The House of Representatives at Wash ington, without distinction of party, honored Samuel S. Cox by making him unani mously its Speaker in Mr. Carlisle's ab sence. Mr. Cox antedates every democrat on the floor in time of service, and every member save Judge Kelley. He has sat under other Speakers for about forty years, going back almost to Mr. Winthrop's day and he made the first speech delivered in the present Representatives' Hall. As it is, there are probamiles to Hunter's Point, and the Oregon bly those who think he has not fully escaped that distinction. What is this Disease that is Coming

Like a thief at night it steals in upon us unawares. The patients have pains about the chest and sides, and sometimes in the back. They feel dull and sleepy; the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. The appetite is poor. There is a feeling like a heavy load on the stomach; sometimes a faint, all gone sensation at the pit of the stomach which food does not satisfy. The eyes are sunken, the hands and feet become cold and clammy. After a while a cough sets in, at first dry, but after a few months it is attended with a greenish-colored expectoration. The patient feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling sensation in the head when rising up suddenly. The bowels become costive; the skin is dry and hot at times; the blood becomes thick and stagnant; the whites of the eyes become tinged with yellow; the urine is scanty and high colored, depositing a sediment after standing. There is frequently a

spitting up of the food, sometimes with a sour taste and sometimes with a sweetish taste: this is frequently attended with palpitation of the heart; the vision becomes impaired, with spots before the had asked for it. eyes; there is a feeling of great prostration and weakness. All of these symptoms are in turn present, It is thought that nearly one-third of our population has this disease in some of its varied forms. It has been found that phy-

sicians have mistaken the cause of this disease. Some have treated it for a liver complaint. others for kidney disease, etc., etc., but none of these kinds of treatment have been attended with success; for it is really constipation and dyspepsia. It is also found that Shaker Extract of Roots, or Mother Seigel's Curative Syrup, when properly prepared will remove this disease in all its stages. Care must be taken, however, to secure the genuine article. IT WILL SELL BETTER THAN

Mr. John C. Hemptinstall of Chulafirmee, Cleburn Co., Ala, writes: "My wife has been so much benefited by Shaker Extract of Roots or Seigel's Syrup that she says she would rather be without part of her food than without the medicine.
