A FATAL FIGHT.-Information was re ceived here yesterday of an affray at Gerrais, says the Statesman, which will probaby result is the death of Robert Krebs. one of the participants. It appears that Krebs, whose home is near Brooks, a few miles this side of Gervals, was drinking in a saloon at Gervais with Charles Atwood, a section boss on the O. & C., when they commenced disputing with each other over their respective physical prowess, each claiming to be the "best man." It was finally decided that they should settle the matter at once by going outside of the city linits and fighting it out. Krebs came out ahead; but afterwards three men in the crowd attacked him, and one named Atwood stabbed him, probably fatally.

SARCASTIC.-The Corvalits Times in a ong article attacks the O. P. road in a savage manner, among other things taying they have purchased the press to be silent. The road may possibly runtwoofthe Corvalis papers; but it doesn't the DEMOCRAT; at the same time we appreciate what a great service it has done for the valley, and are willing to overlook some of their big faults, for they seem to pursue the same course taken by railroads and people generally, that is, get all they can for the least price regardless of means.

A FAT OFFICE THEN .- Mr. Jason Wheeler tells the DEMOCRAT an interestthe spring of 1849, every county officer but under the same sum to await th California. He had incurred an expense of \$40 summoning a jury, but never reto allow it. During his term of office he only made \$2.50 in cash as sheriff, a sum which would not, of course, suit the sheriff

Echo answers: 'It's all right.' above question as they pass by these va-cant buildings."—E. O. Any town to pros-per must put its hands down in its pockets, even if it hurts, and that is the trouble at Pendleton. The wealthy men wont do

LOOKING OUT FOR No. 1 .- We used to think it was Portland against the rest of Oregon but the following makes it look as if it is to be Astoria against the rest of us: and harbor bill. It is a useless waste of LUMBER, FLOORING, RUSTIC, ETG, General Job Work, Drassing and a \$100,000 appropriation. The river never can be deepened as long as these freshets occur. These is no need of ships going any farther that Astoria to load. Portland has seen her best days as a shipping port'

THE MUDDIEST .- When we get to feeling dubious about our own muddy streets MANUFACTURE ALL KINDS OF and a few sick cases around, we should read such items as the following written from Spekane Falls to an exchange Special advantage to purchasers of "This is the muddiest place in the Northwest, and very unhealthy; no less than tour or five being planted every day, though Factory at toot of Lyon Street. the papers are very quiet about it. The principal disease is typhoid fever, although there are a number of fatal cases of pneumonia. There is one case of small pox.'

> PRINCIPAL TOPICS,-At the present time the Roseburg papers are quarrelling about a poor farm contract, the Pendleton papers are kicking at the lack of enterprise of their citizens, the Salem papers are agitating a woolen mill, the Astoria papers are trying to have commerce stop at their doors, the Coruallis and Albany papers are full of Oregon Pacific matters, and Portland papers of Moody.

DiDN'T SUCCEED, -- Mrs. Cheadle informs the DEMOCRAT that while at Shedd her brother in-law, Mr. Schaeffer made a desperate effort to keep possession of her adopted daughter, Minnie, resulting in aninteresting episode. Mrs. Cheadle came out ahead, as is her custom, and we understand came very near giving Mr. 8. a black Produce, Baked Goods, Etc., Etc. Their goods are the best and their prices

LOCAL RECORD. SHEEP THIEVES .- The Corvallis Time has a long, labored article on the subject of GRANGE ELECTIONS .- The Tangent the proclamation issued by his Excellency, Grange has elected the following officers the Mayor of that city, requesting people for the ensuing year : Master, J H Scott ; from other towns and cities not to attend overseer, Henry Freerkson; steward, CB the second annual ball given by the mili-Knighton; assistant steward, Alfred H tary company of Corvallis, for the reason Freekson ; chaplain, John Luper , treas- that grave fears were entertained that small pox would be spread in that city The Times after saying a great many hard things about Albany, as a petulant boy will when he loses his temper, says : "Perhaps steward, Ada Knighton. The Kne & Butte there was no danger of spreading the disease, for it has been well said that a man that would take the small pox from an Albanyite would take the small pox from an Al-banyite would steal sheep." Now let us see. The Mayor and people of Corvallis were so fearful that small pox would spread in that city that the Mayor made a public request that parties from Albany should remain at home. None but sheep thieves would take the small pox from an Albanyite, therefore the people of Corval-lis are regarded as sheep thieves else their Mayor would have had no fears about

small pox spreading. None but a Corval-lis paper would have thought of placing Corvallis people under such a cloud as this. The Times 'a unfortunate. SETTLED.-Corvallis Thursday is said to have been a diminutive Chicago for awhile. Over three hundred railroad men were there holding meetings, proposing and threatening. The matter was finally settled late in the afternoon by the railroad agreeing to pay the men and the work of cashing time checks was begun and com-pleted this merning. With their pockets full of money, about \$10,000 being paid out, they painted the town red, as it were, the sa-loons reaping a big harvest. Men who cried the loudest for their pay by this time have sunk every cent of it. What strange mortals men are. The railroad strange mortals men are. The railroad company is entitled to great credit for the manner in which they settled the matter. Had it gone unsettled bridges would per-haps have been burned and property gen

HELD.-Mr. Lewis Taylor, the railroad man who painted the town red the other evening, was tried before Justice Humphrey last Friday on the charge of an as sault with a dangerous weapon, and after a hard fight held to await the action of the grand jury under \$250 bonds. In the afternoon he was tried on the second charge of periences as sheriff from 1848 to 1850. In assault with a dangerous weapon and held himself got the gold fever and went to the grand jury. Mr. Taylor has been run-ning a pack train. He had \$127 when ar rested, and we are informed a certificate of deposit for \$1300; but this is uncertain Right here it may be remarked Albany doesn't propose to be painted red, or green or any other color, and it will pay for strangers to hold their peace.

CROOK COUNTY.-Following are the new city officers of Prineville : President handsome buildings in Pendleton. 'What's of Council, Arthur Hodges ; Councilmen. Percy B Davis, John Claypool, J A Dout hit and Ed N White : Recorder, M H Property owners should ask themselves the | Bell ; City Attorney, E Barnes ; Treasurer, John H Templetou; Marshal, C M Char'ton Stock men say that the grass is growing finely, having already attained a height of over two inches. It is also said that the late abundant rains have furnished pools of water all over the desert.... There exists quite a small pox "scare" in Prineville at the present time. There is really little or no cause for it. We have grave doubts of the existence of a case of small pox in Crook county, and if there is one, as money trying to remove the sand bars near St. Helens and in the Willamette.

Every June freshet will undo the work of the wife of C H Walker, a son. Mother and child doing well .- News.

A CHALLENGE .- "The Albany papers are bellyaching and poking fun at the request issued by Mayer Lee in regard to the military ball. The Herald says all sorts of funny things and calls us tender feet, while the DEMOCRAT sarcastically says: 'Varily they have some very brave soldiers at Corvallis.' If you think 'E' company hasn't got some fighting metal, they might meet your brass buttoned gentry half way and fight you to a finish just for practice."-Times. Mr. Woodworth is an experinced ruggist understanding the business e, and has a remarkably good opening at Ellensburg. We understand Mr. Al. Long will go with him. A broth-er of Mr. Woodworth will succeed him in

SPELLED WRONG.—The name of Mr Knox, whose marriage was given Thursday in the DEMOCRAT, should have been Leighton instead of Layton. He was named after Mr. Leighton Blain, of this city, and was by that gentleman handomely caned on Christmas. A gold headed cane and a good wife at one time ought to make any young man happy, and this at his home betwone and his estimable wife deserve all the Mr. James Long. happiness to be obtained.

THE FIRST SHERLY.F -- Thursday in referring to the death of Mrs. Isaac Hutchins, we mentioned her husband as having been the first sheriff of Linn county. We years, taking the census of the county in 1850. When elected there were about 300 votes cast in the county. Mr. Hutchins was the second sheriff, being elected in stand the winters. The birds will be shipped in a few days.—Statesman. Illinois will hereafter take a back seat as a wheat 1850, serving one term of two years.

THE AGRICULTURAL COLLEGE .- The for an appropriation of \$20,000 to purchase necessary buildings, etc., in order to carry out the provisions of the Hatch bill, and \$10,000 with which to purchase 200 more acres of land, also to continue the suit with the Southern M E Church.

Nor Serious,- Information received here yesterday from Croston is to the effect that Uncle Lewis Pettijohn is recover ing from the effect of the injuries he received from a fall at Lebanon the other day and that, although he is still confined to his bed, he expects to get out again in a few days.—Statesman.

Farmers, if you want the best harness all Dr. M. H. Ellis, physician and surge and made, go to E.L. Power, next to Dem Albany, Oregon. Calls made in city orat office. Pitcher's Castoria.

FARMERS' CONGRESS .- According to the address just issued by the Farmers' congress, "While the increase of farm values from 1860 to 1880 was 21/2 per cent, that of other values was 2014 per cent. And while the agricultural industry represents 44 per cent, of those engaged in 'gainful occupations,' the agricultural class holds only 221/4 per cent. of the wealth of the nation, And although the amount of wealth produced by the agriculturists has quadrupled dur-ing the last two decades, their proportion of the results of our general industry has shrunk from 56 per cent. to 27½ per cent., while that of those engaged largely in modifying and transporting what has been produced by the farmer has increased durthe time from about 30 per cent, to nearly 75 per cent." The congress gives as the cause, the national banking system, high and unequel taxation, vast monopolis transportation companies, trusts, and legalized liquor traffic.

CLAIM JUMPING .- In our real estate column Friday was the following "E. O. Smith, Golden Ridge mining claim, by virtue of \$200 worth of work." It seems that this claim belongs to A. B. Woodin, W. F. Read and others, of Albany, In order to hold a claim it is necessary to do a certain amount of work on it during the year, Dr. Smith, of Salem, claiming this had not been done jumped the claim and in order to get a title to it did the necessary amount of work and has been using every means possible to keep the lawful owners away from it until the end of the year. Mr. Woodin, accompanied by Hon. W. R. Bilyeu left next morning forthe seat of war for the purpose of asserting the rights of for the purpose of asserting the rights of himself and associates and downing this Salem claim jumper. To-day Masser and Bilyeu are to be tried near Mehama on a charge made by Dr. Smith of trespassing on the claim

We present the matter for the consideration of our citizens.

Is ALBANY INTERESTED .- Salem reople are dead in earnest about getting a railroad from Astoria through that city, and will send a committee to Astoria within a few days to confer with Astoria men in reference to the subject. The building of this road is one of the most important enterprises of the present time, and the valley city that gets the road will reap a big bene-fit. What does Albany intend to do.

THE V. L's .- The Vineyard Laborers of the Baptist church metFr'day evening with Mr. and Mrs. Race at the St. Charles hotel and spent a very enjoyable evening in games and sociability. A nice lunch was served in the dining room, and these present pronounce the affair one of the pleasantest in the history of the society.

TIME LOST .- The hull of the "Yaquina Bay" appears to be as perfect as it was the day she went ashore. To a land lubber like myself, it looks like much valuable time is being lost in getting to work saving this splendld ship. We believe the vessel can be taken off and repaired for half what she is insured for if not even less.—Yaquina

> East, caused by White Cap outrages, has aroused the attention of the authorities Effective measures are at last being taken to bring the offenders to justice. It is high time. Whatever good may at first have been done by the cowardly miscreants who go abroad at nights to whip and abuse those suspected of immoralities, was soon more than offset by greater evils. The fallure of justice in civilized courts does not justi fy a return to the methods of barbarism or semi-savagery. Evils that law cannot cure are best reached by the education of an enlightened public sentiment.

Some Albany republicans are scheming o secure the office of U.S. Marshal for Oregon for H. P. Mays, of The Dalles, This is said to be a move to antagonize the claims of N. B. Humphrey for that office. If there is to be a "clean sweep" under Harrison, which many believe, then party service is to be the chief recommendation for office, and in this sense we think the Capt, has fairly won the office. Let any one who knows reflect upon the party service rendered by the Captain during the June and November campaigns, and especially the valuable services rendered his party in the late city election, and he will say the Captain has earned the U. S. Marshalship.
