for such purposes, he will have cooked his own political goose before the presidential campaign opens.

At the next regular State election held in this State there will be a new county office to fill in this and several other counties, i. e., the office of County Recorder, whose duties will be to record all instruments of writing now recorded by the County Clerk.

Thomas W. Osborn, well-known citizen of Jefferson county, W. V., died last week. He was one of the twelve jurymen who tried John Brown in 1859. He is the third member of that jury who has died within the past six months, the two others being Isaac Newton and Jacob J. Miller. There is but one man living who was on the jury that found John Brown guilty, Wm. Rightstine, of Shepherdstown.

The Oregonian has kindly prepared and formulated the issues for the next presidential campaign. It fixes up a plank in favor of protective tariff and liberal appropriations for rivers and harbors for the Republicans, and one for the Democrats opposed to these measures. This work on paper is easily enough done, and that too with the usual cunning of that paper, but when it comes to divide the people on that line it will learn that political lines and partisan barriers will have to be removed, for the above issues would cleave both parties in twain.

The Herald-Dissiminator of this city is very much exercised because, under President Cleveland, Republican office holders have to give up their offices. It wails and laments that Cleveland "has turned out more good officials than any American President has ever done." So far, this statement has been made by two of the 60,000,000 people of the country—Whiteley Reid, of the New York Tribune, and our cotemporary. The people of the United States, by their vote, said Republicans should go out of office because, as a rule, they were not safe, efficient officials, and the people are far better judges than the plebeians. The real cause of complaint was because these Republicans, who had been living and thriving on public place and plunder, had to give up their places. It is perfectly safe to say that if a Republican should be elected to succeed President Cleveland, more changes, two to one, will be made than has been made under Cleveland, and that too because those to be turned out are Democrats and those to be put in are Republicans, and while this work is in progress the Tribune, and our cotemporary will be sounding halloo for the good work going on. This has been the life-long policy of that party, and its most able and respected leaders openly avow that as their policy and purpose in the future.

PRESIDENTIAL PREFERENCES. There are 57 Democrats in the two branches of the Ohio Legislature. Their preferences for President in 1888 are as follows: Cleveland, 40; Thurman, 8; Hill, 4; Carlisle, 2; Pendleton, 1, and non-committed, 2. In case New York presents Hill for President the preferences of these members would be as follows: Thurman, 40; Hill, 6; Cleveland, 5; Carlisle, 3, and Pendleton, 2. There are 90 Republican members and their preferences are as follows: Sherman, 36; Blaine, 13; Foraker, 16; Harrison, 4; Allison, 5; Hawley, 2, and non-committed, 14. From this it appears that Democratic sentiment in Ohio is largely in favor of Cleveland, with Thurman for second choice. Blaine stands third among Republicans, while Sherman who is the choice of the greatest number has but little more than one-third of the whole number of members. This is the result of the canvass made by a correspondent of the New York World. Nearly the same result was obtained in the Pennsylvania Legislature, so far as Cleveland is concerned, but in New York, New Jersey and Connecticut the Democratic sentiment seems to be in favor of Hill. It is a matter worthy of notice that in the three doubtful and pivotal states Hill is the strongest, while in Pennsylvania and Ohio that cannot be carried by any Democrat, Cleveland is the strongest.

THE CAUSE OF THE "POCKET VETO."

From late eastern papers we are led into the true cause of the 'pocket veto' of the river and harbor bill. It seems for some time a bitter feeling has been growing up between members of the House and Senate, on account of the former holding back appropriation bills until the last hours of the session, so that the Senate would have no opportunity of amending them, but be compelled to pass them unamended, or take the responsibility of defeating them and thus making an extra session necessary. The President, seeing this delay, caused it to be understood that he would not approve bills, (especially those appropriating money), unless they were passed in time for him to examine them before adjournment. In other words he would not approve bills that he had not examined. It seems the President did not have time to examine the river and harbor bill, hence the "pocket veto." The blame is due to Sam Randall, who seems to think that this government could not exist were it not for him. By virtue of his position as Chairman of the committee on appropriations he is enabled to dictate the time, manner and kind of legislation. We earnestly hope to see a change in the chairmanship of this committee in the next Congress.

CORRESPONDENCE

Helena, Missouri.

I will start in at the morning of the third day. We are at Postville at 7:30, where we breakfast. This is a thriving little place and is quite a railroad center. Here passengers leave the S. L. Tor Ogden, Salt Lake City, and points south and north. The surrounding country looks rather desolate, as there is no timber to be seen. From here to Granger, the country is dotted over with farms, and ranches. A Granger we connect with the main line of the N. P. We are now nearing the Rocky Mountains, and the scenery changes somewhat, but we see no such mountains as we have in Oregon, no awe inspiring snow-capped peaks like old Mt. Hood. One would scarcely realize that he was passing through the greatest mountain chain in North America. The next place of note is Cheyenne. Here passengers wishing to go to either Denver and points in Colorado, or the mining districts of Wyoming and Montana, leave the N. P. main line. The occupants of our car are a motley crowd. Some from New York, California, Minnesota, Florida, Texas and other places too numerous to mention, but we think the one we were most favorably impressed with was an old maid from Minnesota.

4th day. We are on the plains of Nebraska. Not a bush to vary the landscape, as we speed on and on, over rolling prairie, through quiet towns, until by and by we are on the banks of the broad Platte. For miles and miles we travel on the margin of this great river, but it is just the same as when we first saw it. We "stick" pretty close to our car, as the air is rather crisp for an Oregonian. The thermometer registers ten degrees below. At Grand Island, Neb., we take the St. Joe and Grand Island road. Here we lay over for six hours. At 6:40 a. m., on the 5th day, we are "all aboard" for the South. This line of road passes through a truly developed farming country. We pass through the northeastern part of Kansas. This state is being rapidly settled. The farming here does not consist of our kind of farming. The principal crop is corn. But we are hurried on, and at 6:40 p. m. we arrive at St. Joe. The time of our trip occupying four and one-half days, while that before the R. R. took six months to accomplish.

Fine. Mrs. Mary Smith and two youngest children went to Junction last Friday, to spend a few days with her parents, Mr. and Mrs. Uttinger. The Allison twins are recovering rapidly from their wounds and are now able to sit up. Mr. Coleman's family are nearly all sick with colds. Indeed, there is a general complaint of colds throughout the neighborhood. Mrs. Locke, Miss Locke and Miss Willoughby were taken so violently with colds that they thought at first that they had been poisoned. Mrs. Gregory was very ill last week. We understand that she had the jaundice. Virgil Morgan, of Newburg, Yamhill county, came up last Tuesday to visit his cousin, Mr. Hayward.

The three Directors and Clerk of this school district, No. 63, met yesterday and re-elected Mr. Jones, Director, and Mr. Dinwiddie, Clerk, and transacted some minor business, after which they wended their several ways homeward. The school meeting at the Ward school house was minute a Clerk and books yesterday, so they adjourned until next Thursday evening. Cattle seem to be gaining some in this vicinity, as the grass is beginning to grow again. Rumor says that J. D. Morrow has leased Perry Smith's hop yard for the ensuing year. Frank Aenspiger's family are still troubled with ague. Mr. M. M. Mendelhall, Mrs. Metzger and Mr. and Mrs. Cheshman came up from Sheridan yesterday to attend the funeral of Miss Ruth Mendelhall, whose death occurred on Sunday morning. They were too late, however, as she was buried at 1 o'clock, and they came via the Narrow Gauge and did not arrive until 11 p. m. James Billmore and another were visiting at Mr. Caldwell's and Will Barger's last Friday and Saturday.

Carson Holt returned home from California last Saturday a week ago. A son of Mr. Tilton arrived from Iowa yesterday, whom he had been attending school. GROUP, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure.

ARE YOU MADE miserable by Indigestion, Constipation, Diarrhea, Loss of Appetite, Yellow skin? Shiloh's Vitalizer, a positive cure.

Peoria.

Peoria is going to have an electric light. John McBride is the guest of Jake Miller.

John Crews and Bert Patterson are visiting Thomas Currie. The Peoria ferry boat was found in Perkenshaw slough, near Clingman's.

Miss Myers has applied for the school. Mr. Myers is an excellent teacher, and we think the parents in Peoria will do well to employ him.

The Brass Band has employed John Porter as their teacher. He is a good musician, and they will surely improve fast under him.

Miss Maggie Johnson, our milliner, has gone to Portland to renew her stock. Miss Ella Clingman has returned home from Halsey.

Dr. Johnson has gone to Salem in response to a call for consultation. The wife of Jos Lohr is slowly improving, but his little daughter Bertha is down with the pneumonia.

F. L. Bayne has started a shoe shop in Peoria. He is a skillful workman. John Pratt is going to start a bakery. Some unknown person or persons destroyed part of the fence in front of Mr. Haigh's residence in Peoria, while they were attending the hop at Mr. Johnson's the other night. Why they did it is not known, but they were probably actuated by jealousy.

It would be quite a relief to the sheep men of this neighborhood if there were a few less dogs running at large. If they are not taken care of, the dog gun will be tried.

Mr. Ridd is still feeding sheep, at least that is what the Herald correspondent says. F. Clingman is the guest of Robert Owens, in Peoria.

Sheridan Smith, the telegraph operator at Peoria, has returned home from Shedd. Miss Emma Johnson has returned home from her visit here, and her friends will be glad to welcome her again in the near future.

David Crews is starting a wash house in Peoria. He will use the latest improved wash board, and will not boil the flannels. He will replace all lost buttons and will do more work for less money than any house in town.

Mrs. Perry Carter is visiting her aunt, Mrs. James Jones, in Peoria. GRIND STONE.

Spring is here and everything lovely in our quiet village. Mr. Finegan, our estimable blacksmith, is turning out sharp plows and harrows at a lively rate.

Major Johnson was surprised one night last week by a large party of Linn's most amiable young citizens, and after the usual handshaking dancing was commenced under the skillful management of Prof. Haigh and kept up until a late hour.

David Clingman has sold his fine horse for \$2500. James Garrett has his new house ready for use. Cyrus Clingman took a fine lot of chickens to Shedd the first of the week, for which he received \$10 per dozen.

David Crews has taken a contract of chopping 150 cords of wood. We understand J. K's object in moving to town is to have his skin treated under the careful management of Dr. T. Bevens.

Loitering around the premises of Cyrus Clingman, near this place, a stray donkey, with some white spots about the head very large ears and showing his specs in many other ways. The owner is requested to call at once. Receive property and pay damage. HUCKLEBERRY.

For Sale. A good organ. Call at Dr. Kelly's. A good shingle mill. Call on J. H. Maine. Simmons Liver Regulator is what the name indicates a "Regulator" of that most important organ, the Liver. In your Liver out of order? Then your whole system deranged, the breath offensive, you have headache, feel languid, dispirited and nervous, no appetite, sleep troubled and unrefreshing, Simmons Liver Regulator restores the healthy action of the Liver. Prepared by J. H. Ziegler & Co.

Save His Life. Mr. D. I. Wilcoxson, of Horse Cave, Ky., says he was, for many years, badly afflicted with Phthisis, also Diabetes; the pains were almost insupportable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles, was entirely cured, and had gained in flesh eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by Foshay & Mason.

Don't forget that N. H. Allen & Co., take produce in exchange for merchandise at the market prices. Dr. Whites celebrated New York Cough Syrup, for sale at Hoffman & Pfeiffer's. Warranted to cure coughs and colds.

Shoes and Shoes. N. H. Allen & Co. have in stock a full line of boots, shoes and rubbers, which will be sold at very low prices. SLEEPLESS NIGHTS, made insupportable by that terrible cough, Shiloh's Cure is the remedy for you. For lame back, side or chest, use Shiloh's Porous Plaster, Price 25 cents.

WILL YOU SUFFER with Headache and Liver Complaint? Shiloh's Vitalizer guaranteed to cure you. Now Regarded by a Prominent Physician. "No other remedy within my knowledge can fill its place. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the liver to action and at the same time aid (instead of weakening) the digestive powers of the system."—L. M. Hinton, M. D., Washington, Ark.

SHILOH'S VITALIZER is what you need for Constipation, Loss of Appetite, Diarrhea, and all symptoms of Dyspepsia. Price 10 and 25 cents per bottle.

Rucklen's Arzates Salve. The best salve in the world for, Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fester Sores, Tetter, Unclapped Hands, Chilblains, Corns and all Skin Eruptions, and prevents the Itch of Scabies, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Foshay & Mason.

Fox Valley.

As you do not get an item from this part of the county often, perhaps this will not be considered an intrusion.

We have had, and are still having, lots of winter. Our deepest snow on the valley, 18 inches. The ground has been covered continuously since the first day of February, but, of course, not that depth. Coldest weather. Mercury down to zero two mornings. We think wheat has been benefitted by the snow.

Health good generally, but lots of sick horses. I think not less than 20 or 25 head have died already in the precinct. Cattle have come through, so far, all right, or rather the loss has been very light.

Mr. Henry Bodiker's barn accumulated more snow on the roof than it could bear, consequently it came down with a crash. Result, 3 or 4 head of cattle and one horse killed, a lot of machinery smashed up, and the owner left without much shelter. He lives on the mountain where the snow was about 3 feet deep.

Enjoy Life. What a truly beautiful world we live in! Nature gives us grandeur of mountains, glass and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up, disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof, that Green's August Flower, will make them free from disease, as when born. Dyspepsia and Liver Complaint are the direct causes of, seventy-five per cent of such maladies as, Biliousness, Indigestion, Sick Headache, Constipation, Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.
