The Democrat.

AN OPEN LETTER TO GOVERNOR PENNOYER.

Lebanon, Ore Jan 1, 1894.

Dear Governor.

I have read your Christmas letter to President Cleveland and can say that it is a remarkable one. Not on account of the truthfulness of its statements nor any candor shown in your manner of expression, for it is sadly deficient in both. But remarkable for its weakness. Now Governor, all of us Oregonians know the motive you had in view in writing that letter. Its weakness consists in the fact that you thought you had kept your motives hidden from the publi when that motive stands out in bold relief in every line, More than two-thirds of the people of Oregon at first sight of your letter said it was not writen for the President but for the people of Oregon to read. It is the general impression here, that, had you really believed that the President would follow your advice and recoomend free silver to congress, and that body should pass a free coinage law, resulting in immediate prosperity to the people, you would never have written such a letter for then you would have no calamity howl upon which to make a fight for the United States senate next June.

What induced you, governor, to say that "two-thirds of the people of Oregon were out of employment and more than one third are without sufficient means of support?" Did you not know that your statement was false? The people know that it is Your best friends do not know what to make of it. The people see very clearly that you aimed this letter as another step in the direction of placing yourself at the head of the people's party as their candidate for senator. You say that "debtors are powerless to avoid the seizure of their property and their home to satisfy, at a small percentage of thei value, the claims of caeditors. "Now, governor, it is a fact, borne out by the court records in the last six months there have been less seizure of property under execution than in a similar period for many years. These statements of yours that are so untrue cause people every where to begin to denounce you as a political deamgogue. You governor, are a man of large wealth. Under the constitution of this state you have a salary of $1500 per year. You draw more than twice that sum. People are arking why you do not use this additional sum unlawfully drawn from the hard earnings of the people to alleviate some of this distress so pathetically discribed in your letter. They say practical and not theoretical help is what staving people need. It is common alk, now, however, that you are scheming and wire pulling now and not helping th poor—except upon paper. The people understand you governor.

CANDOR.

Lovers of the odd and the incongruous would be much interested in a little volume recently published by the Federal Government. It is supposed to be a list of the principal exports to the United States from cities and counties where Government consuls reside. From Turin, according to thi record, we obtain gunstocks; from Naples cuttle fish bones; from Portugal, argols and antimony; from Moscow, horses' manes from Riga, objects of divine service; from Barcelona, cream of tarta, Beorice' glycerine, ackasses, and oil paintings from Tuxpan, Mexico, vanilla, chiches, hony, cedar, sarsaparilla and deerskins; from Colombia, skin hids, divi-divi, nbones and bananas; from Bathurst, British Africa, ostrich eggs and everlasting flowers; from Sierra Leone, ginger, palm oil and monkeys; from New Zeaand, Kauri gum, gold and sausage casings and from Samoa, wreckagr, copra and curios.

According to statistics just furnished by the Geological Survey the prodection of coal n the United States last year was 179,000-000 tons. Of this amount Pennsylvaniu rnished over 99,000,000 tons, or more than one-half.

MISFITS

Items in the papers in different parts of Oregon indicate that times are improving, though slowly.

Have you turned over a new leaf, and will you keep it turned over The best way is to keep resolving to do right the year round. Don't wait for New Years, but now that New Years is here it is a good time to begin.

Attorney General George E Chamberlain has made arrangements to locate in Portland in the law business and will move to that city in a few day. Mr Chamberlain has been a resident of Albany for about fifteen years and it will be with regret the residents of this city see him go elsewhere.

An eight foot ledge of silver and gold quartz has been discovered under the city of Tacoma, and there is a lively secret fight going on for possession. An assay shows the quartz to carry $150 in silver and $27 in gold per ton. It is located in the center of population and was discovered by accident while a man was digging a cellar, says an ex. Decidedly fishy.

All Europe is talking about the decision of the Court of Appeals of Holland in a case of assault by a young man who kissed an unwilling girl in a street of Utrecht. The Judges dismissed the case, declaring that "to kiss a person cannot be an offence, as it is in the nature of a warm mark of sympathy." The authorities of Holland are expecting a large male immigration. The Judges should be sent to the insane asylum.

The Salem Journal tells the following as the illustration of the character of church choirs, but not in Albany: In a neighboring town after the new minister had converted almost everybody else he tackled the choir. Suffice it to say he will never do it again. He got them all up in front to sing and then knelt and directed a long prayer at them particularly. He prayed until everybody's knee-bones were sore and then asked for three or four others to follow in short prayers. A wicked black-eyed girl who sang alto who was all tired out and wanted to go home said, "yes do; I want to get another half hour to sleep" It tickled the unregenerate "young folks" so, the meeting broke up.

A dispatch from Spokane announces that Monteith & Seitenbach, have made an assignment. During yesterday afternoon a number of judgments were obtained, and later in the day the Citizen's National Bank instituted a claim for $10,000. The members of the firm went there from Albany, and are noted for enterprise and public spirit.

Last week a Bonanza young man went down to Sprague river to marry a sweet young damsel and returned home without any buckshot holes in his coat tails. The reason why the skirts of his coat escaped being perforated like a pepper box, is because the girl's old man couldn't get a bead on him. He tried hard, but such is life in west.—Klamath Star.

Deluded people are again preparing for the near end of the world. A Battle Creek, Mich dispatch says: Ellen C White, the mother of Adventism, says the end of world is fast approaching. This was conveyed to her in a vision. She cannot tell exactly when the day will come, but that it will come soon. The elders here have enjoined all who can to sell their personal effects and to go out into the world and preach the gospel. About twenty families in obedience to this injunction have sold their houses and gone within the last month, and as many more have their places advertised for sale.

An Income Tax.

WASHINGTON, Jan 2.—Advocates of the individual income tax proposition were triumphant at the meeting of the democratic members of the ways and means committee this afternoon. Eleven members were present when the final meeting was held at the treasury department at 4 o clock. The issue was joined on two propositions; one to levy a tax of 2 per cent against individual incomes over $4000 and against net incomes from corporations, and this passed.

Probably a Fake.

OAKLAND, Cal, Jan 2.—By the merest accident a dynamite plot of which Mayor Pardee would probably have been the victim has been discovered. A Portuguese saw a piece of cardboard fall out of a woman's pocket as she left a local train at Broadway and Seventh street. He picked it up and on reading it found the following written upon it in a scrawling manner:

"Josh, have everything ready when the time comes. Have the dynamite at Pardee's office next week Everything will work. Your son, Nick. Please burn this note."

A Tacoma Bank.

TACOMA, Jan 2.—Depositors of the Merchants National bank, which suspended last summer, are circulating petitions urging the grand jury to make an investigation of the manner in which the bank's affairs were conducted. Charges of mismanagement are freely made. Nelson Bennett, member of the republican national committee, is president of the bank.

Laying Siege.

MONTEVIDEO, Jan 2.—Flushed with victory at Bage, the rebels are now laying siege to Santa Anna do Libramento. The Herald correspondent in Rio sends word that the steamer Magdalena, arrived there from Pernambuco, reports that Captain Baker, of the Nictheroy, has had trouble with his crew, and had shot one or two.

A Receiver Sued For.

OGDEN, Jan 2.—The Jarvis & Conklin Mortgage Trust Company commenced suit in the fourth district court today for the appointment of a receiver and the foreclosure of mortgages for $2,070,000, with interest at 7 per cent from October 1, 1891.

A Irregular.

ANACORTES, Wash, Jan 2.—The store of J B Jenkins was entered by burglars Monday night, and they nearly beat Jenkins to death before making him disclose the hiding place of $20, which they secured

The Tariff First.

WASHINGTON, Jan 1.—It is generally agreed among democratic senators that the financial question shall remain untouched in congress till the tariff bill is disposed of. Voorhees said today that no effort would be made to press his silver bill until the tariff is out of the way. When reached, however, he thought it would prove a solution to the problem. Bland also announces he will not try to get his free-coinage bill up in the house till the tariff bill is passed. The Carlisle bond-issue proposition will also probably give way to the tariff, as the latter is considered a matter of primary importance, and its decision may put matters in such a condition as to make the issuance of bonds unnecessary.

After The Anarchists.

PARIS, Jan 1.—The police raided the anarchist quarters in many towns of France today, seized the forms and copy for today's edition of the anarchist journal, Pere Pinard; also searches the residence of Elize Reclus, a brother of Paul Reclus, who has been missing since the throwing of the bomb in the chamber of deputies. At Havre the police searched 11 houses, seized a lot of correspondence, and recovered stolen bonds for 1500 francs. For the theft of these bonds three anarchists were imprisoned some months ago. Up to this writing, 34 arrests of anarchists have been made in Paris and suburbs, and 24 at Lyons.

To Purify Athletics

CAMBRIDGE, Mass Jan 1.—Today the new athletic rules which are to purify Harvard athletics, went into effect. They are the final product of many years' work by old Harvard coachers and men who are leaders in athletics. The primary purpose of the rules going into effect today is to purify all individual and team athletics from any tinge of professionalism. These rules take effect today. The rules are very strict in defining amateurs also debarring from the college's athletics all but bona fide members.

A Smuggler.

SPOKANE, Wash, Jan 1.—Charles Bodman, one of the best known engineers of the Northwest, has been arrested by Special Agent McCoy, on a charge of smuggling opium. McCoy was sent out from Washington to investigate the rumors of extensive smuggling said to be carried on along the border north of Spokane, and this arrest is the result of his investigation. Bodman has been chief engineer on one of the boats on Kootenai lake.

A New Idea.

KANSAS CITY, Mo, Jan 1.—Secretary of State Osborne, of Kansas, has prepared a circular in which he advocates laws making two hours per day the limit of work of each man. He holds that labor-saving machinery has made such progress that one man is now able to do as much work as twenty 75 years ago, and he believes that over-production is responsible for the idleness of millions today.

Ready for a Fight.

PERNAMBUCO, Dec 31.—The cruiser America is reported off this port, and it is said that so soon as she is ready to put to sea again, both she and the Nictheroy will sail southward. During the last few days the Nictheroy is said to have completed her crew and made all other arrangements necessary to sail. It is rumored that the two cruisers will be reinforced by other vessels, and that the fleet will then sail for Rio, and upon arrival there the ships and forts will make a combined attack upon the insurgent vessels and endeavor to end the rebellion with one determined engagement.

A Shooting Affair.

ASHLAND, Or, Dec 31.—Bob Wilcox, a boy 18 or 19 years old, was shot and seriously wounded by Dan Conwell, at Harvey's farm, seven miles north of here, last evening. Conwell has been arrested and will have a preliminary examination Tuesday. Both parties worked at Harvey's ranch, as also does Conwell's wife. The report is that Wilcox either insulted or quarreled with Mrs Conwell, and Conwell stepped him for it, when the boy pulled a revolver and shot through Conwell's hat. The latter fired four or five shots in return, one of the shots taking effect in Wilcox's abdomen. The doctors say there are ten chances to one against his recovery, though Wilcox is reported slightly better today.

A Brave Affair

TACOMA, Dec 31.—A half-breed Indian named Frank Sisco was shot early this morning while attempting to break into a saloon. Officer Bush shot him five times before the Indian was caught.

A short time afterward burglars were discovered breaking into Miller & Grinnell's general store in West Tacoma, and Officer King chased them. The burglars opened fire on the officer, and for three blocks both pursuer and pursued kept up a running fire at each other. The officer was finally shot in the side, and the desperadoes escaped.

Careless Gun Accident

VANCOUVER, Wash, Dec 31.—Yesterday while Dr J M Birt, an uncle of Councilman Birt of this city, and his son were out shooting near Brush prairie a very painful accident occurred. Both men were going through a brush thicket, the son in the lead, with the barrels of his gun cocked laying across his shoulder. A twig from a small tree pulled the trigger, discharging the load of buckshot, which hit his father in the left shoulder, inflicting an ugly wound.

Another War

SAN FRANCISCO, Dec 31.—War between the Central American republics of Honduras and Nicaragua is imminent General J M Aguirre, of Hounduras, arrived by the Pacific Mail steamer yesterday. He says that just prior to his leaving, the congress of Honduras passed an act authorizing President Vasquez to equip troops and lay siege war against Nicaragua to his death.

ROOT AND BRANCH,

the poison in your blood, however it may have come or whatever shape it may be taking, is cleared away by Dr. Pierce's Golden Medical Discovery. It's a remedy that rouses every organ into healthful action, purifies and enriches the blood, and through it cleanses and invigorates the whole system. Salt-rheum, Tetter, Eczema, Erysipelas, Boils, Carbuncles, Enlarged Glands, and the worst Scrofulous Sores and Swellings, are perfectly and permanently cured by it.

Unlike the ordinary Spring medicines or sarsaparillas, the "Discovery" works equally well at all seasons. All the year round and in all cases, it is *guaranteed*, as no other blood medicine is. If it ever fails to benefit or cure, you have your money back. You pay only for the *good* you get.

Isn't it safe to say that no other blood-purifier can be "just as good?"

If it were, wouldn't it be sold so?

By its mild, soothing, cleansing and healing properties, Dr. Sage's Catarrh Remedy perfectly and permanently cures Catarrh in the Head.

The Forum

"The Greatest of all our Periodicals."

The foremost men of the world write the literature of contemporaneous activity for THE FORUM.

Every great subject is taken up by The Forum when it naturally comes into public attention and is treated by the best authorities, without regard to parties or creeds. It will keep any thoughtful reader informed on the tasks and problems of the time, as no other periodical does.

To many thoughtful people, the price of The Forum has hitherto been prohibitory; indeed all the great Reviews have been too high in price for the means of intelligent readers. But now the number of readers of thoughtful literature—men and women who wish really to know what is going on in the world outside the narrow limits of particular sects and parties—is great enough in the United States to warrant so revolutionary a reduction in price. The Forum discusses important subjects, but it is not dull. The literature of contemporaneous activity is, in fact, the most interesting of all literature. American citizenship implies that a man shall know the opinions of the foremost men and the latest great achievements in every direction of activity.

SIZE AND QUALITY UNCHANGED.

The Forum is now as cheap as the magazines of mere entertainment.

CAUTION.—If any dealer offers you W. L. Douglas shoes at a reduced price, or says he has them without the name stamped on the bottom, put him down as a fraud.

W. L. DOUGLAS Shoes are stylish, easy fitting, and give better satisfaction at the prices advertised than any other make. Try one pair and be convinced. The stamping of W. L. Douglas' name and price on the bottom, which guarantees their value, saves thousands of dollars annually to those who wear them. Dealers who push the sale of W. L. Douglas Shoes gain customers, which helps to increase the sales on their full line of goods. They can afford to sell at a less profit, and we believe you can save money by buying all your footwear of the dealer advertised below. Catalogue free upon application. W. L.
