shall cease to have special protection at

the cost of consumers.

The people of this country believe in the hereabouts. Subscribe now while this iberal protestion of American labor. It offer holds good. Do not let the chance was first thought by Washington, and has alip. been sustained by every President from Washington to Harrison; and it never will be overthrown in the nation unless protectionist leaders engulf their cause and themselves in the exacting greed of monopoly. Massachusetts and lowa will heartly protect the wages of labor in our tariff laws, but tariff taxes employed for on the question of wages, every dollar of additional tax imposed is simply inexcusaproducts without reducing wages of labor; England industries to live, and the farm ers of Iowa, with their crushing tariff taxes on everything they use, eat and wear, and growing mortgages on their farms, want cheapened clothing, implements and household effects. And they not only want them, but they must have them; and the recent elections simply emphasize only history repeating itself, and whether it shall be a brief rebellion cr a sweeping revolution, will depend upon the leaders of the party in power. The democratie do? History is repeating itself.

The Portland Journal says: "We would like the Democrat to explain what a re. er the tariff be high or low, the owners of wholly unreliable. woolen mills, not only at Oregon City, but all over the country, will pay just such wages as the great law of supply and demand imperiously dictate. If there be wish to emp loy it, the price will be high, whether we have free trade or a war tariff. The truth of these statements is incontro-Cleveland was elected the result would be that wages would go down, reduction of leaders did not believe these predictions, but many labor people did and voted accordingly, and new these republican leaders must stand the necessary consequences of their own racket, nolens volens,

The newspaper man who penned the following knew what he was talking about; "The prosperity of a town is not graded by the sealth of its inhabitants, but the uniformity with which they pull together when any impostant undertaking is to be accomplished. A In 1744 the first lighting act was passed. and the Farmers Alliance would be accomplished. man with a thousand dollars at his command and a love of his heart can do more for the building up and improving of it than the millionaire who locks up his capital and snaps his fingers at home progress."

er than coal. There is a duty of 75 cents per ion on coal, and this accounts for corn, at 20 cents a bushel, being cheaper fuel than coal Verily a great many circumstances are cobining to reveal to the farmer the fact that the is daily a victim of the vicious high tariff legislation of the country.

Vaccination is compulsory in England and optional in France. In the large cities o was 332 or .04 per 1000.
