THE STRONGEST AND PEREST.

The Official Report of the Minnesota Dairy and Food Commissioner Sbows the Royal Baking Powder the Best

The last report of the Minnesota State Food and Dalry Commission contains the details of the State Chemists' experiments and analysis to determine the strength and keeping qualities of the various baking powders, Samples of the numerous orands on sale in this state were purchased and first analyzed to ascertain their leav-ening power. The Royal Baking Powder is shown by the tests of both State analysts, Prof Eberman and Prof Drew, to contain the greatest amount of leavening gas of the cream of tartar powders thus pa and tested. Hence this powder is officially ranked at the head of the list,

The report attaches great importance t a series of experiments made to ascertain the character, efficiency and keeping qual-Ities of the powders, Baking powders that vary in strength or that readily lose strength before use, are unreliable and will not give even results; besides, it is an in-dication of the use in their compounding of improper ingredients. These tests were the grocery and commission business hereto-fore carried on by me at the corner of Ella-different ages of the three cream of tartar worth and 2nd streats, consisting of stock of groceries, previsions, fixtures, etc. I will showed the strength or leavening power and won the last two of the five and race, and 2:27\forallow Delco is now at Walla Walla, and will be trained for next year.

Sarsaparilia. Your life, or that of some one near and dear to you, may depend on the use of this well-approved remedy in preference to any other preparation of similar name. It is compounded of Honduras sarsaparilla (the variety most rich in curative properties), stillingia, mandrake, yellow dock, and the lodides. The process of manufacture is original, skilful, scrupulously clean, and such as to secure the very best medicine is not boiled nor heated, and is, therefore, not a decoction; but it is a compound extract, obtained by a method exclusively our own, of the best and most powerful alteratives, tonics, and diuretics known to pharmacy. For the last forty years, Ayer's
