

It is with pleasure that we announce to our many patrons that we have again made arrangements with the late-walks, illustrated farm magazine, the American Farming, published by the West Way, Inc. and sent by nearly 200,000 farmers, by which that great publication will be mailed direct, FREE, to the address of any of our subscribers who will send us a check for \$1.00...

Now FOR BAKER CITY.—Last Tuesday a special train from Corvallis brought to this city J. F. Faul, C. H. Hyde, E. H. Mix, M. L. Tichner and F. C. Campbell of Baker City, a committee of the Board of Trade of that town appointed to confer with the officials of the Oregon Pacific R. R. Co. with a view to securing the construction of the main line of the O. P. railroad through Baker City, or in case that cannot be done, the construction of a branch from the main line of the O. P. to that town.

GREEN TEA DROPPERS.—Salem has the green eyed man had, and is hunting up all the mean things it can get about her prosperous neighbor, who is slowly but surely outstripping her in the race for the lead in the Willamette valley, and in a business way is already in the lead. That paper says that a gentleman from Albany (who knows) writes the Statesman as follows concerning Albany's pure water and big electric light plant: "I read in the morning Herald of the statements made by the man that wrote the advertisement for Albany. He said that all the statements in the Oregonian were true. I know of two from them that are not true. One is the water was pure. If he had seen what comes down the ditch that supplies the town with water he would see that he was mistaken. There have been dead pigs, chickens and ducks taken from that ditch. This can be proved. Albany has 40 acres lamp all both, which makes a great difference between 37 lamps on each machine, as claimed in the advertisement. The statements are true and can be proved if necessary."

AN SWILL'S SALEM CHINA MAN was arrested for beating his wife in Salem this week. Had the offender been a white man with a vote, no attention would have been paid to his misdeeds. He is a colored man, and his wife is a white woman. The case is being handled by the police.

A MEAN MAN.—There is evidently a very mean man living near Brownsville, who deserves having a Hamilton creek detective put on his track, judging from the following from the Brownsville Times: "Some low down, miserable scoundrel, one night last week, did the dastardly act of cutting down the wire fence of Mr. Geo. Overton, who lives a few miles south of town. Some dirty sneak has had some of the wire cut, and he is now on his way to Mr. Overton for a year or so, during which time a fine barn, a mile or so of fence, and a stock barn filled with hay have been burned. The man who did this is a low down, miserable scoundrel, and he is now on his way to Mr. Overton for a year or so, during which time a fine barn, a mile or so of fence, and a stock barn filled with hay have been burned."

A PARTY.—Last Tuesday a young party party was given at the residence of Mr. Straley, adjoining the Masonic cemetery. About forty young people attended from the city. The evening was spent in games of an amusing nature and the occasion was generally declared one full of enjoyment, including the bracing walk there and back.

NOT SAILED YET.—The storm at the Bay counties, and it is generally reported the heaviest for many years. On account of the manner in which the waves beat over the bar, now deep and in good condition, the Steamer Willamette Valley has thought best not to sail yet, and when she will have port depends on the condition of the storm.

A BRILLIANT MAN.—Silverton has a citizen over fifty years old who has resided in the city for the last eleven years and has not been out of town farther than two miles in the whole time, says the Appeal. Does not know of several cities having as many as seven thousand people, and does not know where Salem and many other large cities are situated.

AN ENTIRE WAYLAD.—The editor of the Salem Journal was waylaid Sunday night by a tin horn gambler named George Woods and his wife on account of an article that appeared in that paper. The couple were arrested and duly fined. The editor managed to save a whipping by using his tongue until some policemen arrived.

ON THE RIVER.—The Orient was in the city to day, and loaded with a large cargo of baled hay at the wharf of the O. R. & N. Co. The river is now in fine condition for boating, and the water is very clear. The Orient is now in fine condition for boating, and the water is very clear.

A BREEDER OF TROTTERS.—The following from the North Pacific Rural Herald and Willamette Farmer has been sent us for publication: "The trotting bred brood mare, Belle Price, owned by Jay Beach, Vancouver, Wash., is one of the kind that it pays to keep. She has had six colts bred by Alton, and they were sold by Mr. Beach for a total of \$4,200, but three times that sum would not purchase them. The first colt, a yearling, was sold for \$1,200, the second for \$1,200, and the third for \$1,800.
