To Farmers.

I HAVE RENTED THE MAGNOLIA Mill warehouse and will have it in good order for receiving the present crop. The warehouse is first class and conveniently located. Contains two good cleaners. No delay in unloading. Sacks will be on hand for delivery in due time. Give me a call before making arrangements to store your crop. G. F. SIMPSON.
Albany, Or., July 15th, 1893.

BASE BALL doesn't seem to be getting along very well, at least financially. The Salem team has disbanded, getting no support in Salem at all, and the Statesman says of the Albany club: "The Albany team has also announced that she will not leave Albany in the future to play ball. In her games at Portland last Saturday and Sunday she lost heavily. If any team wants to cross bats with her they will be obliged to go to Albany. This state of affairs is liable to put a damper on the further progress of the league. Evidently none but the Oregon City and Portland teams are on a paying basis. It is to be hoped that something will be done in a few days to put the teams in playing shape but as long as the people, the principal element of success, refuse to patronize the games of course it is useless to try and maintain them."
The above probably does not give just the correct situation here. The Albany team will probably be ready to play elsewhere, and the Salem team will probably complete the season. If the necessary support is secured by Friday that will be the result. It takes money to run base ball clubs, and the task is a big one in an off year like this.

MR. BEALL IN CHARGE.—Mr and Mrs H M Beall and daughters, Misses Daisy and May, left on the afternoon train yesterday for Portland. Mrs Beall and daughters will go east and visit the World's fair, and Mr Beall will proceed to Albany to take the receivership of the national bank that has lately suspended.—The Dalles T. M. Mr. Beall was recently cashier of a bank at The Dalles. His bonds have been furnished. He arrived in Albany this noon and now holds the key to the front door of the bank. Mr. Beall is an experienced man in the business. Debtors, the DEMOCRAT is informed, will be treated leniently as possible. The matter, though, is under the comptroller of the currency. The new receiver looks like a man who will appreciate the situation and do his duty with creditors and debtors alike.

A PECULIAR BET.—Pendleton E O: It would seem to a man who has made no experiment that a sack holding two bushels of sand would be a pretty hard load for a horse to drag along the ground, but it won't do to jump at conclusions. A tall, angular stranger with sharp features and shrewd face who has been encamped in Byer's grove for about two weeks past made a bet with a Pendleton man that the above feat could be performed a horse being wagered by each. They took an animal weighing some 800 pounds, that Expressman Daniels has been driving, to a point above Byers' mill. A big crowd followed, and watched the horse pull the sack of sand with ease for 100 feet or more, a rope a quarter of a mile long being used. The stranger is plus a horse, and tradition hath it that he has made similar winnings in other places.

A BOYS LUCK.—The Eugene Register says: Ora Wood, son of A E Wood, mourns his foolishness in trying to carry on a circus performance on a moving street car. Thursday evening he was amusing himself by jumping on and off of the street car as it was going up Eleventh street. He missed his footing once and fell under the car and one of his legs was caught under the wheels and severely crushed below the knee, but fortunately the bone was not broken. A number of boys about town have been in the habit of engaging in this dangerous sport, and it is a wonder some such accident has not happened before.

AROUND HEPPNER.—O S Van Duyn formerly of Coburg, writing from Heppner says: The outloook in this section is very gloomy, taking in consideration the low price of wool and the shortage of crops. In the past two days we have been favored with rain, which will add greatly to the yields of wheat, while hundreds of acres will not be cut. We have in our warehouses some three million pounds of wool. No sales have been made yet. A great deal has been consigned for six and eight cents. Merchants, farmers and wool growers are very blue.

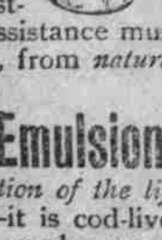
STILL IMPROVING.—During part of Sunday night Capt Humphrey was quite restless and delirious, but this morning, when the doctors came to dress his limb, he was composed and easy, and told them he had never felt better during his sickness. However, the splints and bandages had never been displaced by his movements. He wanted to know if they had been to the show, and receiving a negative reply remarked that he had seen a whole menagerie in company with some of the town's most prominent people. This morning the captain's sister, Mrs Hoom, who has been visiting him a few days, returned to her home in the Willamette valley.—Monday's Pendleton E. O.

THE QUESTION SETTLED.—The gold and silver problem has already landed one victim in the insane asylum. This is Andrew Dressen, a man 49 years of age, hailing from Portland. He has a system by which, with the yelks of eggs, he makes gold out of silver and insists that there is no need of free coinage. He is so demonstrative at times in his endeavors to convince people of the success of his system that the services of a straight jacket are needed. He also says he believes the Bible is made out of cotton, but as long as the hens hold out the gold and silver question will remain solved.—Statesman.

THE GAME LAW.—As considerable inquiry is made about the game law we give it, as handed us by a friend, and suggest that it be clipped for instant use, and that the law be rigidly enforced: Book agents may be killed from August 1 to October 1; spring poets from March 1 to July 1; scandal mongers from December 1 to January 1 exclusively; umbrella borrowers from February 1 to May 1. Open season all the year on life insurance agents, picture peddlers and moss backs.

STOLE A WATCH.—Last Sunday Mr and Mrs P H Bowman started out to take a walk, when a tramp came along and asked for a drink. He was directed to help himself at the pump behind the house, which he did. He also entered the house and helped himself to an open faced Elgin watch, silver case, belonging to Mr Jeff Creel, which had been left in the house on account of a broken mainspring. Nothing has been seen of him since.

A Natural Food.



Conditions of the system arise when ordinary foods cease to build flesh—there is urgent need of arresting waste—assistance must come quickly, from *natural food* source.

Scott's Emulsion

is a condensation of the life of all foods—it is cod-liver oil reinforced, made easy of digestion, and *almost as palatable as milk.*

In Portland Albany lost two games with apparent ease, Saturday by a score of 19 to 12. Haynes, the new pitcher, was knocked out of the box in the first inning 9 scores being rolled up. Arrack took his place and did good work. Sunday, with Burns in the box 8 runs were made in the first inning. After that he did some great work, not a man passing second base during the remainder of the game. Stanley's catching as always, was first-class. Billings, the same as in the other two games, did poor work. S S is not his field.

At Salem, the club of that city won both games 12 to 6 and 9 to 6, hence leads in the tournament.

The games now stand:

	PLAYED	WON	LOST
Salem............	12	8	4
Albany............	14	8	6
Portland..........	14	7	7
Oregon City.......	12	3	9

Yesterday at this city the Willamettes defeated the Hotstuffs 6 to 3.

They play baseball with a vengeance over in Coos county. At the Fourth of July celebration at Myrtle Point, the contesting clubs quit at the end of the fourth inning, and then the score stood 50 to 19. It is said that they had to stop playing because the supply of paper to tally on run out.

MAJ. HEALY LOSES HIS PENSION.—Maj. Healey, who was recently in Albany, where he was intoxicated most of the time, has reached San Francisco. The Examiner says: Among the first to appear at the Pension Agent's office yesterday morning was Michael Healey. He was in a sad plight. He explained that he had just arrived from his home in Eugene, Oregon, and that having read the article he hastened to headquarters, as the official notice of his suspension had failed to reach him. Mr Healey's face was badly bruised and scratched and his apparel was badly torn and soiled. "I was in a railroad collision a day or two ago and got a pretty bad shaking up, but its nothing compared to the damage to my feelings by having my pension cut off." The veteran added that the loss of the money was not so grievous, but the accusation that his disability was brought on by his own vicious habits filled his cup of bitterness to overflowing. "It all comes on account of political enmity and spite work," he said. "I opposed the political aspirations of a rich and ambitious man in my county, and he filed accusations against me, charging that my sickness was due to my reckless practices, dissipation and the like. His charges are untrue, and he knows it, but he is rich and strong; I am weak and poor—so you see it is not hard to guess the winner". The records in the Pension office show that Healy was granted a pension in 1865 on account of affection of the lungs incurred while in the service.

CROOK COUNTY.—Scarcity of money has caused numerous banks to close their doors, and some of the church folks here begin to believe the same cause will result in the closing of the church doors, it being next to impossible to raise money with which to pay ministers' salaries.

Since last Saturday at least two inches of rain have fallen in this vicinity. The rain began falling Saturday evening and continued to pour down all night and until noon Sunday. Since then occasional heavy showers have fallen. The ground is thoroughly wet, and all spring grain will yield an abundant harvest.

Probably the most enthusiastic crowd that celebrated in this county was the crowd that assembled near Wm Adams' place on Combs' flat. They gave vent to their patriotism in dancing, commencing at 2 o'clock on the afternoon of the 4th, and continuing until daylight on the morning of the 5th. It was an open-air party, a platform having been erected under the shade of the pines.—Review.

AN EXCITING FIRE.—The Villard Hotel was burned at Pendleton yesterday afternoon. The loss was about $10,000. The E. O. tells of the following in connection with it: The firemen worked like heroes. They in several instances risked life and limb. In attempting to pull down the Main street wall, they were compelled to ascend, in the face of angry flames, ladders leaning against a tottering support. Had the ladders but slipped, the brave workmen would have been hurled to an awful death in the fiery maelstrom below. Suddenly, amidst all the excitement, the cry went up: "There's a woman in the burning building!" Intense excitement prevailed, and all shuddered at the thought. Hurried inquiry, however, ascertained the fact a sick woman had been removed barely in time to save her life.

A SAD DROWNING.—A gentleman over from Willapa yesterday brings the sad intelligence of the drowing of the wife of Rev Crouch of that place on Saturday evening. Mr and Mrs Crouch and baby had gone out on the bay in a small row boat, and at a request from Mrs Crouch to be allowed to row, the two attempted to change places. This resulted in the boat rocking violently, and in their endeavors to steady it, they were thrown into the water, completely capsizing the boat. Mr Crouch grasped the baby and threw it upon the upturned boat, and immediately looked around for his wife, who had dissappeared beneath the water never to return. Up to yesterday morning no trace of the body had been found, although a diligent search had been made.—Astorian.

DIDN'T WORK.—The rain making experiments at Heppner last week were not successful. About 10 o'clock a bombardment was begun and kept up until noon, but without any sign of rain. It was resumed in the afternoon, but still the much needed shower came not. From Eight Mile and other sections came word that they, too, were trying the rain making experiment, it having been agreed previously to make the attempt of making clouds and wring them over the grain fields of Morrow county on that date. Not withstanding the failure nature may yet furnish what man has not. At any event there will be considerable grain raised in this section.

A FIREMEN'S CASE.—On complaint of the foreman of No 2's Mr Charles Metzgar will be tried by the board of fire delegates tonight, who will be asked to declare his office of assistant chief vacant. The grounds are the use of profane and abusive language while on duty. The case promises to be hotly contested. Mr Metzgar has three lawyers employed, and will fight the case to the end. His defense will be that at the time charged he was not on duty. The matter has created considerable interest among firemen.

SEVERE ACCIDENT.—Mrs. W. B. Case living on the old Finlayson place five miles east of town, while going down the cellar stair yesterday morning, in some unaccountable way lost her balance and fell to the bottom, striking on a stone jar, bruising the side of her head and face, breaking the molar bone and severely lacerating the ear. Dr. Maston was called, dressed the wound, and at the present time Mrs. Case is resting quietly, although suffering severely from the injury.

AN ODD CANE.—When Thomas Kay returned from Alaska last week he brought with him a white bone cane, which had been presented to him by the governor of that northwestern territory. The cane strayed away last Tuesday but an advertisement in the Statesman brought it to light and to its owner. It is made of two long pieces of white polished bone deftly joined and the head of the stick is of disks being of varying thickness. The Alaskan natives who make such canes charge $15 apiece for them. It is a unique walking stick.—Statesman.

HOME AND ABROAD

MONDAY.

Mr Jesse Moses is opening a neat barber shop just west of the new P. O. block.

Twenty Altamont horses have started in races this season, and of the number twelve have been winners.

The Oregonian has long writeups of Yaquina Bay and Idanha, which speaks for the enterprise of the O P.

The Marshfield B B C defeated the Libby club last week 61 to 48. The most scoret made in one inning were 18.

Eugene people on account of the extortionate rates between Albany and that city on the S P will haul O P freight to that city by wagon.

John Haley, of Lyons, was placed in the county jail Saturday night, on a fine, which with costs amounted to $47, for using abusive language.

The O P carries sugar to Albany from San Francisco for 12½ cents. The S P charges 27 cents to continue it to Eugene. In a polite way that is robbery.

Wilson & Chase, of Lebanon, who received the contract for building the new Masonic temple in Corvallis, this morning succeeded in completing their bond, and will begin work at once. They are steady, reliable young men, and may be depended on doing a good job.

The Junior League of the M E church have elected the following officers: President, Earl Abbett; vice president, Elma Parker; treasurer, Millie Miller; secretary, Norma McClain; asst. secretary, Jessie Clifton; organist, Veda Torbett; chorister, Earl Abbett.

An Oregon City dispatch says: Township 10 south, range 6 east, on the Oregon Pacific, will be thrown open for filing, and something of a rush is expected, but as the timber is not as good as in the two townships thrown open the last two weeks, it is not expected that it will be as great as on those occasions.

Last Thursday a youth working in this city was discharged from his position and went to Portland the next day. Saturday he met an Albany woman, whom he knew, and on the pretense that he wanted to get back to Albany borrowed $10. He didn't return, and had no intention of doing so. The youngster is making a bad start.

The county jail now has two occupants, both Johns. John Haley, for using abusive language, and John Maloney, a vag, for stealing a shawl from Mrs Bodine's wagon. Justice Curl made the sentence, which evidently would have suited Maloney had it been longer, as he looks as if he were hunting for such a place to board for awhile.

The cleanup at the Ashland mine for June yielded 396 ounces of bullion, worth $5940. It will be thus seen that the ore is of uniform richness and the mine promises to remain a steady producer. The mill used has only five stamps. The machinery with which the new tunnel will be drilled is being put in position.

A combined harvester will be used in Umatilla county's wheat fields this summer, which will require four men and 26 horses to run. It is expected that it will cut and thresh between 35 and 40 acres of grain daily. The machine, which has already arrived at Pendleton, is the object of much curiosity. It weighs 12,000 pounds, and cost $2,100.

It is reported that J M P Snyder, one of the wheat magnates of the Umatilla reservation, had this year 6000 acres in grain, from which the present outlook promises an average yield of twenty bushels per acre. This will make 120,000 bushels, the largest crop ever raised by one man in Umatilla county. Nathan Pierce, A N Sweeney, T P Page and other large reservation farmers, have similar prospects.—E. O.

President Upmeyer of the Harrisburg Water Power Co., informes us that work on the ditch will be resumed next Monday, and that it will be pushed as rapidly as possible. There are several weeks work yet to be done to complete the work. The excavating of the upper portion of the ditch, the completion of the lower dam, and the entire construction of the upper dam is still before the contractor.—Harrisburg Courier.

While Sam Adolph was in Chicago on his visit to the World's fair he purchased the finest silk hat to be had in the windy city, brought it home with him and presented it with his compliments to Hon Tilmon Ford. Til. does not much affect plug hats or any of the fineries naturally accompanying their wear; but he will have to appear in this one in order to show his appreciation of the spirit of the giver.—Statesman.

The following note was received at the Prineville News office: Last Monday noon the Agent's house at Warm Springs took fire from a defective flue, it is supposed, and in an incredibly short time burned to the ground. A considerable part of the contents were removed by the prompt efforts of the family and friends. Some rooms could not be reached, however, and a great many valuable articles were destroyed. There was no insurance on either government or personal property.

Early this year Dr C C Newcastle sued Dr L M Davis for $15,000 damages, growing out of a business transaction at Portland. The result of the trial was a nominal verdict in favor of the plaintiff, amounting to $25 or thereabouts. Dr Davis is now turning the tables on Dr Newcastle by filing a suit against him for $5000 for breach of contract, and $10,000 damages alleged to have arisen from their business intercourse and legal war. Dr Davis is the dentist with whom Dr Ball, of this city, has gone into business.

The members of the Salem Y M C A who made the trip from this city to Portland by bicycle, left Salem at 5.25 a m and arrived there at 12.20 o'clock. Their riding time was six hours and fifteen minutes and the distance covered 53½ miles by the cyclometer. The trip was uneventful, except that Mr Wetherbee collided with a hog and was thrown into a ditch with the animal and bicycle as company. Mr Myers broke a pedal of his bicycle when 15 miles from Salem and propelled the bicycle the rest of the distance with one foot. They inspect the Monterey and then return home.—Journal.

TUESDAY

Only ten extra sessions of congress have been held in 117 years. The eleventh has been called.

Joe Smith, a tramp, was placed in the calaboose this forenoon by Marshal McFeron for being drunk and disorderly.

The case of Chas Metzgar, before the board of fire delegates, was brought up last evening, and continued until tomorrow night.

Only seven counties have paid all their state taxes. They are Columbia, Coos, Josephine, Marion, Morrow, Wallowa and Yamhill.

It is claimed the rates on the S P between Albany and Eugene are those fixed by the Railroad Commissioners. It so they had better try again.

Mathias Koshland, a hide buyer, was sentenced to 2000 days in jail or to pay a fine of $4000, for using warehouse receipts for wool and hides he did not possess.

When two men meet it is safe to bet that one or the other will mention dull times before they separate. Where nearly everybody does it it is not to be wondered the sentiment is that way.

Jim Lotan has been indicted by the U S grand jury on the charge of opium smuggling. Nothing is surprising about Lotan. Indictments were also found against several others, including deputies, on the same charge.

"I was prostrated with a severe bilious complaint," writes Erastus Southworth, of Bath, Me. "After vainly trying a number of remedies, I was finally induced to take Ayer's Pills. I had scarcely taken two boxes when I was completely cured."

Whether Pasteur or Koch's peculiar modes of treatment will ultimately prevail or not, their theory of blood contamination is the correct one, though not original. It was on this theory that Dr J C Ayer, of Lowell, Mass, nearly fifty years ago, formulated Ayer's Sarsaparilla.

Following are the new officers of the Alpha degree of K of P, recently installed: Mrs Maggie Hewitt, P C; Mrs Mary Allen, M E C; Mrs Mary Parker, E S; Mrs Lizzie Wood, E J of T; Mrs Alice Richards, M of T; Mrs Julia Farrell, M of R and C; Mrs Josephine Deyoe, M of F; Miss Hellen Crawford, P of T; Mrs Maggie Harris, G of O T; Miss Lizzie Farrell, organist.

The Pullman Tribune says: Mr E J Northcutt, the man who has gained so much notoriety on account of the mammoth yield of 101 bushels of wheat on one acre on his farm near this city, has completed the tiresome task of counting the grains in one bushel. He says there are 726,000 grains in one bushel, graded wheat. It is doubtful if the gain to the world will be great enough to balance the expenditure of time and patience required in accomplishing this task.

The following from the Portland Dispatch is about former Lebanon people: The matter of the application of W G Gardner, superintendent of the Boys' and Girls' Home for the custody of Bessie, the young daughter of M E Hearn, was before Judge Munly this afternoon, and was abandoned by Mr Gardner. It appears that Mrs Hearn, who is divorced from her husband, a few days ago procured an order of the court to send the child to the Home, on the ground that she was abused by her father. The latter who is a station agent on the Southern Pacific at Jefferson, one day last week came down and took the child away, in which efforts he assaulted Mr Gardner and resisted Officer Kernan, and for which he was arrested. He claims that his divorced wife is taking the proceedings in order to harass him, and has reinstated facts to the authorities. He says the child is with his mother, and is well taken care of, as he is able to support it.

WEDNESDAY.

Washburn's circus will be here on Friday.

The Soldiers' Home case will not be heard by the Supreme court until October, in its regular order on the calender.

The regular monthly meeting of the Building & Loan Association will be held at the Oregon Bank offices on next Friday evening.

About fifty new claims were filed at Oregon City yesterday. There were several contestants; but everything was settled harmoniously.

The Farmers Alliance, assisted by two attorneys, are investigating the records of Lane county, in order to ascertain why the county is in debt.

The Sweet Home fire, it is reported, was incendiary. While there is not absolute proof the people there are pretty well satisfied how it occurred.

At the meeting of F Company last evening Sergeant Merrill D Phillips was elected 1st lieutenant, to succeed Wm A Humphrey, resigned.

A farmers team ran away this noon, running towards the west side. Runaways are very common nowadays. Teams left standing are easily frightened.

The Willamettes and Eagles, two good amateur clubs, will play on the league grounds tomorrow afternoon at 2:30. A live and close game is the outlook. Admission, 15 cents.

A number of Salem people have had the water of the Salem Water Co cut off from their premises on account of using it contrary to rules, which are about the same as Albany's.

Several strong banks closed their doors in Denver yesterday, caused by unnecessary runs on them, principally brought about by the incendiary speeches of the silver convention.

The telephone line has been completed to Lebanon and an office established there in the drug store of Hon M A Miller. It only costs 25 cents for three minutes talk with the people of that city. Next week Brownsville will be reached, and Halsey, Harrisburg, Junction and Eugene will soon follow.

Mr Caswell Hendricks, an old and highly-respected pioneer of Lane county, died at his home 15 miles east of Eugene yesterday morning, of paralysis. He came to Oregon in 1848, and has been living on the McKenzie river and operating the ferry which bears his name, since 1861. He was 74 years of age.

The Y M C A not only furnishes a free gymnasium, reading hall, bicycle club, ball club, amusement parlors, shower, sponge and tub baths, but has now begun publishing a local monthly and advertisement sheet, called "Push." It is typical of the Yankee enterprise of the general secretary, Mr Wetherbee.—Salem Journal.

The new comet is quite plain to be seen with the naked eye, after dark. It is to be found in the northwest, under the big dipper, after half past nine, with its tail upward. It is said to be moving at the rate of 180,000 miles an hour. It appears to be of the fourth magnitude and has a companion in the form of a smaller comet which can be seen with a glass through the nebulae of the former.

The Pendleton Tribune says: Mrs Mattie Horn, sister of Captain Humphrey, arrived yesterday to be in attendance at his bedside, and finds him getting along fine. As he related to her sympathetic ears the story of the accident she exclaimed: "Why, I don't see how it didn't kill you!" "Well," says the Cap, and his own rare smile lit up his face, "the thing I can't see is why it didn't break the car wheel."

Albany was lively for a short time last night. A team driven by a couple drummers returning from Corvallis, ran away, going down Second street at Salvator rate. They were finally stopped without damage. About then Guy Banta rode a bicycle along First street. Several men good naturedly set Munsey's dog on him. An old gentleman took the matter in earnest and kicked the dog several times. The owner interfered, then a drummer took a hand, and a general fight was imminent; but was easily prevented. A young man, who was once sentenced to the penitentiary for eight years, with several assistants, began services on the street, and the tail of the comet flapped ominously in the northwest.

Things Worth Remembering.

When you feel a kind of goneness about the stomach it is a sign that your food does not sit well and that you are about to have a fit of indigestion.

When you begin to feel nervous and are unable to sit still comfortably; when your clothes suddenly seem to lose their fit and become too tight in places the fit of indigestion is surely upon you.

When this fit of indigestion is repeated from day to day it finally resolves itself into dyspepsia.

Remember that three to ten of Brandreth's Pills will cure the worst case of indigestion or dyspepsia, or both, and that a regular course of them, say two every night for a week or ten days, will act as a preventive of either complaint.

Trains will hereafter run to Idanha on the eastern end of the Oregon Pacific Monday morning and Wednesday and Saturday evenings. Round trip tickets, good for thirty days, will be sold for $3.00. Round trip tickets can now be bought to the Bay, at excursion rates every day of the week.

SOCIAL AND PERSON

MONDAY

Maurice Senders and Fred Moist are in Prineville on a few weeks trip.

License has been issued for the marriage of Geo W Simonds and Ida M Ross.

Mr Will Cowan went to Portland this noon, when he will begin business at once in Collector Black's office.

Dr J W Thomas, a dentist of Mollala, Clackamas county, is in the city the guest of his relative Mr E A Parker.

Mr Thos Jones, the barber, has accepted a position in a Portland shop and is making arrangements to move to that city.

Z H Rudd, Phil Goodwin and F M Redfield leave tomorrow on a trip to the World's fair.

Rev J Muellhaupt was at Lebanon last Thursday, where he performed a marriage ceremony for Peter Arp and Mary Freese.—Salem Statesman.

P A Cochran and wife of Woodburn were in this city yesterday, enroute to the mountains for a summer outing.—Jefferson Review. Formerly of Tangent.

J E Cartwright, the foreman on the Albany Populist, is spending the week in the city with his mother and step-father, Mr and Mrs Wyatt.—Harrisburg Courier.

J E Sabin representing J C Ayer & Co, was in the city Saturday and closed another contract with the DEMOCRAT. Such a firm does not stop advertising when times are reported dull. They go right on spending a million dollars a year in the leading newspapers of the world.

A Portland paper says of a former Albany lady: Marriage has not annihilated Mrs Dr Ford-Warren. She is still practicing her profession and is as handsome as when she was a girl. Her taste in dress also seems to improve constantly. She is certainly a most elegant woman.

On Monday evening the many friends of Lulu Webber tendered her a surprise party, prior to her departure for California. Music and dancing were indulged in, after which refreshments were served. Among those present were: Mrs Webber, Crouch, Misses Dell Bennett, Effie Bennett, Gertie Mansfield, May Foster, Miss Reid, of Astoria, Vinnie Wetzel, Beatrice Swain, Lulu Webber, and Messrs B Farrel, C McDonald H Idleman, G T Meyer, G Flora, J Davis, W and Ned Parker, Murphy and Webber.—Oregonian.

The Sunday Oregonian says: Mrs E L Thompon, of 445 Fifth street, on Wednesday afternoon entertained the members and a few friends of the Cecilian Guitar and Mandolin club, an organization which has been in existence for some time, but which has just adopted the name which it will hereafter bear, in honor of St Cecilia, that famous patroness of music who suffered martyrdom in the third century for her faith in the Christian religion. The members of the club, under the leadership of Mr Edgar E Coursen, are: Mrs C R Templeton, Mrs E L Thompson, Mrs Lawrence Knapp, Miss Maggie Marshall, Miss Vida Marshall, Miss Katie Gibbs and Miss Chemin. Refreshments were served after the session of the club, and a most enjoyable afternoon was spent.

TUESDAY.

W C Tweedale went to Yaquina Bay this noon.

Mr Hill, the genuine Vermont maple syrup man, is in the city.

Miss Stella Stites arrived in Albany this noon from Moscow, Idaho, where she has been residing the past year.

Mrs D Best and daughter, Miss Lottie, of San Leandro, Calif., former residents of Albany, are in the city visiting friends.

A D Barker and Dr Mackey, Grand Foreman, of this city, and Henry Lyons, of Lyons, were among those who went to Portland this noon to attend the grand lodge of A O U W.

Mr George C Stanard, who has been with the construction party of the telephone company for several weeks, has been in the city today. The poles are raised nearly to Lebanon.

The Presbytery of the Willamette, of the U P church, is in session today at the church in this city. Among those present are Dr Wallace, of East Portland, Rev George Hawes, of Portland, Dr Black, of Salem, Rev Marling, of Halsey, and Rev Acheson, of Oakville.

Hon George Chamberlain, Oregon's popular attorney-general, has been mentioned as a suitable democratic candidate at the next election for congress from this district. We believe he could be elected. He is one of the brightest young men in the state, and has the ability to fill the position in a manner that would redound to the credit of himself and the state.—Eugene Guard.

WEDNESDAY.

Miss Edna Protzman, of Portland, is in the city the guest of her grandmother, Mrs Lyle.

Mrs Mack Monteith, of Spokane, is in the city, the guest of her father, Mr A B McIlwain.

Vice President Stevenson will pass through Albany on next Monday mornings overland, too early to be seen.

Dr W F Alexander is in the city from Ukiah. He contemplates disposing of his residence property there and removing to some place where there is more life and business.—Pendleton E. O.

Miss Jessie Winkley left on the local this morning for a visit with relatives at Plainview, in Linn county, and will go from there to Newport to be gone several weeks.—Eugene Guard.

Charles B Montague, a prominent citizen of Lebonon, is the guest of Mr Geo Smith the hardware man. He is assisting his daughter, Mrs Dr Davidson, as a practicing physician.—Salem Independent.

THE EXTENSION BEGUN.—The extension of the Oregon Pacific railroad eastward has been begun. It will be remembered that four or five miles were graded that were never completed by the laying of rails. The rails are now being laid on this as a part of the program for going into Crook county. It is true that only four or five men are at work on it; but they are making rapid progress towards Boise City, and it is probable that before the rails are laid to the end of the grade, there will be a general movement across the mountains.

DIED.—Mrs Lucinda A Lilly, wife of S N Lilly, died at 4 o'clock yesterday afternoon, at her home near Corvallis. Mrs Lilly was born July 28, 1844, in Missouri. At the age of 8 years, in company with her parents, she crossed the plains with an ox team, arriving in the Willamette valley in the fall of 1852. In 1862 she was married to S N Lilly.

TAKE NOTICE.—Members of the I O O F should bear in mind that there will be initiatory work at Odd Fellows hall tonight. Every member will be interested in attending. This by order of the Noble Grand.

19 TO 0.—That is the score people make who trade with Perry Conn, the dealer in fresh groceries, produce and crockery ware. They shut out hard times and give clean bargains. Plenty of home runs and a return for more goods. The game is umpired on the square, and there is never any kicking. Prompt and courteous treatment. A steady thing. Doors open early and late. If you would be on the winning side call on Conn.

THE VERDICT is unanimous that Will & Stark carry the best line of silver ware in the valley. They have the variety and quality, a combination that counts in buying goods. An inspection always carries conviction.

Dandruff is due to an enfeebled state of the skin. Hall's Hair Renewer quickens the nutritive functions of the skin, healing and preventing the formation of dandruff.

ON THE SOUTHERN BOUNDARY

July 18th, 1893.

A beautiful aurorabborealis was visible last Saturday evening between nine and ten o'clock.

Mr and Miss Davis of Mohawk, were visiting friends here last Saturday and Thursday.

Mrs Ana Arnspieger and children came up from their home at Albina about a week ago to spend several weeks with her sisters the Misses Jones.

It is said that some hungry tramp stole the meat from a kettle on a hot stove and a loaf of bread from the cubbard at Mr McNary's last week.

James Hayes, of Eugene, was in this neighborhood on business several days last week.

Hay seems to be very plentiful this year and the farmers in this section have been very busy caring for the crop the past two weeks, but are now about through with it, and now have to begin binding the grain which will not be a very heavy crop.

Miss Ida Purdy, of Monroe, is visiting her brother Jasper, at present.

Bay Jones is a cripple this week from a sprained knee, caused by falling through a hay rack.

Miss Edna Taylor, of Portland, has been visiting her grandparents here for several days.

Mr Warren who has been visiting his cousins in this locality, will return to his home in Portland this week.

The M E Church South, will hold quarterly meeting at the Somerville school house next Sunday, it will also be a masket meeting.

Mr Morris, of Salem, took several carloads of cattle from this section last week.

Clarence Taylor is building quite a large barn this summer.

OAKVILLE.

The sound of the binder is heard in the land and everyone that wants work can get it.

Mr Maxwell and family, of Adair county, Iowa, arrived last week. They are well pleased with the country and will locate in his valley. They have come to stay.

H M Stone has gone to Yamhill county to put in a bridge.

Preparations for saving the fruit crop have already commenced. Messrs Millhollen and Stone are putting up a large dryer with a capacity for 100 bushels of prunes, which they will dry in 12 hours. We wish the enterprise may prove remunerative, for in this way the fruit raisers will find out what can be made out of prunes and plums.

Mrs Henderson, of Harrisburg, made a flying visit to her old home the first of this week.

Some of our citizens are visiting the summer resorts at Sodaville and Waterloo.

Henry Millhollen is building a fine residence on his fruit farm. Holstien and Williamson are the architects. AMICUS.

GOV. PENNOYER'S OPINION.—Governor Pennoyer, on request has sent the New York World the following on the financial situation: "The Sherman law, which degrades silver from its former position as a money metal to that of a mere commodity, should be repealed, while at the same time the use of both gold and silver as the standard money of the country, without discriminating against either metal or charge of mintage, as declared for in the last democratic national platform, should be secured. To repeal the Sherman law without restoring the silver dollar to its former function as full legal tender money would be no remedial legislation. It would only be making a bad matter worse. The tariff should also be most materially reduced immediately and an income tax should be provided for, by which the wealth of the country would be compelled to help bear the burden of taxation."

Teacher's Examination.

Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the county superintendent thereof will hold a public examination at Albany, beginning at 1 o'clock p m, on Wednesday, Aug. 9 1893, and continuing two days. A fee of $1 will be charged for said examination. Applicants for state papers should file their applications with the county superintendent at that time.

WEATHER BUREAU

Crop weather bulletin, No 17, of the Oregon State Weather Service, for the week ending Tuesday, July 18th, 1893. B S Pague, local forecast official.

In Western Oregon the weather during the past week has continued cool, with higher temperatures since Saturday. The highest temperatures have been from 70 to 85 degrees. There has been an excess of cloudiness and some few rains. The wheat crop is in good condition. Fall wheat has generally been increased in acreage; but the acreage of spring sown wheat has been decreased, owing to the late spring rains. Fall wheat has an average increase in acreage of fully 10 per cent, while the yield is expected to be 12 to 15 per cent greater than last year. Spring sown has been decreased about 7 per cent, and the yield will be fully 5 per cent short. An interesting and valuable fact is reported by a Marion county correspondent: On land which last year was summer fallowed with potatoes the wheat (fall sown) has a much better appearance than any other wheat, and it promises to yield 15 per cent more. Potatoes always have a sale and many would profit by planting potatoes on summer fallow and not allow the soil to remain idle and become filled with weeds. The grain crop south of the Calapooia is not so good as in the Willamette valley; while on the other hand the fruit of the latter is not so good as in the former. Oats are a good crop, spring sown not so good as fall sown. Haying continues. Hops are growing rapidly; some are beginning to blossom out. Few lice are so far observed; but are increasing in numbers.

In Eastern Oregon the rains from the 8th to the 11th were of inestimable benefit to the crops. The wheat crop is reported in excellent condition.

FABULOUSLY RICH.—Reports from Baker City is that a fabulously rich bed of gold was discovered. It was found at the bottom of a 350 foot shaft in the Virtue mine near this city. The water was all pumped out and an almost solid streak of gold eight inches wide was revealed. Two miners took out two sacks of ore worth $10,000. One specimen weighing eight pounds, contains $800.

A BRICK HOTEL.—The DEMOCRAT is informed that Wm. M. Hoag, who has been in the city considerably lately, told another Albany man that he was about to begin the erection of a fine brick hotel in this city. Mr Hoag represents a sufficient capital, and, with others, owns sufficient property here to justify such a movement. Will it be done?

Eternal Vigilance

is the price of health. But with all our precaution there are enemies always lurking about our systems, only waiting a favorable opportunity to assert themselves. Impurities in the blood may be hidden for years or even for generations and suddenly break forth, undermining health and hastening death. For all diseases arising from impure blood Hood's Sarsaparilla is the unequalled and unapproachable remedy. It is King of them all, for it conquers disease.

Proof of Merit

The proof of the merits of a plaster is the cures it effects, and the voluntary testimonials of those who have used Allcock's Porous Plasters during the past thirty years is unimpeachable evidence of their superiority and should convince the most skeptical. Self praise is no recommendation, but certificates from those who have used them are.

Beware of imitations and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute.

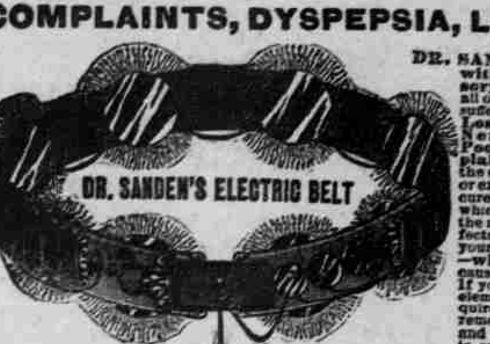
HAVE YOU TRIED DRUGS AND FAILED

TO FIND A CURE FOR
RHEUMATISM, LUMBAGO, SCIATICA, KIDNEY, LIVER and BLADDER COMPLAINTS, DYSPEPSIA, LAME-BACK, &c.



DR. SANDEN'S ELECTRIC BELT with Electro Magnetic Suspensory will cure without medicine all of the above troubles. Those who suffer from Nervous Debility, Losses, Drains, Lost Manhood, Nervousness, Sleeplessness, Poor Memory, all Female Complaints, and general ill health, the effects of abuses, excesses, worry or exposure, will find relief and prompt cure in our marvelous invention, which requires but a trial to convince the most skeptical. In ignorance of effects you may have unduly drained your system of nerve force and vitality—which is electricity—and thus caused your weakness or lack of force. If you replace into your system the elements thus drained, which are required for vigorous strength, you will remove the cause and health, strength and vigor will follow at once. This is our plan and treatment, and we guarantee a cure or refund money.

Our 200 page book "THREE CLASSES OF MEN," should be read by every young, middle-aged and old man, sent sealed, free. Dr. Sanden's Electric Belt is no experiment, as we have restored thousands to robust health and vigor, after all other treatments failed, as can be shown by hundreds of cases throughout this and other States, who would gladly testify, and from many of whom we have strong letters bearing testimony to their recovery after using our Belt.

WE HAVE CURED THESE—WE CAN CURE YOU!

GENERAL DEBILITY CURED.
San Francisco, Cal., August 14, 1892.
Dr. A. T. Sanden, Dear Sir:—Before I used your belt I was troubled with lost vigor, vital weakness, and almost a complete loss of power. I would get up with a very tired feeling, bones aching, etc.; since using your belt I have had a new lease of life. I now enjoy life better than I have for ten years past. I have the utmost confidence in your treatment. You can publish this statement, also have others write or call on me. Truly yours, H. A. BOWEN, 26 and 28 Turk St.

RHEUMATISM AND LAMENESS CURED.
Portland, Oregon, April 29 1892.
Dr. A. T. Sanden, Dear Sir:—I got one of your belts two weeks ago for rheumatism, from which I suffered for several years. For the past six months I had not been able to work. Your belt has placed me in almost perfect health in the two weeks I have used it. I can walk comfortably, and feel like a new man generally. M. E. HUGHES, Proprietor International Hotel.

NERVOUS DEBILITY—LOSS OF VIGOR.
Tacoma, Wash., October 24, 1892.
Dr. A. T. Sanden, Dear Sir:—I have been using your Electric belt for general nervous debility, and to-day feel better than I have for five years. I have gained in vigor daily, and am strong in every part.
Yours gratefully, CHAS. LUETKA.

LAME BACK AND RHEUMATISM.
Portland Oregon, September 25, 1892.
Dr. A. T. Sanden, Dear Sir:—Years of exposure and hard work, combined with the strain coming from the jar of an engine, gave me a severe case of lame back, from which I suffered for seven years. I was so bad that I could not bend my back. I was all doubled up with it. I bought one of your belts. It helped me inside of two days, and I continued to wear it for four months, being perfectly cured. That was two years ago, and I am as well to-day as I ever was in my life. I know your belt well, and I know lots of people who have been cured by it. Many others need it, and if they would try it they would find it the same as I did—the best remedy in the world. I am located here permanently, and will be glad to talk with anyone who wants to inquire about it.
ROBERT BURREL, Engineer Hotel Portland.

LOST VITALITY AND STRENGTH.
Everett, Wash., June 29, 1892.
Dr. A. T. Sanden, Dear Sir:—Since wearing your belt I have been greatly benefited. I find my old energy fast returning; and after a month's use of the belt I find myself twice as vigorous as before. My memory is now nearly perfect, and each day shows for the better. I feel much stronger than before using the belt. Yours truly, HENRY SCHULTZ.

THE DR. SANDEN ELECTRIC BELT

is a complete galvanic battery, made into a belt so as to be easily worn during work or at rest, and it gives soothing, prolonged currents which are instantly felt throughout all weak parts, or we forfeit $5,000. It has an Improved Electric Suspensory, the greatest boon ever given weak men, and we warrant it to cure any of the above weaknesses, and to enlarge shrunken limbs, or parts, or Money Refunded. They are graded in strength to meet all stages of weakness in young, middle-aged or old men, and will cure the worst cases in two or three months. Address for full information,
