Poisoning.—This morning Henry Johnson, jr. who lives about five miles north of this city, in Benton county, was awakened by his dog howling to be let out of the house. Later on he arose, dressed himself and went to his spring to get a drink of water. He returned to his house where he lived alone, and began at once to feel symptoms of poisoning. He became unconscious and remained so for two hours. Recovering he started to go to his brothers for breakfast. He had not seen his dog since letting him out of his room.
