This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain. Read these teatimonials:—

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and. as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyron, (of Fernandina, Fla.,) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five menths I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the atomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. The Benton Leader's feelings are highly vrought up because the members of the which over a hundred thousand dollars was needlessly and extravagently aquan-deced. The Leader's words mean this, that the Linn county members should have gone to the Benton county and other members and said : "Now, you vote for my bill and I will vote for yours; you tickle me and I will tickle you." This seems to be, in the estimation of the Leader, the strongest and best motive by which legislation can be secured in the legislature. The Leader should know that there are many men who will not thus sacrifice all of manhood in order to secure a paitry appropriation. It also should know that the representatives of Linn were elected to represent the tax payers of Linn, and not the tax-squander ers of the state. It seems to have no conception of the danger to the state of form-250 ing combinations among and by members of the legislature whereby a liberal appropriation is made from the treasury of the Empress is nearly always her consort's compan state to be expended in some way for the ion of these early drives benefit of the constituency of each of the members who enter into the combination. It seems utterly blind to the fact that if this policy of "I'll tickle you if you'll tickle in the offices of their several states is a long step me," were followed to a fair conclusion it backward. Harrison evidently does not believe would complete'y bankrupt the state at in the civil service declaration of his party plateach session of the legislature. Let us see: form. We believe the Leader boasted a few days ago that Benton county received between

\$35,000 and \$40,000 in apprepriations. That county pays \$12,909.57 state tax, thus receivng back from the atate treasury three times as much as it pays into the treasury. There is no earthly reason why Linn county should not receive as liberal appropriations as Benton, if they are to be granted upon the "I'll-tickle you if you'll-tickle me" policy keep them out of the Indian Territory, but they Suppose the members of the legislature have started in sgain to find out what kind of from every county in the state should enter stuff President Harrison is made of. into such a "combine" to secure these "libe eral" appropriations; where would the money come from to pay the ordinary ex-100 bers of Linn county who stood on the watch towers of the state citadel and warned them of the danger of the so-called pol-

It is probable that Roswell Beardsley, who is Postmaster at North Lansing, Tompkins county, N. Y., will be permitted to remain in office.
