A NEW CHIEF JUSTICE.

President Cleveland has nominated Melville Weston Fuller, of Chicago, to be Chief Justice of the Supreme Court of the United States. His nomination is regarded with great satisfaction by men of all parties. He, in every respect, is fitted to fill that high office. He was born in Augusta, Maine, February 11th, 1833, and graduated in Bowdein in 1853, Minister Phelps being his classmate. After studying law at Bangor, and attending lectures at Harvard, Fuller went to Chicago. His ability was speedily recognized, and for thirty years he nas won distinction among the foremost of the bar. He has been prominent at several democratic national conventions, and in 1860 was selected to deliver an address to Stephen A. Douglass. In his practice in the supreme court of the United States, Fuller has frequently come in contact with Edmunds, Thurman and other great lawyers, but has never failed to hold his own against the greatest of them. He is familiar with the decisions of the court, and especially on all constitutional questions.

When Fuller was informed of his nomination he was overwhelmed with surprise ALARMISTS.

Democrats, how would you like this? Be not deceived by sweet, oily words. Stand up for our whole ticket and let us make a clean, old fashioned sweep. Lay aside all personal considerations and prejudices and vote the whole ticket. Remember when you vote against a democratic candidate, you are voting against the democratic party to that extent. Republicans are counting on a solid vote. They will not scratch. It's their presidential year.

3 YEAR OLD RECORD 2:42.

The Fast and Game Son of Altamont, 2:26 3-4, and Maggie Arnold, 2:35.

Will be at J. Schmeen's stable, Albany, Fridays and Saturdays of each week. The balance of the time at J. W. McKnigut's farm 4 miles west of Lebanen on Narrow Gauge R. R. Pasture will be furnished at this farm at \$2 per month. Accidents and escapes at owners risk. Take notice of his remarkable breeding: Sired by Altamont (Wagon record 2:20%). First dam Maggie Arnold (record 2:35, public trial 2:29%) by Almont Mambrino (full brether to Mattie Wes, dam of Mac Mahon 2:21, Durango 2:23%) by Almont. Second dam Alice Drake (dam of Norman Medium 2:20; Alice Adison, 2:28%; Maggle Arnold, 2:35; Altino, 4 years, 2:41) by Alaxander's Norman sire of Lulu 2:14%. May Queen, 2:20. Third dam by Pilot, Jr. Sir of the dams of Maud S., 2:08%, Jay Eye See, 2:10.

Altament (the sire of Altago) sired Almonette, 2:29%; Siphon, 5 years, 2:32%; Alta, 6 years, 2:32%; Zilophone, 2:37; Lady Feach, 2:38; Coquita, 4 years, 2:39%; Oueco, 3 years, 2:42; Altago, 3 years, 2:42; Pricemomont, 2 years, 2:49%; Alta A., 2 years, 2:53%; and many other game and fast horses besides being the only herse now living in the Northwest that is standard through his breeding his own performance and the

performance of his progeny.

Almont Mambrino (the sire of the dam of Altago) has a record of 2:46½ and showed a 2:28 gait at Fairlawn before he was sold. He was from the loins of the great Almont out of a Mambrino chief mare, being a full brother to Mattie West, the most wenderful broad mare that ever lived according to her opportunities.

Alaxander's Norman (the sire of Alice Drake the second dam of Altago) sired Lulo, 2:14%; May Queen, 2:20, and is grandsire of Protine, 2:18; Moody, 2:18%; Fany Rob inson, 2:28%; Blackwood, Jr., 2:22%, and 21 others in the 2:30 list.

Pilot, Jr., (sire of the 3rd dam of Altago) was directly the sire of John Morgan, 2:24; Tacky, 2:26; Tatler, 2:26, and 6 others with records of 2:30, or better, and is grandsire of Maud 8, 2:08%; Jay Eye See, 2:10; Nutwood, 2:18%; Noontide, 2:20; Mambrino Gift, 2:20; Pilot Boy, 2:20; Naiad Queen, 2:20; Viking 2:20%, and 33 others in the 2:30 list.

We invite a careful study of the blood lines that concentrate in the pedigree of this young horse. He has some of all the best in his vein and nothing in his veins but what is of the best, take notice, he has the blood of the 4 great fountain heads, Hambletonian, Mambrino Chief, Alaxander's Norman and Pilet, Jr. He has 3 crosses to Mambrino Chief, the head of the Mambrino family and 2 crosses to Hambletonian the founder of the Hambletonian family, while Norman sired his second dam and his third dam was a daughter of Pilet Jr. Don't over love the feat that the founder of the Hambletonian family, while Norman sired his second dam and his third dam was a daughter of Pilot Jr. Don't over look the fact that the blood of these great horses is handed down to him through the very speediest and best channels. Besides he is a tretter himself a very important thing for a man to know when he is breeding for speed. No horse bred like this backed up with a three year o'd record of 2:42 can do otherwise than get speed at the trotting gait.

The fee required for his service is far below that of any horse standing in Oregon, of like breeding and inuividual excelence. You that are breeding in the direction of light harness blood don't overlook Altago.

He will be allowed to serve marget \$35 to insure. Payable when the mare is known

He will be allowed to serve mare at \$35 to insure. Payable when the mare is known to be in foal or has changed owners. Season \$25 payable at time of service, not responsible for accidents.
