It appears that the man principally interested in the affair, Wm. While there he received a telegram from a friend telling him an extraordinary occurrence at home demanded his immediate return. He at once came back and found that his wife, who is a bout 18 years of vge, and a girl named Hattie Raymond, aged 20 years, had taken the \$400 and his horse and bouggy and "skipped."

He put out on their trail, came to Junction on last night's overland, failed to find them, took a rig and draye to Eugene, didn't find them here, got are from the German ship Peru.

The warrants issued were placed in the hands of Deputy Marshal George Humphrey for immediate service. TT costs more to make Royal Baking Powder I than any other, because its ingredients are more highly refined and expensive.

But the Royal is correspondingly purer and higher in leavening strength, and of greater money value to the consumer.

The difference in cost of Royal over the best of the others does not equal the difference in leavening strength, nor make good the inferior work of the cheaper powders, nor remove the impurities which such powders leave in the food.

Where the finest food is required, the
