FRIDAY, JUNE 22, 1888.  
PUBLISHED WEEKLY.  
EDITED BY J. M. WILSON.  
Entered at the Post Office at Albany, Or.  
as second-class mail matter.

### STATE TEACHERS' ASSOCIATION.

The State Teachers' Association will be held at Salem, July 5th, 6th and 7th, 1888. It will convene in the legislative hall, capital building, at 10 a. m., on Thursday, July 5th. All teachers and friends of education are cordially invited. The Collegiate Association will meet in the senate chamber, capital building, at 2 p. m., Thursday, July 5; also at the same time and place, Friday, July 6th. The presence of all members of Colleges and Universities in the State is earnestly desired. The department of Superintendent will be organized by the several county and city superintendents, and will meet in the office of the Superintendent of Public Instruction, at 4 o'clock, p. m., on Thursday, July 5th, and the department of music will convene in the legislative hall at the same day and hour. The hotels of Salem will entertain those attending, during the days of the Association, at reduced rates. Arrangements have been made by which all attending the Association from all points in Eastern Oregon and traveling over the O. R. & N. R. R., will pay full fare to Portland and will be entitled to return tickets at one-fifth of regular fare. Parties traveling over this line will pay local fare to Portland, taking receipt from the station agent for the same. This receipt must be attached to the certificate of attendance issued by the Superintendent of Public Instruction to all members attending, and must be presented, on return, to the agent of the company at the Ash street dock, Portland. Arrangements have been made with the O. R. & N. R. R., the W. V. R. Y. (narrow gauge) companies for reduced rates to all attending, and the usual reduction will be granted. Several State Superintendents of Public Instruction, and other leading educators from the Eastern States and several of the Territories, have been invited and are expected to be present.

### AN ALBANY GIRL.

"Two little girls, one named Maud, from Albany, and the other Vina, from Forest Grove, came here last week, as they express it, to 'see life,' and poor little things they did see life, and with a vengeance. They fell into the hands of some hackmen and were soon 'wacked out' in the notorious Baldwin Lumber House. Since then the Jehus have been surprised by a teacher and a waiter, both of course, gentlemen of education and high social standing—who have lived on the earnings of these wayward girls ever since. The result is, these mere children, who seemed protean when called 'chippies,' will have to return to their homes next week, as their health as well as their virtue is gone forever."

### BROWNVILLE.

Brownville, situated in the southern part of the county, about 20 miles from Albany on the Calapooia creek where it enters the valley from the foothills, is a flourishing town of about 650 inhabitants. No lover site for a town can easily be found. As early as 1853 a wooden mill was built here. It was burned down but was immediately rebuilt, and is now a profitable business. The Narrow Gauge road passes through the town, and the surrounding country is wealthy in agricultural pursuits. The place is well supplied with a good public school, and with a number of manufacturing establishments, aside from the wool mill, necessary in the locality.—Resources of Oregon.

### A GOOD EXAMPLE.

The following from the E. O. of Pendleton shows the way Court was run in Umatilla county by Judge Shattuck, and may well be dreamed over by the Court to convene here next week: "Court was opened on the 5th inst., at 2 p. m., the grand jury empaneled and sworn, the docket called and a trial by jury had that day. Then the hot fell thick and fast, and in the ten and one half days the term lasted the court tried sixteen jury cases, rendered nine decrees, disposed of fifty-nine other cases public and private, and admitted five persons to citizenship."

### ONLY FOURTEEN.

Saturday night fourteen tramps were, at the depot when the south bound train passed out, seven of whom took sleepers, while the others waited for the morning train, preferring to rusticate on the Sound, where gentle breezes blow and the nights are refreshing, and spending their vacation in Southern California with their brothers. A good natured tramp by standing in the brake-men and throwing wood on for them is said to be able to hold about as far as the places, particularly during the night.

### A MORTAR ITEM.

Saturday evening an Albany lady was passing in front of the new Strahan block when a large quantity of mortar fell from the mortar bed, through the agency of a hoe in the hands of the miser, and landed on her dress, nearly ruining it. The husband, of course, was mad, and served a notice on the contractors to call and settle, which also of course, they did not do. It was a mortar item, and the mortar manipulator was discharged.

### NOT FOR EIGHTEEN YEARS.

"It has never rained so much in June in Oregon for eighteen years," said an old settler this morning, "and all the old settlers say so." Familiar words by the way, sounds we have been hearing for years. Too much or too much it is a fact that things are growing so fast that one can almost hear the soil squeak as wheat, potatoes, etc., rush up through the atmosphere. We won't fear too much of an upward stir."

### A SAFE COMPANY.

We mean the Albany Insurance Co. A policy placed in it will be paid promptly without any unjust haggling in case of loss, and that is what the insured is always after. Is your residence insured in it. By all means see that it is for you are not only secure but are helping home institutions.

### A SLEEPY ACT.

A man named Cummins, while asleep or intoxicated, walked out of a second story door at Mrs. Murray's boarding house last evening. He was awake when he struck the ground. The fall did not kill him nor even stir him up much.

### WILL BE REPAIRED.

Money is being raised to repair the interior of the college building. About \$500 is needed. This improvement is a necessity. Our college is now in good hands and our citizens should stand by it, as they always have in a liberal manner, during its existence.

### SURVEYORS IN.

Saturday evening, Mr. John Maxwell returned from fifteen miles beyond Fox Valley with three of the surveying party that has been at work on the extension of the Oregon Pacific.

### IN A SLING.

Mr. Miller Morgan, of Shedd, was in the city with his head in a sling caused by a severe contact with a large rail which fell on it last week. He was confined to his home for several days.

### DIED.

At Brownsville, June 10th, 1888, Leta Frances, daughter of R. W. and Edith Thompson, aged 2 years and 10 days.

### CHARGED WITH RAPE.

Wednesday night Constable S. P. Barger arrived in this city with Arthur Burton, a mulatto aged eighteen, brother-in-law of Misor Jackson, of Brownsville. The charge against him was that of having committed rape on Eliza Harrington, aged about sixteen, a piece of Mrs. Ziner, with whom she had been living. The story of the girl was that she had entered her room Friday night, told her he would kill her if she made any noise, chloroformed her, and committed the act. He was arrested Monday, taken before Squire Averill Tuesday, waived examination, was placed under \$500 bond, and brought to this city as stated. Great excitement prevailed in Brownsville over the affair. The girl is confined to her room and it is said to be out of her mind at least part of the time, now and even before Friday evening. Burton says he is innocent and will come out all right. As nearly as we can learn there are two more to the case, and hence we refrain from comment, not desiring to prejudice the matter. If the charge should prove true there is no punishment too severe for the offenders.

### BOARD OF TRADE.

The regular monthly meeting of the Board of Trade was held at the G. A. R. hall last Tuesday, about twenty members being present. A communication was read from the Portland News proposing to illustrate the city in a 6500 column of the paper for \$300, or write it up for \$50 a column. Laid on the table. The committee on preparing matter for an immigration circular asked further information, was granted. After considerable discussion as to whether the circular should contain advertisements the committee was instructed to ascertain what portion of the cost of the circular could be paid by advertisements. The committee on a place for meeting reported that the G. A. R. hall could be had for \$2 for regular meetings and \$2.50 for special meetings, and the committee was instructed to make a contract for the same. J. P. Powell, W. E. Turrell and M. E. Pogue were appointed to investigate the matter of a salary for secretary and treasurer. Notice was given of a proposed amendment to the constitution providing for a committee of three on advertising and immigration and changing the time of meetings from Monday Tuesday evening to Tuesday evening next, when the committee on the immigration circular will report.

### A COMELY JOKE.

Some few days since a stranger arrived in the city, and, meeting Cap. Humphrey, asked that gentleman if one J. B. Comley resided in the city. On being informed that he did, the stranger asked Cap. to introduce him to that gentleman, which Cap. in his most generous and gallant mood proceeded to do. The stranger conversed with Mr. Comley for awhile and parted with him but met him the next day, and renewed the acquaintance. The stranger, who was not the same as the one who had been in that town quite often, the conversation turned upon their acquaintances in that place and they learned that they were mutually acquainted. Many of the citizens of the town are burglers. The stranger was in the town several days, and quite often met Mr. Comley with whom he held interesting conversations about the people in the far off city of his nativity. Finally he leaked out that the stranger was the youngest brother of Mr. Comley who at no time had had the least suspicion of the stranger's identity. Mr. Comley acknowledged the "joke" and set it up liberally for the "boys."

### A SUGGESTION.

The commencement exercises at the College last week completely demonstrated the fact that the chapel is entirely inadequate as a place in which to hold commencement exercises. This suggests the propriety of erecting at some time in the future a hall on the College grounds for such a purpose. A cheap plan building, so arranged that it could be used for a gymnasium, if thought proper, would answer all purposes. The importance of our College as an educational institution makes it necessary to keep up with the times. The proper place to hold commencement exercises is in the College buildings, which makes such a hall as suggested the more a necessity. Some of the most lasting monuments that have been built are College Halls for special purposes. Sibley Hall, Cornell, for instance, and just now would be a fine opportunity for some Oregon man to leave a monument here that would outlive all others. In such instances, how splendid Hall sound, or—Hall, after some time the usual method might be resorted to. The matter is worth thinking about.

### LEBANON.

Lebanon is near the edge of the foothills, about 24 miles east of Albany. The population at this time is about 700. The surrounding country is a fine grain growing section. It has good public schools, and supports the Santiam Academy, an excellent school under the auspices of the M. E. Church. Lebanon is connected with Albany by a branch of the O. & C. R. R. and the Narrow Gauge road passes within three miles. Fine and extensive flouring mills are located here, grinding upwards of 50,000 bushels of wheat yearly. The power is obtained from the South Santiam by means of a canal, which proceeds to Albany, furnishing water power for the mills there. Lebanon is a flourishing town.—Resources of Oregon.

### CHRISTIAN CAMP MEETING.

Turner June 19th, 1888. This annual gathering will be attended, considering the weather among the many preachers are Charles of Ohio, the celebrated lecturer and debater attracts much attention by his very able discourses. He goes to Silverton to-day to meet, and challenge to debate Mr. Putnam, the secularist leader and lecturer. Camp meeting will close on Sunday by a sermon by Mr. Braden on "Christianity versus Infidelity." The closing sermon by Elder J. W. Webb, of Salem, at 7 p. m.

### CARD.

Our Heavenly Father, in his wisdom and providence, having removed from us our beloved daughter, Lula Frances, we, the undersigned, tender our most sincere thanks to those kind friends and neighbors, who during the sickness of our departed child, rendered many kind services, and to those who during the hour of our bereavement extended sympathy and condolence. Every THOMPSON. R. W. THOMPSON.

### RE-UNION.

The pioneers of Linn county will meet at Crawfordville, Oregon, on June 27th, 28th and 29th. The program will consist of addresses by eminent speakers, music, etc. Opening address at 1 o'clock p. m., June 27th. Pioneers come and let us take care of one another by the hands once more. Not only pioneers but everybody invited. By order of committee, Caleb Gray, Chairman.

### BOGUS.

Two alleged journalists recently made a contract with the Salem Board of Trade for articles in Cincinnati papers, and wanted their pay in advance, which they did not get. It is a pity that such frauds are so common. Events like this make it necessary for all of us to keep our eyes open when we deal with strangers pretending much with their looks against them.

### INQUIRE AT THE RUS HOUSE.

To Cass rate Mrs. Thede J. Potter of Salem, passed through Albany last night for Lebanon, where he was to be joined by Fred Zieher, of Portland. They will go to Camp Polk, and at that place join a surveying party, under command of Mr. Zieher, which is to go East over the route of the Willamette Valley and Cascade Mountain Military Wagon road for the purpose of surveying it.
