THE COUNTY TICKET.

The election of the democratic county ticket is of far greater importance than many may at first imagine. Its defeat, or even the defeat of a part of it, would be heralded to all parts of the country as a republican victory forecasting the election of Blaine, Sherman, or some other republican for president. Are democrats willing to help return the republicans to power in the general government? Shall we do all in our power to carry this state for Gearin? Then we must be active and unceasing in our labors for the whole ticket. We have an abiding faith in the devotion and loyalty of the democrats of old Linn, and confidently look forward to a complete victory in June. The republican party of the county is numerically weak, but its leaders who are pushing their county ticket are attempting to devise schemes to divide and distract the democrats in order to make sure of carrying this state for the presidency this fall. We say plainly to the democrats that our leaders throughout the state will bend every nerve to wheel our young, vigorous, growing commonwealth into line for Cleveland this fall, but in order to succeed we must carry it in June. Hence we must not be handicapped with local dissensions, but lay aside all such and march in solid phalanx upon the enemies lines and victory will follow.

"If St. John can satisfactorily explain why he did not come out to Oregon last fall to labor when the prohibitory amendment was up, instead of during the presidential year, it will overcome some serious doubts as to his sincerity in the cause he espouses."—Herald Disseminator.

New this is both unkind and unfair. Every body knows that arrangements were made at the beginning of the prohibitory campaign last summer with St. John to canvass the state, but a howl of protest went up from every Blaine organ in the state against his coming. Blaine republicans who claim to be temperance men threatened to vote against the amendment in case St. John took part in the campaign. It was in deference to this threat that the engagement with St. John was cancelled. These facts were matters of public notoriety, and the Herald must have known them. The Disseminator is not answerable for St. John, nor in any wise promoting his third party movement, but would promote fair dealing towards all parties.

Without criticizing the management of those who in former political campaigns have been selected as chairmen of the democratic state central committee, we have no hesitation in expressing the belief that the selection of Mr. Bush was very wise and politic. Mr. Bush has both the time and ability to make one of the most intelligent, spirited, systematic and successful campaigns ever made in the state. He can have but one ambition—that of electing Mr. Gearin.

Let every democrat in the county contribute his influence and effort to swell the majority which shall be given the democratic nominees for county officers. It is not enough to simply elect. We should roll up 300 majority, for in doing so we contribute to the election of Gearin to Congress and Judge Burnett to the Supreme Bench. Gearin's election means a democratic president. What democrat would be willing to see the national government in republican hands again?

The democrats of the Sixth Judicial district have nominated Hon. W. M. Ramsey of Pendleton for Circuit Judge. Judge Ramsey is an able lawyer and the district will be assured the best talent in the state for its Circuit bench. Judge Ramsey was elected County Judge in Yamhill against an adverse republican majority, and last fall was elected Mayor of Salem on the democratic ticket against an adverse majority of 300 votes.

Simon (we mean Joe) says wig wag, and the whole machinery of the republican party in Multnomah county is set in motion in obedience to the mandate of the republican "boss." For two years self-respecting republicans have been denouncing Joe as a Judas, and he does not seem to have denied that with this charge weighing him down, he manages to carry the republican party in his pocket for his own benefit.

Mr. George Belt, of Salem, was renominated last week by the democrats of this Third Judicial District for District Attorney. Mr. Belt has filled the office the last two years very satisfactorily to the people, and it would be best for all concerned that he should be continued in the office with those duties he has become familiar. Let us elect him in preference to a new man.

How beautiful must be the feet of those republican managers who in Portland had the audacity to put Dave Thompson and Joe Simon on the same ticket for the Legislature. There is about as much harmony and good feeling between Dave and Joe, as between an anarchist and a Chicago policeman.

On next Tuesday the state election in Louisiana will be held. A full state ticket and legislature are to be elected. The republicans have made a vigorous fight and claim they will win. They have had a very large "sack" furnished by the protected monopolies of the North and East Democrats, though badly disorganized, feel safe.

What astonishes the republicans is the fact that democratic wool growers from Eastern Oregon, who were on the committee on platform at the democratic state convention, heartily supported the resolution endorsing Cleveland's tariff views. For every democratic wool grower lost there will be three republican sack men gained.

TWO PICTURES.

A richly attired lady whose whole garb attested the wealth which she has at her command, and the frown on whose face testified to the contempt for the poverty by which she had swept as she passed along the street, was seen to enter a store in Portland where she purchased a lot of jewelry amounting in the aggregate to \$50. She remonstrated against the extortionate price which she said the seller had put on his goods. He attempted to mollify her feelings by explaining to her that these articles were imported from Switzerland, and that the importer had to pay a duty of 10 per cent on them before they could be landed at New York. That is to say \$4.54 of the price of the goods was the duty the importer had to pay, and this was added to the price of the goods before she purchased. Thus was this individual taxed \$4.54 on a purchase of \$50. This is a picture, but the reader may suggest that there is nothing very startling about it. But place it alongside of the following picture and judge by comparison.

A scantily dressed farmer's wife was seen to enter a large establishment in Albany where she asked to be shown some blankets, woolen shawls and woolen underclothing. She selected articles amounting to \$50. It was hard to have to part with the last dollar that she had. But she had been saving it all summer, dollar by dollar, in order that she might purchase these indispensable articles for winter use. The salesman, not with the same suavity of manner, but with the same purpose in view, told the woman that these goods had been imported from a foreign country and that a duty of 75 per cent had been levied upon them at the custom house, that is to say, \$37.50 of the \$50 which this farmer's wife paid for the goods was the duty that was paid on them at the custom house, and this was added to the price when sold to the farmer's wife. Now how do you like the two pictures? The rich woman, who was abundantly able to pay, was taxed \$4.54 on a purchase of \$50. The farmer's wife, who expended her last dollar to protect herself and offspring from the cruel and unrelenting blasts of winter, was taxed \$37.50 on her purchase of \$50. This is one of the beauties of our robber tariff. How do you like it? If you are so heartless and inhuman as to be pleased with this "inhumanity to man," then vote for Binger Hermann for Congress next June, as he favors and promotes this infernal system of tariff robbery. If you despise this "inhumanity to man" that makes countless thousands mourn," then vote for John M. Gearin, who will "fight until the last armed foe expires" to blot out this robber system from our statute books.

A PROTEST.
"All earnest and conscientious republicans deplore the style of politics which was too apparent on the surface of Saturday's convention. If quiet acquiescence in the methods in vogue is indulged in, we shall soon have in Portland a 'Boss' Tweed and Chris Buckley, from whose authority or dictation there is no appeal, and if anyone dare question the right of the few to dictate to the many, he will be drummed out of the party as a renegade or 'kicker.'"—Portland News.

The above, from the News, shows very faintly the feeling among self-respecting republicans at the "ring" method used in that city in making nominations. Before the convention was held it was currently reported that the ring had entered into a deal with the Oregonian, whereby that sheet was to be allowed to name three or four of the legislative candidates in consideration of its support of the ticket. But what can be thought of the Oregonian supporting a legislative ticket headed by Jo Simon? It seems to us that nothing but a deal of the kind spoken of could have brought the Oregonian down to such depths.

REPUBLICAN STATE CONVENTION.
The Republican State Convention met in Portland Wednesday and nominated Hermann by acclamation for Congress, Judge Lord for Supreme Judge, H. H. Hewitt, of Albany, for District Attorney for this district. Mr. Hermann's and Judge Lord's nominations were expected by all. Now for the contest. Republicans claim from 3000 to 5000 majority in the State, leaving little hope for a democrat.

CHEERING NEWS.
The democrats of San Jose and Modesto, Cal., elected their city tickets last Monday. San Jose has heretofore been strongly republican. Albany, New York, went democratic by 3000 majority, the democratic majority has usually been 500 to 800. Jersey City elects Mayor Cleveland by 5000 and Hoboken elects an independent democrat against a republican. The city has heretofore been republican. Tariff reform is telling. Get out of its way or be crushed under its wheels.

THE DEADLOCK.
For a week or more there has been a deadlock in the lower house of Congress over a bill that provides for the return to states that paid it a direct tax that was levied by Congress during the war. Some states paid the tax and some have not. This bill provides for a return of the money to the states that paid it. Oregon paid \$350,000 and will get this amount if the bill passes.

PLAINVIEW, Or., April 9th.
Editors Democrat:
I took quite an active part in the democratic primaries with the hope of securing my choice for Clerk and Sheriff. I failed in both, but I do not intend to go off and help elect the republican candidates. That course would be unmanly and undemocratic. I propose to do all in my power consistent with honor and fair dealing to help elect the democratic nominees. If I should help elect any republican candidate the republicans would crow over my head in an hour after the election that it was a Blaine republican victory. Cleveland has given us a clean, honest administration, and I propose to help strengthen him by helping to elect the whole state and county ticket.

FARMER.
The Oregonian which, in former years, has denounced in scathing and vigorous terms the "robber" tariff laws, is now doing all that it can to prevent any reduction of the tariff. That paper is nothing, if not inconsistent.

Brigadier General George Crook, the Indian fighter, has been nominated by President Cleveland to be a Major General in the regular army. Good.

We may be in error, but we feel sure the Mills bill will pass the House either in its present or in a modified form.

Who is Your Best Friend?
Your stomach, of course. Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair, honorable chance and see if it is not the best friend you have in the end. Don't smoke in the morning. Don't drink in the morning. If you must smoke and drink wait until your stomach is through with breakfast. You can drink more and smoke more in the morning and still feel on you less. If your food ferments and does not digest right—if you are troubled with heartburn, dizziness, or aching, coming up of the food after eating, biliousness, indigestion, or any other trouble of the stomach, you had best use Green's August Flower, as no person can use it without immediate relief.

Messrs Foshy & Mason, druggists, are selling Wisdom's Robert's wholesale and retail, and giving beautiful picture cards with every bottle. Positively the most perfect and harmless article of the kind in the market.

FOR DISPEPSIA and Liver Complaint you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never fails to cure.

Don't Experiment.
You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colic, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all throat, lung and chest affections. Bottles free at Foshy & Mason 147.

ALTAGO.
3 YEAR OLD RECORD 2:42.

The Fast and Game Son of Altamont, 2:26 3-4, and Maggie Arnold, 2:35.

Will be at J. Schmeer's stable, Albany, Fridays and Saturdays of each week and will be allowed to serve a limited number of mares. Take notice of his remarkable breeding:
Sired by Altamont (Wagon record 2:26 3/4). First dam Maggie Arnold (record 2:35, public trial 2:29 3/4) by Altamont Mamburino (full brother to Mattie West, dam of Mac Mahon 2:31, Durango 2:35 3/4) by Altamont. Second dam Alice Drake (dam of Norman Medium 2:30; Alice Adison, 2:28 3/4; Maggie Arnold, 2:35; Altino, 4 years, 2:41) by Alexander's Norman sire of Lulu 2:14 3/4. May Queen, 2:50. Third dam by Pilot, Jr. Sir of the dams of Mand N., 2:28 3/4; Jay Eye See, 2:10.

Altamont (the sire of Altago) sired Altomont, 2:29 3/4; Siphon, 5 years, 2:32 1/4; Alta, 8 years, 2:33 1/4; Zilophos, 2:37; Lady Beach, 2:38; Coquina, 4 years, 2:39 1/4; Oneco, 3 years, 2:42; Altago, 3 years, 2:42; Pricemont, 2 years, 2:49 1/4; Alta A., 2 years, 2:52 1/4; and many other game and fast horses besides being the only horse now living in the Northwest that is sired through his breeding his own performance and the performance of his progeny.

Altamont Mamburino (the sire of the dam of Altago) has a record of 2:46 3/4 and showed a 2:28 gait at Fairview before he was sold. He was from the loins of the great Alt-mont out of a Mamburino chief mare, being a full brother to Mattie West, the most wonderful brood mare that ever lived according to her opportunities.

Alexander's Norman (the sire of Alice Drake the second dam of Altago) sired Lulu, 2:14 3/4; May Queen, 2:50, and is granddam of Protine, 2:18; Mooney, 2:18 3/4; Fany Robinson, 2:25 1/4; Blackwood, Jr., 2:22 1/4, and 21 others in the 2:30 list.

Pilot, Jr. (sire of the 3rd dam of Altago) was directly the sire of John Morgan, 2:34; Tucky, 2:30; Tally, 2:36, and 6 others with records of 2:30, or better, and is granddam of Mand N., 2:28 3/4; Jay Eye See, 2:10; Nutwood, 2:15 3/4; Noontide, 2:20 1/4; Mamburino 2:10, 2:20; Pilot Boy, 2:20; Naled Queen, 2:20 1/4; Viking 2:20 3/4, and 33 others in the 2:30 list.

We invite a careful study of the blood lines that concentrate in the pedigree of this young horse. He has some of all the best in his veins and nothing in his veins but what is of the best. Take notice, he has the blood of the 4 great fountain heads, Hambletonian, Mamburino Chief, Alexander's Norman and Pilot, Jr. He has 2 crosses to Mamburino Chief, the head of the Mamburino family and 2 crosses to Hambletonian the founder of the Hambletonian family, while Norman sired his second dam and his third dam was a daughter of Pilot, Jr. Don't over look the fact that the blood of these great horses is handed down to him through the very speediest and best channels. Besides he is a trotter himself a very important thing for a man to know when he is breeding for speed. No horse bred like this backed up with a three year old record of 2:42 can do otherwise than get speed at the trotting post.

The fee required for his service is far below that of any horse standing in Oregon, or like breeding and individual excellence. You that are breeding in the direction of light harness blood don't overlook Altago.
He will be allowed to serve mare at \$35 to insure. Payable when the mare is known to be in foal or has changed owners. Season \$25 payable at time of service, not responsible for accidents.
