

LOCAL RECORD.

THE "ROWENA."—This little fishing craft lies on its side on the south beach of Yaquina Bay, no serious damage having been done to it. It could be gotten off without much trouble. The boat was built at Coos Bay, and named after a woman there. By careless seamanship it was taken out too far from shore and put into Yaquina Bay in a very reckless manner. The sailors did not seem to know much about running even a square ended schooner.

NO. 75 NEW OFFICERS.—At a meeting of Linn Engine Co. No. 2, held last Monday the following officers were elected for the ensuing year: D. R. N. Blackburn, President; Dr. M. H. Ellis, Sec.; J. D. DuBrulle, Fin.; G. C. Hill, Treas.; J. N. Hoffman, foreman; John Robson, 1st Asst.; Jas. Callahan, 2d Asst.; T. N. Hoffman and S. J. Gula were elected delegates to the N. W. Association to meet in Tacoma.

Mrs. Dempsey at Willott.—Visitors returning from Willott saw Mrs. Jack Dempsey there says the Salem Journal. They speak of her as being a modest lady of refinement and intelligence. She avoided speaking about her husband's engagement with La Blanch, and from her general conversation it was inferred that she disapproved of sparing matches, and would prefer to have Jack work another occupation. Mrs. Dempsey is highly thought of by the other sojourners at Willott, because of her good, practical sense.

An Old Story.—We were looking for the first case, and knew that it would occur; but hardly expected that the victim would be one of the most astute real estate men in the city. It was on Sunday afternoon he took a ride on the street car, and not having a change dropped a fifty cent piece in the box, and it clung down under it. He then asked the driver for the change, but of course did not get it. Suddenly it dawned on him that he had made a traditional blunder and he held his peace.

LOCAL MATTERS.—On next Saturday at 1 o'clock p. m. 16-56 acres of the D. I. C. of J. J. Junkin will be sold by the Sheriff on execution, in case of L. Kline against Jas. G. Junkin.

On next Saturday at 1 o'clock p. m. in the case of I. Dawson against W. E. Wilson the Sheriff will sell 2 lots in Sheild. The final settlement in the estate of W. R. Cannon will be heard next Saturday at 10 o'clock a. m.

THE Y. M. C. A.—Noel H. Jackson, traveling Secretary of the Y. M. C. A. for the N. W. gave two very earnest addresses Sunday afternoon, one in the afternoon to young men alone, and in the evening before a union meeting of citizens at the Opera House. Mr. Jackson is quite enthusiastic over his work and is an able talker. A subject which was taken up, resulting in \$319 being raised for the work here.

FARM FIRES.—A number of farm fires have been occurring in different parts of the county. A small fire set on the farm of Mr. Rose Parker spread and burned several bushels of wheat and some fence. Another one on the farm of W. K. Temple did more damage, burning wheat and fences, and very nearly capturing Mr. Temple's barn, which was only saved by hard work.

SCHOOL BOOKS.—The time for getting the new series of school books, under the recent law providing for a change in certain branches, expires October 1st, and all changes have to be made by that date. The earlier the books are secured the better. Don't wait until the last moment to make this statement in response to an inquiry on the subject.

THOSE SUITS.—U. S. District Attorney McArthur has just completed preparing the papers for the suits to be brought against the forfeiture of several wagon roads, one of which is the Lebanon road. These will be brought in suits, and probably it will be several years before the trials are completed.

AN EXAMPLE NEEDED.—Complaint is made to the DEMOCRAT office that there is a great amount of petty stealing of peaches, apples, etc., from the grocers, a very contemptible, mean and vulgar habit. Hoffman tells us that unless the business is stopped an example will be made of a few chronic cases.

NOT CORVALLIS.—Sunday two Corvallis men, one of the streets, were loaded with tarantula essence. Forgetting themselves and becoming a little hilarious one of them braced up and in a loud voice called to his companion: "This is not Corvallis; let's go." And they went.

CALL FOR IT.—A registered package sent from Albany to R. W. Jones, 215 1/2 Club, N. E., has been returned to the Albany Post Office, it being uncalled for and waiting the sender. It contains three handkerchiefs, a comb, a thimble and some money. The sender will please call at the O. P. depot, at 10 o'clock, to get the dead letter office in thirty days.

DOUBLE NAMES.—Mrs. Mackay, since her marriage in London, has been called on account of a couple bricks being built, should be given a free bath in a mud puddle. Albany is blockaded in places that way, and we are anxious for several more blockades, and Second Street is waiting for the gun.

TOOK UP.—Tuesday Myra Hoffman took up an iron gray that had strayed in from the country, following a farm team. The owner should speedily call and get the animal before the auctioneer's hammer hangs over it.

ANOTHER RUMOR.—It is rumored that besides buying the Albany Water Works and Santiam Ditch, the citizens of Albany would like to see Mr. Hoag push the Oregon Pacific with electric speed towards Boise City and as well permanently locate the machine shops here.

ANOTHER R. E. OFFICE.—Mr. E. G. Beardsley, a new comer, has rented an office in the Brick Block, just north of the DEMOCRAT office, and will open a real estate office.

A NEWSPAPER QUERY.—In all papers that belong to the State Press Association the patent medicine ads will soon go, but what about the patent medicine ads that are generally full of patent ads. One patent is nearly as physics as the other.

AT HIS OLD TRADE.—Mr. W. R. Graham, Albany's old tailor, has rented his former office in the Cusick Block, and will return to the tailoring business, in which he was engaged for so many years in Albany.

LOST OF WEIGHT.—The warehouse of Smith & Hammond at Tallman is crowded all over with wheat, and the firm has made arrangements to store a quantity at Yaquina Bay.

DIED.—Mrs. Johnson, an old lady, died at the house of Mr. J. H. Upham, on Water Street, Sunday, Sept. 1st, and was buried this afternoon.

REMEMBER IT.—Maud Hoffman, at the Opera House, Friday night. The eloquent trial of the season. Reserved seats at Blackman's, 50 cents; gallery, 25 cents.

AN INCREASE.—Saturday E. W. Langdon sold to Dr. J. P. Wallace a half block at the east end of Third street for \$7500. Two years ago the Doctor was offered the whole block for \$2000.

STREET LIGHTS.—At the last meeting of City Council four more electric lights were ordered by the city. One was directed to be placed in front of the Depot. The others are to be located by the committee on streets and public property. The DEMOCRAT is informed that the committee has selected the following places for them: one on First Street at Jackson, the street leading to the Woolen Mills. One on Montgomery, about three blocks south of the one on First Street, and one in the First Ward near This Drink's residence. As the lights are to be spread out and limited for the present, some are advised to place them in the new light should be placed near the O. P. depot instead of close to those already running.
