Somerning to Thill.—Lee Teutsch, the new clerk at Cleaver Brothers' store, has a record for long distance bicycle riding, having gone to Eugene to Texas on a wheel. It was a Victor of 1894 patern, with double tube tires. Mr. Teutsch carried 15 pounds baggage. He was about 60 days on the road, taking time and gold to visit his old home. Talking of his trip this morning to an East Oregonian reporter he said: I am confident a man can make an average of 60 miles per day, and even 15, all the way through from here to Texas. Were he to carry no baggage the 75 mile average could be made with no great fatigue. I met several men who, through the central West made averages of from 100 to 135 per day on long distant trips and did it in good shape. One should avoid rainy weather, if possible, as traveling on a wheel through mud is very exhausting and no time can be made. —Pendleton E. O. Mr. Teutsch is well known in Albany.
