We took a short stroll for our health a few days since and as we did so we took in the sights. We found an abundant fruit crop, especially cherries and plums. As we crossed the high bridge near the residence of Judge Barton we heard what we supposed to be a minstrel troup, sieging that grand old melody "Snanee Riber." Our thoughts wandered back to our childhood days and we stole quietly up to the gate and joined in the chorus, for it was the accomplished daughters of our estimable judge. A day would keep your rooms warm in winter. But that small stove will burn only twenty-five. Hence, discomfort and misery.

A certain amount of fat, burned daily, would keep your body warm and healthy. But your digestion is bad, and you don't get it from ordinary fat-food. Hence you are chilly, you catch cold easily, you have coughs and shivers; while pneumonia, bronchitis, or consumption finds you with no resistive power.

Do this. Burn better fuel. Use SCOTT'S EMULSION of Cod-liver Oil. Appetite and digestive power will revive: and soon a warm coating of good flesh will protect the vital organs against the cold and the body against disease. Two sizes, 50 cts. and \$1.00
