Mrs Amos Howard, who is lying very low with dropsy of the heart.—Advance.

Three men, the hotelkeeper named Botter, is the home of the sweet delicious fruit Three men, the hotelkeeper named Botter, is the home of the aweet deficious fruit growing trees, and some day before long, tried for murdering him, but were acquitted for lack of evidence. His body was never found. A Montana man who passed through Union lately says that a man was harged in that state recently and before his death confessed that he was Dr Tibbetts, and that he killed Skiff and sunk his body in Poweler river. He said he did wheat is worth \$1.25 a bushel where we

Not Stepped.—Our item about the Lebanon ditch a few days ago was incorrect, founded on wrong information. A subscriber at Lebanon gives us the correct situation, which we are glad to report is so good. The mounted scrapers referred to, we learn, came from work on the S P trestle beyond the Jewish cemeters. The ditch is about four-fifths done instead of one-half. The work has not been stopped, although the rain has interfered somewhat with it. The contract was let by the cubic yard and the estimated cost was \$21,500, just about what it will cost. The ditch will be completed this month, as the contractor is bound to finish it rain or shine and there is no to finish it rain or shine and there is no

SIMPLY LIED.-The following pleasantry is from the Roseburg Plaindealer. The schoolboy in vacation who professes to edit the peanut Statesman of Salem was so delighted because he thought the Plaindealer had copied an item from its dreary columns, that he had to assume we got from it the news of a local event, and styles the Plaindealer, "the sort of paper that wants to be 'protected' by a press association," whatever that means. he socalled Statesman is mistaken hough; in plain words it lied like blezes, for the item referred to was copied from and credited to the Albany DEMOCRAT. we having known all about it before, and having until then, for very good reasons, abstained from saying anything about

Sewer Work.—Bays, Jeffries & Co. have completed Maple street sewer, except leveling the excavated dirt. Work on the Ferry street sewer is being pushed very rapidly considering the weather. The first few blocks are being wet down and leveled, good man holes have been built, and there is no doubt that a first-class job has been done on both sewers. Mr Hamilton, the superintendent, is extended to the sever is the control of the recent wonderful performances of the Stanford horses, particularly Sunol, Arlon and Palo Alto is said to be because of a system started years ago by Mr Cabb, joi first class work. Sewer Work .- Bays, Jeffries & Co. class job has been done on both sewers.
Mr Hamilton, the superintendent, is experienced in the business and seems to know what good sewer work is. Albany will have some sewers that will make it the great millionaire, the healthiest city in the valley. The

ANOTHER BIG SUIT.—Many remember District of Columbia, appeals to the wooverland train when it was wrecked at Lake Labish a year ago. The following dispatch from Johnstown, Pa., speaks of them! "Dr D W J Hammond and wife have entered suit against the Southern Pacific railroad asking that \$65,000 damages for injuries received in the disarter on that line November 12, 1800. The on that line November 12, 1890. The couple were caught in the wreck white on their wedding trip and have never fully recovered from their injuries."

THE O. P. ROATS — The Postland.

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constinution permanently. #### A LETTER ON OREGON.

THUBBDAY Mr A B Cumming, now of this city, in traveler, is in town

can bless his lucky stars that he is not food for the fishes in the broad Pacific today, clie tossed about on the beach, a sport of the waves, says the Eugene Guard. On Saturday, Nov 7th, he left Coos Bay for Florence a foot. He was both that he could easily wade all streams between Gardiner and Florence, and saily crossed Three Mile, Five Mile and Ten Mile creeks It was about 10 o'clock at night when he reached the Siuslaw, and instead of turning to the right on the line of the stage road, followed the beach on to the south spit. Coming to the shallow water of the south channel, thinking it was another small stream, he stenced his clothing and commenced to wade it. With the bundle of clothing on his head he waded utitil suddenly he stepped into swimming water. His bundle went, and thinking it a small stream he struck out to swim across. Fortunately the tide was not running out very strong, and he reached the small sand island between the two channels. Fortunately that night the tide was only an average one. He should for help, walking back and forth to keep warm, until he became hoarse and exhausted, then sank naked to the sand and recollecting falled him noith to the sand and recollecting falled him noith the sand and recollecting falled him noith the sand and recollecting falled him noith to want of want of the sand and recollecting falled him noith to want of want of the sand and recollecting falled him noith to want of want of the sand and recollecting falled him noith to want of want of the sand and recollecting falled him noith to want of want of the sand and recollecting falled him noith to want of the sand and recollecting falled him noith of the sand and recollecting falled him noith to want of the sand and recollecting falled him noith of the sand and recollecting falled him noith of the sand and recollecting falled him noith to the sand and recollecting falled him noith of the sand and recollecting falled him noith to the sand and recollecting falled him noith to the sand and recollecting falled him

be what they are represented to be. Under this seather thousands of pounds of tee have the seath to keep warm, until he became hoarse and exhausted, then sank naked to the sank particulation.

Tee, by the war, is eased the mest notested by all limited articles of commerce. Not alone are the bright shiring green to as articled. He walked back and forth until about 0 o'clock Sunday morning, when Capt W A Cox observed him for the life may be a like being the life of the river. He took him off, half dead, and conveyed him to his residence on the opposite side of the river. He took him off, half dead, and conveyed him to his residence on the opposite side of the river. #### TO CURE DIPHTHERITA.

There is no reason why a single child life should be destroyed by diptheria if parents only watched the health of their little ones and physcians knew their bust ness," said Dr Liston H Mongomers, an inspector of the Chicago health department, to a reporter for the Times. "I am not afraid to say," continued the doctor, 'that any physcian who is familiar with the latest discoveries in medical science can cure any case of diphtheria when the

patient is not already in a dying condition." Those engaged in this despicable work This statement is directly opposite to the suppose that it is a secret, and if upon a popular idea of the character of the dread count of noses, they find that they candisease, which is generally supposed to be not control enough votes to succeed in the necessarily fatal. The scene, too often barefaced theft, it will not be openly atwitnessed by sympathizing neighborhoods, tempted. Fortunately the republican maof whole families of little ones striken jority in the senate is a small one, and down in death by the malignant pestilence, some of the republican senators are honhas emphasized this opinion on the part

of the public. "There should be no excuse," said Dr Montgomery, "for the announcment so often seen in the newspapers that diphtheria is epidemic in some town, and that the schools have been closed in consequence, and that so many deaths have resulted. of it, and that he is aiding in sounding the Diphtheria can be cured by a 10-year-old child if it knew when to apply the remedy.

"Diphtheria is caused mainly by povery and concomitants, by unventilated filthy lodgings, scanty clothing, want or ufficient nutritious food, and sometimes hereditary and predisposing physical conditions. The disease prevalls most between the ages of 2 and 10 years, although I have seen it in infants and in persons of middle age. A case will usually run its course in eight to ten days, but death may occur at any time until the false membrane in the throat has been entirely cast out. "The period of incubation is generally a

few days; possibly the diphtheria poison may remain dormant in the system for several weeks, until called into activity by avoring circumstances. Its invasion is enerally occult and insidious-slight fever, drowslness, general discomfort, a ittle languor, loss of appetite, prostration diarrhoza, chills, pallor, tickling cough, husky voice, or hourseness often usher in diphtheria. These symptoms assist in forming a diagnosis when carefully studied n conjunction with one another and with surrounding circumstances The disease may suddenly develop, without the slightbany people will be futerested in the Union Pacific railroad that you might Skiff. "About six years are the market of Willis Skiff. "About six years are the market of taste, your throat and gas the Union Pacific railroad that you might taste them all the way. I will conduct a strict cash store, and all goods will be sold for not cash from 10 to 25 per cent less than regular price. My stock of Chinaware, fancy goods, and all the desirable syles of dishes, as well as a general assortment of groceries, crockery, lamps and fixtures is complete. I make a specialty of fine teas, coffees and baking powder, and always please my customers, My display of new toys and novelties for the holidays this year will be the nest ever brought to Albany.
