LOCAL RECORD.

"JOHNNY" HALL DEAD.—A despatch was received in this city Saturday evening announcing the death of John P. Hall at Denver, Col., at 2:30 p. m. on that day. His remains will be brought to this city, reaching here Thursday noon, when funeral services will be held conducted by Dr. Irvine, when the remains will be buried near Millers, in the family lot. Johnny, as everybody knew him, had gone to Denver for his health, and had written to his brother only a few days before his death that he was improving. The deceased was nineteen years of age. For several years he was clerk in the store of L E Blain, and was also agent for the Columbia bicycle, twenty-five or thirty of which he introduced in this part of the State. Johnny was a member of the U. P. Church and was a young man of pure, Christian character. His death, though anticipated, causes general sorrow among the young people of the city.

A BULL DOZING AGE.—This is a bull dozing age. Strong, healthy men are daily bull dozed into doing things against their will, men who boast that they run their own concerns. The advertising fake begins at one end of First Street and captures the whole crowd just by his bull dozing style, though it is sometimes a wolf in sheep's clothing; the subsidy raiser for a side track to the moon fills his list; the patent roof painter sweeps things; the mining expert carries your signature down by storm; the book agent paralyzes you before you know it and you buy a book you never open and get a certificate that permits you to buy more, that you never use; and so the racket goes daily along and each time you declare to be the last. Perhaps it is a good thing we are a susceptible people, else there would be many Jacks without a trade and some good enterprises would, through suspicion, get left.

THE WAGON ROAD CASES.—Quite an important point was gained yesterday by the defendants in the wagon road land grant forfeiture cases, says the *Oregonian*, when Judge Sawer decided that the commissioners were not required to build the roads to a certain width, with turnouts, etc., according to the requirements of the state law but according to act of congress, and further, that having completed the roads they were not required to maintain them as alleged in the complaint. The next legal tussle will be in regard to the efficacy of the governor's certificates to the effect that the roads were built, and the fight will be continued along down the line till the question as to whether the roads were built at all or not, is reached.

BE CAREFUL.—With Oregon's present mechanic's lien law it behooves our citizens to keep their eyes open when hiring house painters and carpenters. Do not pay for the work until it is ascertained that the material has been liquidated for, else you may be called on to pay twice. A case to the point. A painter named W H Parsley, recently in the city, did a job or two, and skipped on Saturday, Sept 28th, leaving the material unpaid for, first getting pay for painting a house or two. Now the owner of the house is requested to pay for material and will have to do so. Look out.

MARRIED.—Constable C. G. Burkheart returned last Monday from Portland accompanied by Mr. George W. Noah, the County Clerk was hunted up, a written bond secured and the following marriage was performed, George Humphery Noah conducting the ceremony: Mr. Geo. W. Noah and Miss Minerva Catherine Bell, the sixteen year old step daughter of W. S. John, both of Linn county. The invitations to the wedding were issued by the district attorney a couple of weeks ago.

HOLLOW BRICKS.—One of the new features in building in New York city is the use of hollow bricks for partitions and even outside walls. These bricks are so moulded that when a wall is perfectly plumb you can drop a pebble right down in the wall there being hundreds of hollow spaces. Walls thus built are said to resist heat and cold far better than the solid kind, and they are about 25 per cent cheaper. No doubt this kind of a brick would be just the thing for this kind of a climate.

BLESSED IS HE.—Blessed is the man that sitteth not in the seat of the kicker, nor mingles himself in the congregation of the mossback, but his delight is in new broads, street car lines, manufactories and brick blocks, and in schemes to build up himself and his own town. And he shall be like an evergreen tree planted by the river of waters; his leaf shall not wither in the early fall like cottonwood, for the Ell of the boomer shall get there, but the kicker shall be left to hold the bag.—*Ex.*

SEATTLE DIRT.—Here are a few real estate sales in Seattle, perhaps not appreciated without knowing the location of the property: 1 lot Cable line Ad, $300; 1 lot Lake Union Ad, $315; 1 lot Denny & Hoyt's Ad, $250; 1 lot Laws first Ad, $215. This does not beat Albany prices very much. Seattle lots, though, are very narrow and these additions may possibly be several miles from the city.

FINGER CUT OFF.—The DEMOCRAT is indebted to Jack Young, of the O. P. Gates gang, for particulars of an unfortunate accident at Mill City Monday afternoon. One of the hands in the mill, a man named Thomas, was sawing slabs when one of his hands got caught in the buzz saw and four fingers were taken completely off. A local surgeon was called and dressed the wound.

"BULL DOG MAKE."—Try a pair, now for sale at L E Blain's, a remarkably strong pair of pants, doubled sewed, six pockets, best buttons, comfortable to wear, and every pair warranted to hold till the cloth wears out. A pair of pants will be given free gratis to any one person who may succeed in ripping the crotch in a fair, steady pull of any pair of them.

A FIGHTING TOWN.—LaGrande was a lively town last Saturday. There were seven fights and seven arrests. Quite a frontier town that. Conn Bros grocery store is also a live place, caused not by fights but a fine stock of goods sold at bottom prices. Try them for bargains in groceries.

A CANARD.—An exchange publishes the following lively story: "A girl farmer in Crook county this year put up eight tons of hay, which she cut with a pair of shears. She has for a neighbor a young man who has sold a thousand bundles of shingles made with a pocket knife."

A SPRIGHTLY OLD MAN.—Mr. Polly, an old gentleman of 80 years of age, one day last week drove a band of horses from Alsea to near Corvallis, a distance of over thirty miles. Now, you counties who raise big squashes, apples, watermellons, etc., trot out your men who can do better than this, contdering the age.—*Corvallis Gazette.*

A SHORT CROP.—F. W. Holmes, of Butte, Montana, who has been at Albany for the purpose of purchasing apples for shipment, says the apple crop in Oregon this year will not be sufficient to supply the home demand. He purchased 1,500 bushels near Gervais for 90 cents a bushel on board cars.—ASTORIAN.

A TRUST BUSTED.—A combine was recently effected in Salem and the price of cigarettes raised to ten cents a bunch. Now the trust has been "busted" and the

A BIG GUN.—A reader of the DEMOCRAT who had been reading about the big guns in the city recently, has handed us the following about a bigger gun than any of them, with a request to publish: "A castasteel gun, weighing 235 tons, has just been shipped by Messrs Krupp from Hamburg for Cronstadt, The caliber of the gun is 13½ inches, the barrel is 40 feet in length, its greatest diameter being 6½ feet. The range of the gun is over 11 miles, and it will fire two shots per minute, each shot costing between £250 and £300. At the trials of the gun, held in the presence of Russian officers at Meppen, the range of the Essen firm, the projectile, 4 feet long and weighing 1,800 pounds, and propelled by a charge of 700 pounds of powder, penetrated 19½ inches of armor, and went 1,312 yards beyond the target. The gun, which is the largest in existence, and the heaviest yet exported by Messrs Krupp, had to be carried from Essen to Hamburg on a car specially constructed for the purpose."

NO NAME FOR IT.—Sunday evening Thos. Monteith discovered a strange man prowling around his house, and asked him what he was doing. The man told him it was none of his business. Tom denied the allegation and proceeded to investigate the matter. He gave the fellow a good kick, and on his turning to fight, came LaBlanch on him. Then he had him arrested and taked before Judge Humphery. The District Attorney advised him discharged being unable to find a name for the offence, and Dillman, as he gave his name was set at liberty.

A BIG CHALLENGE.—W J Barry, captain of the victorious Astoria hose team, is in receipt of a challenge from the Vancouver, B. C., fire department, to have the Astoria boys run against them anywhere on Canadian soil for $4000 a side. His reply was not unfavorable to the project. If the Vancouver team will pay the Astoria team's expenses to Seattle or Victoria the Astoria boys will go and run them for $4000 a side. If the Vancouverites will come here the Astoria team will pay their expenses and run them here for $4000 a side.—*Astorian*

SOME RETURNING.—Hotel runners, who study human nature and recognize faces seen before, say that numbers of immigrants to the Sound and Valley from the East are now returning to Kansas, Nebraska and elsewhere, willing to pass through more cyclones and blizzards rather than endure their disappointment in finding that the booming coast towns were not all that could be desired in the way of a home for a poor man as represented. Still it is hardly surprising that a portion of the great wave of immigration should break back to its starting point.—Pendleton *E.O.*

SOME GOOD RULES.—The following rules are conspicuously posted in the rooms of a Snohomish hotel: Gests must pony up 1 dollar and 6 bits before sinin the book. Gests will leve thar weep'ns so's they'l not go off in the nite. Sope & towl will be found neer waterin trof. No fitin or shootin allnwed in the bed rumes. Gests must sign thar names every day & pay accordingly. Enny gest how isn't satisfied with these rools must mosey or stand the konsequences.

RICHARD HIMSELF AGAIN.—An exchange across the mountains puts the situation in the following exaggerated but interesting light:

"Parties who have just come up from Willamette valley say Wedfoot is again itself. That section had experienced the longest dry spell ever known, water in wells and streams had become scarce and old-timer's webs had begun to crack from want of moisture, but the never-failing rains commenced falling about two weeks ago, which has brought the country back to its natural state, and mud, green fields and prosperity prevail."

WOULDN'T WORK FOR HER.—"Did you saw that wood I told you about?" asked the lady of the house of the tramp to whom she had given a dinner.

"Madame," he replied, and a look of contempt flitted across his face, "I am surprised that so good a cook and housewife as you should be so ungrammatical. You should say, "Did you see that wood?' 'Saw' is proper only in a question referring to the perfect tense. I cannot work for one so uncultured for fear I should be contaminated. Ta-ta."

ALEX DOWNING DEAD.—Hon. Alex Downing, residing in Linn county, opposite Stayton, died Monday after an illness of sometime. He was a brother of Hon. Geo. S. Downing, superentendent of the penitentiary and was a man of sterling character. He represented Marion county at one term of the State Legislature in an acceptable manner.

THEIR CREAMERY.—The creamery at McMinnville has started up again and as we published an item or two about its being a failure, we also give this. It might be well to remember though, that just now butter is up:

"The creamery is now running right along, making 100 pounds of butter per day. The first batch was sent to Portland without a brand, and the consignee wrote back to brand every pound of it as there was nothing in Portland to excel it. Twenty cents per gauge is now being paid for the cream."

ITS FAME SPREADS.—Even the *Oregonian* catches on to our fine woolen mill and says: "The new woolen mill at Albany is one of the most substantial structures of the kind ever built in the Willamette valley. A stone foundation, solid brick walls, brick partitions, an iron roof all speak of permanency, and Albany has good reason to be proud of the enterprise of her citizens that secured its location there."

TO FARMERS AND HORSEMEN.—Galbraith Bros. of Janesville, Wis., offer for sale at the Live Stock Exchange, Cor. Fourth and Ash Sts., Portland, Oregon, a choice collection of their celebrated Clydesdale, English Shire, Hackney and Cleveland Bay Stallions, at moderate prices, and on terms to suit purchasers. These horses are all of the highest individual merit and most fashionable strains of breeding. Every animal satisfactorily guaranteed.

MIXING UP.—An expert saye there are three kinds of foreign pheasant in the Willamette valley and that our native pheasant is really a grouse. It is thought that the native and foreign breeds are crossing and producing various mongrel types.

DIBBIN LOST.—Langdon and Cameron run a 100 foot race in Eugene recently for $250 a side, the latter receiving six feet start and winning by a foot. Eugene sports backed Langdon, and of course got mad. People who back foot races nowa-days should not get mad.

BEN SPECULATES.—Ben Brennerhas purchased of Mr Ed Houston, conductor on the Lebanon branch, his home and two lots, just east of the College, paying $2000 for the same. Mr Houston paid $1500 for the property a few months ago, and his grantor $1100. It will keep going up.

BORN,— To the wife of J. J. Dorris October 5th 1889, a boy, weight 11 pounds. The young "abstracter" will be looking out for a "conveyance" ere long

THE RICHEST.—According to the assessment roll the wealthiest man in Josephine County is J. P. Tuffs, worth $16460. Venture a nickle that he is worth $55000 over and above all debts and liabilities.

A SCIO BRICK.—Will Cox, the prince of bricklayers, commenced the brick block on Mill and Main streets, for Jack Bilyeu, on Wednesday, and is waltzing right up, and the first thing you know we will have two elegant brick business houses in Scio.—*Press*

SECURE PRICES. NO TROUBLE TO SHOW GOODS AT

CROOK COUNTY.—In the justice court last Tuesday J. N. Duncan got judgment against the county for $100 attorney fees in the case of Crook county vs the bondsmen of T. J. Bushnell.

Perry Read has returned from Willamette valley. He sold seven of the horses he took to the valley, and will send more down soon. He intends wintering twenty head there in order to have them ready for market in the spring.

Ed Eden and Ed Schmeer started on Wednesday for Albany. Mr. Eden goes to Eugene to engage in business.

Charlie Lafollett will leave about the 10th for Benton county to spend the winter.

Several parties have passed through here from Kansas this week going to the Willamette valley. They say crops have been almost an entire failure in Kansas the past three or four years, and the only alternative left them is to immigrate or starve.—*Ochoco Review.*

DISOBEDIENT CITIZENS.—Our citizens do not mind the orders of our city fathers with that reverence due that body. In fact they very frequently ignore their mandates with the greatest impunity. For instance: The east end of Second street was ordered opened. It has not yet been done. Ditto south end of Washington street. No action. Lyon street was ordered placed on grade. Several have entirely ignored the order, resulting in big humps in the street, and in several cases when the the Marshal did the work the property owners refused to pay, etc.

CASTOR BEANS.—Mr C P Burkhart, of Albany Prairie, has left at this office a sample of castor beans grown on his farm. Mr Burkhart feels quite confident that the growing of these beans could be made a very profitable industry if they could be manufactured into oil here. He thinks their growth would be prolific as would pay better than wheat. We believe if the bean were produced here that some enterprising person would engage in the manufacture of oil from them. Let farmers talk this matter and test its feasibility.

STOCK RANCH.—I have for sale one of the finest stock ranches in Eastern Oregon. 160 acres of meadow land under fence. Good house and barn. Two good corrals. Five springs on the place. Free range, within half a mile of school and Postoffice. Price, $2500, $1000 cash. Balance on time. Would exchange for 160 acres Willamette Valley land. E G Beardsley, Real Estate Agent,, Albany, Or.

THE WRONG NAME.—In our Indian corn and one hundred and twenty-five acre field of growing wheat item which we published last week we used the name of L Knighten instead of C P Knighten C P does not want to be deprived of the credit of his own care and industry even though that credit be carried to the account of his brother.

ARTICLES OF INCOPORATION.—Articles of incorporation were filed with the secretary of state and the county clerk of Marion county, yesterday, as follows: The State Land and Trust Co., with G W Johnson, W F Peck, M W Hunt and H A Johnson, Jr., as incorporators. Principal place of business, Salem, and capital stock $30,000, divided into shares of $100 each.

FOUND SICK.—A day or two ago Mr. Wes Shannon, of this city, who has been training horses at Salem, was found near the fair ground in an insensible condition. He had been taking medicine for some ailment. A doctor was called and pronounced it contusion of the brain, and thought he would have the typhoid fever.

ANOTHER LIGHT.—Another electric was ordered last Tuesday to be placed on First street near the Albany Iron Works, the reason given being that a man fell off the bridge into the Dixie ditch a few evenings ago and that it is a dangerous place dark nights.

A O U W DAY.—Wednesday October 23 has been set apart as A O U W day at the North Pacific Exposition now being held, at which time members of the order and their families will be admitted at reduced rates.

DELAYED DOORS.—Big bodies move slow. This includes the massive oak doors for the Linn County Bank, which have just arrived after a delay of a month, their place being very well supplied by Johnny Kruse during nights.

FAILURES.—There were only five failures in Oregon in September, with total liabilities of $10,964.26, and assets $6,620.27. September 1888 the failures were the same but the liabilities were $443,620, with $49,360 assets.

COSTLY FIXTURES.—Mr S E Young has recently placed in his show windows some elegant exhibition nickle-plated fixtures, which are pronounced the finest on the coast. They were received direct from the factory.

AN ARTISTS WORK.—A very pretty plaque of roses, painted in oil, may be seen in the window of Blackbmans drug store. Miss Nellie Richards was the artist. It is a commendable piece of work.

NEW.—¼ block in the 3rd, addition with house and barn. Price $1,000. $700 cash

House and barn and full sized lot on Fourth street. Price $1,100.

A TRAIN WRECKED.

The Fireman Killed and Engineer Scalded.

Monday overland train was going south about two miles this side of Halsey, opposite the farm of W. R. Power, at a speed of about thirty miles an hour, when a cow appeared on the track, standing broadside. It was raining hard and the light was dim, so that the animal was not seen until the train was almost on her. The engineer, John McFadden, immediately whistled down breaks. The cow catcher struck the cow in the middle, throwing her to the headlight, from which she bounded again to the track, raising the engine from the wheels and throwing it from the track. This was as given by Mr. McFadden to a DEMOCRAT man. The engine run across a ditch to an adjoining fence, the tender mashing the engineer's cab off, breaking several stopcocks, which sent forth their deadly elements on to the fireman and engineer. The tender was completely tipped over. A fruit car following, was mashed to pieces and stopped on the opposite side of the engine; the mail car was twisted sideways on the track, but remained upright, the agent, Mr. Cox, just closing the windows in time to prevent a deluge of hot water and steam from the engine. The baggage car and two pullman cars jumped the track, the remaining cars remaining on the rails. The fireman, William Ransom, was found between the engine and tender car dead, being scalded in a frightful manner, and one leg was broken and badly mashed. The engineer was thrown out of the cab to the ground, and was insensible for some time, but soon came to. One leg and a hand were scalded, and he was somewhat bruised; but not dangerously injured. The passengers stated that the accident was so sudden and unexpected that it was all over before they were aware of its serious nature. As the cars run some distance the shock was not great. Conductor Young immediately sent for wrecking trains and by noon to-day the track was in condition for the passage of trains. The engineer and the body of Ransom were brought to this city on a special train, and were seen by a DEMOCRAT man. William Ransom, the deceased fireman, was a man about thirty years of age; his parents residing in the East, and having no relatives in Oregon. He was engaged to a young lady of Eugene and was to be married on the 16th of this month. Mr Ransom succeeded Quint Guthrie, killed at the train wreck at this city, and the engine was the same one wrecked here, a fact without any significance except to superstitious people.

DISTRICT W C T U.

WEDNESDAY MORNING, Aug. 9.

Convention met at 8:30, Devotional exercises which were conducted by Miss West took the form of a bible reading on the subject. "The Gift of God" from foundation test taken from John 3, 16.

Convention called to order by Mrs M M Blaine, district President, and minutes of previous meeting were read and approved,

Very encouraging reports were read from Oakville and Lebanon Unions, Mrs Riggs State President, presented the subject of "Temperance Literature," urging upon superintendents the necessity of using this means of acquainting themselves with work in their departments.

Mrs Additon, of Corvallis, and Miss West spoke on the same line. Mrs N J Wallace of Salem read a well prepared paper on the topic of "Conference with Influential Bodies." Miss West then took up the subject of "Heredity," giving a most interesting talk and presenting the heredity of good along with that of evil. A profitable discussion on previous topics followed and was continued until noontide prayer and adjournment.

The afternoon session was occupied by Miss West in giving her "School of Methods drill" and listened to with great interest by all W C T U workers,

WEDNESDAY EVENING.

The district convention closed after a very pleasant series of meetings. On account of stormy weather the attendance of members was not large; but a warm spirit prevailed during the meetings that was particularly encouraging to members. Miss Henrietta Moore delivered the closing address, giving a general talk on the temperance question, putting much feeling into her remarks, backed by experience and great observation.

The address by Miss West, editor of the *Signal*, on Tuesday evening, was full of valuable information and narrated many interesting facts. Miss West's remarks generally during the convention, were appreciated, and it was considered a treat to have this distinguished woman present.

Resolutions.

The following resolutions were adopted at the meeting of the Linn county Business Council P of H at the meeting Saturday at Harrisburg:

WHEREAS. The statements are repeatedly made public that we are becoming a nation of landlords and tenants and the homes and farms of the country are very largely under mortgage and as exact knowledge on this subject is of great importance in the study of the social and economic questions of the day, therefore, be it resolved by the Linn County Council of the Patrons of Harrisburg, of the State of Oregon,

First. That Robt. P. Porter, superintendent of the Eleventh census, be respectfully requested to collect the data to show in the next census what percentage of the people in this country occupy their own homes and farms, and what proportion are tenants, and of those who occupy their own homes and farms what proportion have their property free from debt, and of the homes and farms under mortgage what percentage is so mortgaged.

Second. That the Secretary of this Council be requested to transmit a copy of these resolutions to Mr. Robt. P. Porter, Superintendent of the census and Hon. John W. Noble Secretary of the Interior, Washington, D. C.

Will Run 75 Yards.

CORVALLIS, Oct. 8 1889.

In regard to Mr. Trines challenge for a race I will say that I do not care to run 100 yards, but will accommodate the gentleman with a 75 yard race for from $100 to $1,000, the race to take place in two weeks from the date of articles, and will run at Albany or Corvallis.

IN MEMORIAM.

WHEREAS, The messenger of death has passed through our midst and taken from our fraternity our esteemed and worthy Bro. A S Looney, but while we mourn the loss of our esteemed brother, who was cut down in the strength of his manhood, we too are admonished to be ready when the messenger shall call for us, therefore be it

Resolved, By Tangent Grange, No 7, P of H, that by the death of Brother A S Looney, Tangent grange has lost one of its most faithful and worthy members, the community an industrious and kind neighbor, the family a loving and indulgent husband and father.

Resolved, That our heartfelt sympathies be extended to the bereaved mother and children of our departed brother, and that we commend them to him who alone can comfort in the most trying hour.

Resolved, That a copy of these resolutions be spread on the minutes of this grange and the charter be draped in mourning and the members wear the usual badge of mourning for thirty days, and a copy sent to the bereaved family, also for a copy to be sent to the Albany papers and the California *Patron* for publication.

HENRY FREEKSON,
P A COCHRAN,
THOS MCGHEE,
Committee.

WHEREAS, In view of the loss we have sustained by the decease of our friend and sister, Mrs Irene Smith, and of the still heavier loss sustained by those who was nearest and dearest to her. Therefore be it

Resolved, That we tenderly condole with the family of our deceased sister in their hour of trial and affliction, and heartily commend them to the keeping of Him who looks with a pitying eye upon the widower and the motherless.

Resolved, That these resolutions be transmitted to the family of the deceased as a token of our respect, and spread upon the minutes of the grange, also that a copy be sent to each of the Albany papers and the California *Patron* for publication.

Oh thou who mournest on the way,
With longings for the close of day,
He walks with thee, that angel kind,
And gently whispers, "be resigned
Bear up, bear on the end shall tell
The dear Lord ordereth all things well."

MARRIED.

FROMAN—RIDEOUT.—On Wednesday forenoon, at 10 o'clock, at the home of the bride's mother, in Albany, by Rev. S. E. Meminger, Mr. Grant Froman and Miss Amanda A. Rideout, both of Albany. The ceremony was performed in the presence of a large number of relatives and invited guests, and was a very happy affair. A fine repast was served. The display of useful and ornamental presents was large and attractive. Mr. and Mrs. Froman left on the noon train for Portland, where they will remain a few days. The groom is the book-keeper at the hardware and agricultural implement house of Deyoe & Robson, and is a young man of solid character. The bride has been a faithful compositor in the DEMOCRAT office for eight years, and we are in a position to know what we are doing in congratulating the groom in obtaining a wife of such pure character and prompt and reliable habits. Our loss is Grant's gain. A good wife is a blessing to any man, and such a good compositor as the bride has been is bound to always get a star proof as a housekeeper.

PORTER—PIERCE.—On Wednesday Oct. 9, at the residence of Dr W H Davis, in this city, Mr W T Porter and Miss S T Pierce, of Harrisburg.

The ceremony was performed by Rev J L Rogers of the Congregational church in the presence of a select number of invited guests. The newly married people took the train at noon for Portland. The DEMOCRAT joins with their many friends in wishing Mr. and Mrs. Porter a happy and prosperous life.

STOCK—KORN.—Leo I Stock and Miss Carrie Korn were united in marriage at Seattle this afternoon. The groom is a brother of William Stock, clerk in G. L. Blackman's drug store, who attended the wedding. The names suggest several puns: but we beg to refrain.

JACK-KIRK.—At the residence of Hon T. J. Kirk, in Athena, Oregon, Wednesday Oct 2nd, 1889, Miss Katie Kirk and Mr. Marion Jack, Rev. G. W. Kennedy officiating.

The groom is the beloved son of M. F. Jack, of Halsey and has been the foreman and successful manager of Mr. Kirk's farm during the past three years.

The bride is the handsome daughter of Hon. and Mrs. T. J. Kirk, and is one of Eastern Oregon's fairest daughters.

LOCATING SHARPS.

EDITORS DEMOCRAT:—Since the advent of the railroad in our vacinity miners and land buyers, and in fact speculators of all kinds, have rushed in thick and fast. Particularly those who wish to avail themselves of the right of the timber act. It is a well known fact that the O P R R runs through an extensive mineral belt, consisting of gold, silver and copper, which is yet undeveloped. It is also a well known fact that various parties who avail themselves of the timber act are very particular to locate them in this mineral belt and have gone so far as to say "I don't want any prospecting on my claim till I get my patent from Uncle Sam."
