

STREET & BUTTING.

LOCAL RECORD.

DIED.—At his home in Brush Creek precinct, on October 15th, 1890, F. M. Malone, an old and highly esteemed citizen of this vicinity.

ALL PAID.—Recently a despatch appeared in the San Francisco Chronicle that the interest on the O P bonds due Oct. 1 had not been paid.

NOT GUILTY.—The case of the State of Oregon against William Carey and George French was the one wherein two boys were charged with burning the China house at Jefferson on the 7th of July last.

SCIO.—Ed Goin sold his house last week at 30 cents per pound all around. This is regarded as a good price for a house of the kind damaged by the hop locust.

Wm Brenne, W. D. Willetts, Jack Bilyeu and George Morrow returned Monday from their excursion to the coast, bringing six deer with them.

DIED.—At his home in this city, on Thursday morning, October 16th, 1890, Preston Munkwitz, aged 67 years, 11 months and 18 days. A pioneer and very worthy citizen.

LUCKY HOP RAISERS.—Brownsville is not only proving into an splendid mining center, including gold prospects, it is surrounded by a fine timber country and good wheat fields.

AWAY BACK.—It is a matter of considerable pride to be able to trace one's ancestry back into the historical past and to have the family name on record.

WE HAVE COME ACROSS a very peculiar mathematical problem during the past week. We have a cross-section of a cone.

MEANS CLAIMS.—Harry Massey has sold to C. Marsh and W. F. Peck, his fourth interest in the Red Bull mines in the Santiam district, presenting that there is 200 feet of tunnel, 140 feet of cross tunnel and a 24 foot shaft.

THE FOLLOWING NEW CLAIMS have been filed: By Frank B. Hastings, the "Hoboken," Third Santiam district, on Oct. 16. Discovered Oct. 4.

BY B. Dunn, T. Dunn, P. McAllister and T. C. Devlin, the "Washington," in Santiam district, on Oct. 15. Discovered Sept. 20.

BY B. Dunn, T. Dunn, P. McAllister and T. C. Devlin, the "Salt Lake," in Santiam district, on Oct. 15. Discovered Sept. 22.

BY E. H. TITEN, who lives on Minto's island, brought a mammoth specimen to the city yesterday. It measured just four feet in circumference, the small way round, and ten inches the larger way round.

SUCH A SQUASH may be considered mammoth and attract attention at Salem, but in Albany it would hardly be noticed. The squash raised by Eli Knox, and now in the window of S. N. Steele's office, looks like a fine specimen of the smaller way. That's Albany's style.

MERRILL'S VERSION OF IT.—Mr. W. F. Hespelt, who had the fight Saturday with Struckmeyer about the hog, gives the following version of the affair: He saw Struckmeyer running his hog and he asked him why he was doing so, when Struckmeyer began fighting him and he fought until he was satisfied. He threw him down, and then asked him if he was satisfied. He kept on fighting. He says he does not know that his boy struck Struckmeyer or not. He says Struckmeyer gave his boy a club to strike him with.

WAS AT SPOKANE FALLS.—Mr. C. G. Burkhardt, immigration agent for Linn county, returned last Monday from Spokane Falls, where he had been, accompanied by Mrs. Burkhardt, to attend the exposition.

HE WAS HIGHLY PLEASED at the display of life and travel there. Spokane is a beautiful city, and the young men who think brick blocks are going up all over the city, yet there are a great many "let's let's" signs all over the city. The exposition is a big thing, and is of peculiar interest and worth because it shows up the resources of the state.

HE HAS FOLLOWED to his last resting place by a large concourse of friends and acquaintances. He always had a kind word for every one of whom he spoke. He was kind and accessible to a fault, always ready to divide his last morsel with the hungry. The whole community have suffered a great loss. Peace to his ashes.

A GREAT TREAT.—When the manager of Mr. Keene was laying out his route to the far northwest, he was induced by the manager of the Tacoma opera house to give him a ticket to the city of Seattle, to open the elegant new opera house, the Olympia, which was agreed to. It now happens the house will not be ready on these dates and the management of the opera house has been forced to give the ticket elsewhere.

MR. ALLEN, who is a resident of the land, where Mr. Keene's representative was studying the map of Oregon, with the hope of securing a tract of land, was a wealthy man. Mr. Allen prevailed upon the advance man to visit him and look the town over, and to have an almost perfect fact that the great tragedy will favor us with one of his great character creations, on Saturday evening, next, and it is to be hoped that the crowded house will greet Mr. Keene and his excellent company, on that occasion.

WILAMETTE VALLEY farmers are by no means wallowing in luxury. While there has been a fair yield there, this season, their chief product, wheat, was not so large a crop as last year, and the price for it was low; the fruit crop was also light, which cuts into their annual income.

THE YELLOW STONE.—\$57,732 per acre. That is the astonishing figure of a bottle of quartz gold at Strong's bakery. The sample assays from the Red Hill mines in the Quartzville district. Another bottle of quartz, about 200 lbs. weight, was assayed, and yielded about 200 lbs. of gold. A small rock this covered with spun and woven wire of gold values at \$25 as a specimen. The price of gold is now at \$100 per pound, and the price of silver is at \$1.25 per ounce.

THE DUBS GONE.—Advertising do wonders. It has most effectively banished the dubs from the city. It has also helped to build up a live grocery business for Conn & Henderson, of this city, who sell high quality goods, produce, etc., and doing their own work, sell at bottom prices, so can be easily learned by trying their goods.

INSTRUCTION IN MUSIC.—Those wishing instruction in piano, organ or harp, may apply to the following: Mrs. J. H. Miller, at his residence, 29th St., between the largest line of staple and fancy dress goods ever brought to this market. Those needing their fall and winter supplies will do well to give me a call.

BLACK DRESS GOODS.—I make a specialty of keeping a full line of black silks, velvets, and other dress goods, of the latest styles, and all the late novelties in black dress goods, and trimmings.

NEW CARPETS, new carpets, new carpets and new styles, latest patterns, the best on the market, just received at A. B. McCallister's. The stock is large and all articles manufactured by the mill will be kept in stock. These goods are the best in the market and will give entire satisfaction.

JACKETS AND WRAPS.—I am now receiving my fall and winter stock of ladies' misses and children's jackets and wraps which are of the latest style and good value, and as cheap as any other goods can be bought. I have on hand a lot of ladies' newmarkets carried over from last year, which I am selling at cost to close them out to make room for new arrivals.

NO YOU DON'T.—It can't be done, because we ain't built that way. We bought on a beat leaders on dog and cats and will fit your pocket book. No odds what price you name, a good heating stove will get you Y. C. M. C. In proportion a lecture worth hearing, one that you can't be too busy to do.

EVERYBODY SAYS SO.—If the wild & foolish folk would say, "Go to Powell & Co's for groceries and produce, or their stock is large, their prices low and quality the best." This is the universal verdict of their customers.

WATCH WILL & STARKS.—Will & Stark have received a new line of elegant, as well as reliable watches, gold and silver, for ladies and gentlemen, have ever been offered to the public in Albany. They are attracting considerable attention, and buyers should not fail to inspect them.

RECORD BREAKERS.—Matthews & Washburn sold on one day last week nine stoves, and their stove book shows a number of days that they have sold six and seven stoves a day. Quality is what counts.

CIRCUIT COURT DOCKET.

FOLLOWING IS the docket of cases to be tried at the next term of Circuit Court, which convenes in this city next Monday, Oct. 27th, 1890.

THE OPENING OF THE OREGON STATE Normal School Sept. 30th, 1890, was the most successful which ever occurred. The new building was completed and looked as though it were welcoming the eager throng of students and guests who had early gathered here to celebrate the first day of the new school year.

THE SCHOOL OPENED with an enrollment of 140 students, and though in operation but four weeks there are now nearly 190, and I feel safe to say before the term ends there will be 200.
