The Corvallie Times publishes the following very interesting Item about Saunders secured by a Times man in Spokane. It will be read with renewed interest. He said: "Nine years of life in my "cabin' with nothing to relieve the monotonous routine of duty but a tireless longing for liberty has taken about all of the snap and vigor out of me, and it will be months before I recover it, it I recover it ever. I made a fatal mistake when I allowed myself to be drawn into that affair at husband, who swore cut a complaint, and Representative Scott was interviewed is one of the well-to-do farmers of Linn county and is a republican to the backbone. He made his canvass at the last relection on the fight for the abolition of all useless commissions and a general reduction in state expenses. Mr Scott is yet undecided on the senatorial question. That is, he does not care to commit himself. But it is generally given out that Senator Dolph will harely receive the self. I have \$120 left of the \$150 that friends contributed to start me again in life, and if I can enter a law office, or question, stated that he was emphatically in favor of abolishing all the commissions that are not absolutely necessary. He thinks that the time has come when the expenses of this state must be reduced to conform to the income of the farmers and property-owners. He does not believe in being too close-fisted with our public institutions, but he wants to see that they are run on just as economical a plan as is consistent with the times.

Mr Scott will not have any pet measur's to advocate and will be able to devote his entire attention to the interest of the state at large. He said, when asked who was his fa rorite candidate for speaker of the house, that he had no objection to Hon Chas B Moores of Salem, and that he was of the opinion that this gentleman would receive the support of the house for this position.

Better Cheaper.

THE ROYAL BAKING POWDER is more economical than other brands because of its greater leavening strength, as shown by both the U.S. and Canadian Government Reports.

The other baking powders contain from 20 to 80 per cent. less leavening gas than the ROYAL. So the ROYAL, even should it cost more than the others, would be much the cheaper.

In addition to this the superior flavor, sweetness, wholesomeness and delicacy of the food raised by ROYAL BAKING POWDER would make any difference in cost insignificant.
