My baby broke out with a rash. He would earstch and scream. It would take two to hold him, and one to put medicine on him. We had to hold him sometimes an hour before we could get him quieted down. All said that they pever saw such a face or body on any baby as on him. I had to the his hands tight in a cloth, night and day, for five months. My sister had used CUTL. CURA, and I began to use it. After only one application, he lay down and slept as he had not for a month, poor little fellow. He has not a scar on him now, and is as fair and his flesh is as soft as any baby. While he had this disease I had to ent the stewers out of his clothes, and put gauze on him now, and is as fair and his flesh is as soft as any baby. While he had this disease I had to ent the stewers out of his clothes, and put gauze underwear on him to keep him cool. I had to keep hopes of soft cloth around his neck, it was so wet with molesture from the soroes, and I had to change the clotha sometimes ten or tweetve times a day. Miss. A. HAYNES, Lisbon, N. D. THURSDAY

A Very High Complime Dr. J. L. Hill, of this city, has just received natice that he has been honored by having the degree of Doctor of Philosophy conferred upon him by a college in Chicago. This is the result of a series of articles written by the doctor which enlisted the favorable attention of the professors of the college and they decided the author merited the honor of the high title which they voluntarily conferred. The doctor was taken by surprise when a letter came announcing what had been done by the college. Without previous notice, about a year ago the Medico-Legal Association of New York sent Doctor Hill a certificate of membership with the announcement that he had been unanimously elected as a magnetic of the triangular proposed change or alteration in the size of any wooden building within the fire limits, or if such repairs or alterations will increase the value of such buildings more than 25 per cent. The application therefor and a copy of such permit shall be kept on file in the profit of the city council in the matter of the frame building erected by W. L. Varce. The sections are:

Sec. 4. No wooden building within the chief engineer, appoved by the committee on fire and water; which permit shall be given if any increase will be made by the proposed change or alteration in the size of any wooden building within the fire limits, or if such repairs or alterations will increase the value of such buildings more than 25 per cent. The application therefor and a copy of such permit shall be kept on file in the profit of the chief engineer, appoved by the committee on fire and water; which permit shall be given if any increase will be made by the proposed change or alteration will increase the value of such buildings more than 25 per cent. The application therefor and a copy of such permit shall be kept on file in the profit of the chief engineer, appoved by the committee on fire and water; which permit shall be given if any increase will be shall be given if any increase will be shall be given if any increase will be shal Dr. J. I., Hill, of this city, has just rebeen expressed by the pen or before a fire. point in science where medicine and law blend, and the greatest complications arise. During Judge Strahan's iffe time he was the legal representative from Oregon and since his death the honor has passed to Gov. Lord. The Democrat mentioned a few weeks ago that Dr. Hill had received notice of his election to a professorship in the medical department of the Willamette University with the request that he deliver one lecture each request that he deliver one lecture each | A warrant was issued this afternoon ancial disturbance, as there was in every week during the term. The late honor out of Justice Powell's court for the arpresidential year. The Albany mills are of Ph. D. (Doctor of Philosophy) is a title not acquired by many. These laurels are the legitimate result of a stu-bonds to keep the peace. After the result of a stu-bonds to keep the peace. After the result of a stu-bonds to keep the peace. After the result of a stu-bonds to keep the peace. After the result of a stu-bonds to keep the peace. After the result of a stu-bonds to keep the peace. After the result of a stu-bonds to keep the peace. ne of their own who has so generously ceived what he fairly merited.

An Old Matter Again.

After a ride over the O. C. & E. the orvallis Times man says: Seventy-five thousand dollars is what e construction of tunnel number one cost the old O. P. R. R. Company. It is about 900 feet in length and is on a ten per cent grade, the west entrance being much lower than the entrance nearest much lower than the entrance nearest the Summit. It required a million and a half feet of lumber to timber this tunnel half feet of lumber to timber this tunnel and to built the high bridge long results and to built the high bridge long results and the start of the case of the city against W. E. A. Holton, contains the following; Last night our next door campers brought in eight deer, and one bear. We enjoyed heavily laden with dried meat and stories our breakfast this morning, of tenderioin, of adventure that rival Kippling's venison liver and fish. Twenty five dollars is a neat purse to

Dr. Earl Cranston, the new Methodist bishop, has arrived in Portland with his family, and will hereafter be located there. The Northwest now has a bishop of its own. Bishop Cranston is 57 years of age. He is a relative of Mrs. Van B DeDashmutt, of Portland.

Irom six acres of ground, situated just outside the city limits, 248½ bushels of first-class merchantable wheat. This is the best yield, by far, that we have heard of in this section and it is quite of its own. Bishop Cranston is 57 years doubtful if it can be surpassed in the DeDashmutt, of Portland.
