SHOOTING AT MILL CITY .- One boy in the Brownsville Times, who says: pushing another off a bank at Mill City on July 4th has caused a great deal of trouble. J L Ray, father of the boy pushed off the bank, had the Sullivan boy, considerably older, arrested for the act. He was tried and discharged. Mr Sid Dorris, editor of the Mill City Gazeite, in giving an account of the trial, closed by remarking that there should be a law providing for the securing of costs to the state in such cases. This angered Mr Ray, and meeting Dorris he took nim to task for it, emphasizing his argument, according to the account the Dunocrar, by knocking Dorris down. Dorris went home, but the next time he went out he was armed. Ray again tried to stop him, but on Dorris refusing to pushing another off a bank at Mill City "Fairview, second city in size in the Unwent out he was armed. Ray again tried to stop him, but on Dorris refusing to argue the matter, began shooting at him, firing twice. Dorris whipped out his revolver and responded once. Neither was hit. Considerable feeling exists over the matter, and it is possible there will be more of the trouble.

There is strong talk of moving the state university from Eugene to Fairview, as it is far the better location. The imaginary, and nover to be realized, railroad is soon to be built through Fairview to Monroe, a great cotton city.
