BLOCKS OF FIVE" DUDLEY -- STATE MAT-TERS, ETC., ETC.

(Written for the DEMOCRAT.) penned for your paper, I noticed my re-mark concerning how well a part the mon from Pendleton to Canyon City; Senator ey bags of Morton had played. Recent developments in the "Blocks of Five" urer to pay Douglas county \$10,000 be-Dudley bribery cases in Indiana, coupled cause of the completion of the North Umpwith the fact that Dueley's presence is qua bridge; Senator Gray's bill appropriat Harrison's election, proves to my mind most conclusively that if fairness had been the order of the day on that ever memorable sixth of November, 1888, Grover Cleveland would be the successor of himself. The rapidity with which cases of bribery are coming to the surface in Indiana is astonishing. One individual in the Hoosler state was promised \$15 for his vote, received \$6 on account, and sued for the remaining \$9. That particular acceptor of the bribe will suffer the penalty for not rendering properly the old adage: "Ignor-ance is bliss, the felly to be suffered by the color of the bribe will suffer the penalty for not rendering properly the old adage: "Ignor-ance is bliss, the felly to be suffered by the fell to be suf ance is bliss, 'tis folly to be wise." The consistency of the democratic minority in both houses is worthy of praise and most surely no more true gentlemen than Linn county's able delegation exist. Notably among the democratic Senators is FRESH CROCERIES, Irvine, whilst the "boy" legislator, Jeff Myers, is thoroughly imbued with der cratic principles-take the minority, all in all, they are reliable men, men whose only all, they are reliable men, men whose only aim is to be public beneficiaries and whose acts, (since the opening day of the "circus,") and iet live," is our motto. We have found out that the only way to do the right is to violently oppose Joe Simon and his Multnomah clique, so to follow in their past footsteps is but for the democrats to more than ingratiate themselves in the hearts of their constituents. YOUNG DEMOCRACY.

The second battle of Bull. Run (Portland Water Bill) has been equally as disastrous the first. It is said the Orogonian, in contemplation of the certain reversal of the veto by the house had filed a caveat for a patent by which the metropolis of a state might secure an abundance of pure water at the expense in part of the citizens of that state. The "design' seems to have failed, eh? Mr. Oregonian? Now let a bill, with the taxation exemption claus left out be introduced and passed at once and Portland will before many years have plenty of pure water and every citizen of the state will rejoice thereat.

It looks very much like these men will be Harrisons cabinet: Blaine secretary of state, Rusk of Wisconsin in the war Department, Windom Secretary of the treasury, John W. Noble of St. Louis Secretary of the interior, Thomas of Illinois Secretary of the navy, Wanamaker postmaster general.

John D. Rockefellow, the billionaire pres dent of the Standard Oil Company, is believed by all the prominent clergymen in New York to be the person who has promised to give \$20-000,000 for the endowment of a great Baptist University, to be located either in that city or
