Special.

It is with pleasure that we announce to our many patrons that we have again made arrangements with the wide-awake, illustrated farm magazine, THE AMERICAN FARMER...

LOCAL RECORD

PROBABLY NO APPEAL.—It is understood the case of A H Marshall against the city will not be appealed. The manner in which the decision of Referee Irvine was confirmed, the motion to modify made by the city as well as the motion to set aside being denied, is quite a complete answer to the referee. While it is not a very pleasant position to place a city, the inability to assess damages for grading adjoining property, it is a fact that citizens having the good of the city at heart will not refuse to stand their ground in such a case.

NOV FROM ALBANY.—Albany is getting to be such a big city that if anything happens anywhere its name gets connected with it in some manner. Here is a case an erroneous one, from the Astorian: "The latest fraud that the Astorian puts in its column is the one in which a man is alleged to have been arrested for traveling in this section claiming to be the agent of an Albany fire insurance company. From their reports on the Astorian, he got \$15,000 from the Astorian. The \$15,000 he told he would insure his place for three years, for \$500. This man's name is Phillip, living at Milwaukee street. The Albany company, of course, refused to take any knowledge of the bogus agent who was there, and the settlers are out with their money."

THE BURGLAR.—A large house greeted the Grimes-Davies troop last Monday. The burglar was presented with fine effect. It has plenty of tragedy and a vein of comedy that is refreshing. Beside the strong acting of Grimes and his wife, the young lawyer without a case, his best girl, the old gentleman, the girl who is a little bit of a flirt, the little girl with two fathers who said she wouldn't hurt the burglar, present of some superior. The Astorian says he always departs on a large house in Albany.

THE BUCKLER.—A large house greeted the Grimes-Davies troop last Monday. The burglar was presented with fine effect. It has plenty of tragedy and a vein of comedy that is refreshing. NEWS TO US.—We are reliably informed that a gentleman from Albany was in the city during the week who was authorized to offer substantial inducements to the Gold Mountain and Dry Gulch Consolidated Gold and Silver Mining company to move their office to Albany. We are not positive but understand that Mr. W. Z. Miller, vice president and treasurer of the company on Thursday, was to ascertain the advantages offered. Albany Democrat.

A BIG PURCHASE.—A syndicate of Albany men headed by Mr. C. O. Corbitt have purchased of Mr. W. H. Colburn forty acres of land off the west side of the Oregon and Pacific. He planned preparatory to planting it on the market. This is fine property being among the best located on the farm, is near to the city, high and dry and will make a nice addition. The consideration is said to have been \$25,000.

COLLY ITEMS.—The Albany papers have again dug up the story of the Oregon and Pacific. He planned preparatory to planting it on the market. This is fine property being among the best located on the farm, is near to the city, high and dry and will make a nice addition. The consideration is said to have been \$25,000.

WILL GO EAST.—At a meeting of the Albany Board of Education, held at the Institute last Monday it was decided to send Prof. Menday to the interest of the College. It is proposed to make several important improvements in the College in keeping with its growth and that of the city and it is the purpose of getting additional support that Prof. Menday will go East. During his absence Mr. A. Archibald will teach the classes in book-keeping.

ONE OF GRANDMA'S BADGES.—Mrs. E. D. Sloan, of Klamath Agency, formerly of Albany, recently found in a crematorium, recently found in a crematorium, a Harrison badge, of the campaign of 1847. It was under several feet of burned clay, when and when the bones were being taken out, and the badge was found. The log cabin and the profile view of Gen. Harrison show plainly.

GENIE'S PRIZES.—An examination of the Yagins Bay shows that it has been turned apart and that the after part has turned on its beam end. The forward part still rests where it first lodged last December. The after part will soon be rewarded. Albany Democrat.

BEARERS.—Ripe red raspberries the second crop of the season, were gathered from the vines this Sunday. What would the inhabitants of the cyclone regions of the northwest think of gathering ripe raspberries the 3rd day of November?

BROWNINGS.—Mr. Jos. Sage moved his household goods to Albany Wednesday and has taken his family there to live. Mr. Sage has lived in this place for a long time and has a host of friends who will wish to accompany him and his family to their future home. Mr. Jos. Sage and his family are from Albany, and his family are from Albany, and his family are from Albany.

A DOMESTICATED PHEASANT.—The following from the Brownville Times shows that Chinese pheasants can be domesticated, contrary to general report, and that they are as good as any other pheasant referred to will take to the wheat field. Mr. O. C. Coshaw, has a China pheasant that has never known any but a domestic life. It was born with a brood of chickens, and was fed and cared for by the mother, and he was as tame as a dog, and he was as tame as a dog, and he was as tame as a dog.

A BRANCH HERE.—Mr. Harry Miller, of the Grants Branch Sugar Plant and Lumber Co. has been in the city for the purpose of establishing a branch factory here, and making this the general distributing point for the products of the two factories. It will take a capital stock of \$25,000, which Hochstetler & Sears will take \$10,000, merging their business into \$10,000, which will be taken by other citizens, which should be subscribed at once. The factory would be built on the corner of growing city, and it is a matter that should be pushed. The factory at Grants Pass is a rebuilt, which will require a few months to complete.

THE TAX QUESTION.—At their regular monthly meeting Saturday forenoon, the Salem Taxpayers' Association, discussed the tax law. The attendance was rather small but the discussion was none the less interesting. The speakers endeavored to show by what means the rich property owners who know how to do it, avoid the tax, and the poor pay the tax, only a few of their near neighbors. May their lives be a pleasant one. Rev. J. B. Fisher, pastor of the Evangelical church, of which Mr. Stratton is a worthy member, officiated.

WASHINGTON STREET.—A special meeting of the City Council was held Tuesday forenoon, during the matter of grading Washington street. It was decided to begin the work this fall, within a reasonable length of time and push the work of grading the street to completion.

THE ROLFE BOYS.—A yenire ordered by Judge Boise Wednesday was tendered to the trial of Bert Rolfe and Fred Rolfe, for wrecking the overland train. It having been decided to try both together, afterwards changed to Bert Rolfe alone, and the trial was proceeding as we went to the Astorian. The trial was held at 10 o'clock in the morning. The jury returned a verdict of guilty. The Rolfe boys were sentenced to the penitentiary for one year.

KICKERS.—If you are a kicker and see a shadow of failure everything that is proposed to help a community, for heaven's sake go out into some secluded canyon and kick your own shadow upon the clay banks, and thus give the men who are working to change their condition the groceries of Conn Bros never kick.
