### What the Mt. Lebanon Shakers Found-Incident in the History of a Quiet Community.

The Mount Lebanon (New York) Shakers are a quiet community, secluded from the fret and worry of the outside world. They are widely known, however, for their strict honor and probity in business.

The Shakers believe that nature has a remedy for every disease. A few have been foundthe rest are as yet unknown. Many were discovered by accident. Others came to light as the result of patient experiment and research.

Nervous Dyspepsia is a com-paratively new disease, growing out of the cond tions of modern life. It is a joint affection of the digestive organs and of the nervous system. These two were formerly treated as separate ailments, and it was left for the clear-sighted Shakers to prove that the basis of this terrible and often fatal complication lies chiefly in the disord-

ered and depraved functions of digestion and nutrition. They reasoned thus :- "If we can in- ed : duce the stomach to do its work. and stimulate the excretive organs to drive out of the body the poisonous waste matters which remain after the lifegiving elements. of the food

## HOW TO GET RICH.

Live up to your engagements. Earn money before you spend it. Never pluy at any game of chance. Drink no kind of intoxicating liquor. Good obseacter is above all things Keep your own secters, if you have Nover borrow, if you can possibly avoid it.

Always speak the trath. Make few promises.

Keep good company or none. Never Keep yourself innocent if you would be happy. When you speak to a person, look him in the face. Make no haste to be rich, if you would prosper.

Save when you are young to spend when you are old. Avoid temptation, through fear you

nay not withstand it. Never speak evil of anyone. Be just

before you are generous.

Never run into debt unless you see plainly a way to get out. Good company and good conversa-
