Deanness Cannot be Cared oy local applications as they cannot reach the discased portion of the car. There is only one way to cure deafness, and that is by constitu-tional remedies. Deafness is canced by an in-fiamed condition of the mucous lining of the Bustachian Tube. When this tobe is inflamed you have a rumbling sound or imperfect hear-ing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
