Pains Aches

New York, N. Y.—Dear Sir: The case of Mrs.

mmill presents a striking example of suffer and marvelous cure. She has lived in and

near Milroy for 20 years, and is 69. In 1864 sho

was thrown from a wagon, sustaining serious injury to her spins. From that time till 1883 she was a helpless cripple, unable to walk.

During these long 19 years of suffering, she found no relief from the numerous remedies she had tried. In 1863 her daughter read the advertisement of St. Jacobs Oil, and she

bought two bottles. The oil was applied, and before the second bottle was exhausted by Mrs. Genmill she was able to walk about,

LEATHAR LABOR AGAIN ATTACKED. PERMANENTLY CURED BY

In 1888, when Quay's boodle campaign was organized and higher taxes upon the cople were for sale to monopoly trusts for spot cash, the Western Cattle Trust, head ed by the "Big Four," mase their bid for a tax upon the now successful leather indusries of the the country, and the bid was ecepted. A large contribution for politial boodle, understood to have been \$100, ooo, secured the promise that a tax of 136 cents per pound would be put upon hides by the new tariff. The "Big Four" paid the cash, and now they claim the swag.

The Democrat

The Western Cattle Trust is one of the nent. It has steadily reduced the price of cattle in buying from the western farmers It is not expected that he can live until day until many cattle-growers have been bankrupted, and it has as steadily maintained or increased the price of beef to consumers. As it practically controls the cattle trade of the entire country, it is now strong enough George Mansfield, who died in his berth while to force the price of cattle dan to starva- coming from Portland to his home in Athena, tion point for the farmer, and to keep up the price of beef to consumers; but it is brothers, because the price of beef to consumers; but it is brothers, br ntent, It paid its cash by contract for a tax of 11/2 cents per pound on 1aw hides, the tax on hides would be hundreds of thousands of additional profit to the cattle thousands of additional profit to the cattle, it would be no material benefit to the farmer who sells three or four hides a year, and it would make him pay three or fourfold more in increased cost of shoes, harness.
