> I hroat Coughs

Is there a tickling in the throat? Do you cough a great deal, especially when lying down? Are you hoarse at times? Does nearly every cold you take settle in your throat? These "throat coughs" are very deceptive. Don't neglect them. Troches, or cough syrups won't touch the spot. You must take remedies that will enrich the blood, tone up the nerves; and heal the in-

flamed membranes. SCOTT'S EMULSION of Cod-liver Oil with Hypophos-phites contains such remedies. It has wonderful nourishing and healing power. The cause of the cough is removed; the whole system is given new life and vigor; and the danger from threatening lung trouble is swept away.
