Mr. Hanna endorses every word in the president of the United Statas has the President's message.

Dyea right of way. Laweusts follow in color the footsteps of civilization.

\$20,000,000 in silver bonds have just been issued in Mexico, with home takers. This looks as if they had not gone back on silver yet in that country.

It is now in order for the New York legislature to pase a law against six day bicycle races. The enemies of foot ball should fall in line.

If the cranks keep on making airships the first thing we know there will be physcian was instucted to do some very one that will work, and then look out careful diagnosing of Mr Vanderbilt's for a terrible catastrophe.

A convention is to be held in New York city to consider primary elections. Let the move spread out until something shall be done to remedy this blot on our election system. As conducted now the people have mighty little to say who shall fill the offices.

The clearances in New York last week were more than all the rest of the United States together. The city with the greatest increase was Seattle, then came Tacome, followed by Portland. The Northwest took the lead, a fa:t worthy

A Pendleton paper calls the E O mis it ought to be criticised for it. A city of pensions were weeded out of the by the same teacher, and he has given 4,000 should not be run on a 10,000 basis. list.

A \$70,000 mortgage is being foreclosed on the AO UW temple at Portland; Big mortgage are dangerous affairs any kind of temples, and should plastered with hesitansy. Once gu med to a building they are as hard to off almost as leprousy.

A man who started for the Klondik from the east on reaching Oregon made up his mind that we had mining advantages right in this state that were deserving of investigation, and he proceeded to look around. This is a sample of the w hit the late lamented legislature in manner in which this Klondike crare the following manner: will work for the benefit of Oregon.

firm of Baring Bros., was asked today Oregon Legislature." for his opinion on the effect of Presiden McKinley's message. Lord Revelstoke

tention to bring about."

there are a large number of dead men re to be roughness ceiving pensions, that a good many pensions have been obtained through forgery. The matter should be sifted as a matter of justice to everyhonest pensioner as well as to the public.

Oregon

From the New York Times. The report of the stitistician of the

state of Oregon for the current year will show it to have been the most prosperous in the history of the commonwealth, With 96,000 square miles of territory, Oregon has at the present time less than 400,000 inhabitants. As always accept a good thing. thickley settled as England, it would give subsistence to over 30,000,000 people. It has this year produced 40,000,000 | cees was as a readv made clothing man. bushels of wheat, which brought an A prother of Wanamazer relates that average of 75 cents per bushel—an ag- John had a way of gerting a little closer gregate of \$30,000,000 for one crop alone. In fruit, inseber, live-stock, fieb and mineral products will amount to at least \$50,000,000 more, making a grand total was very popular wish Mr Wanamaker. of \$80,000,000 for one year's yield, or an average of \$200 for every man, woman and child within her borders. Umstitla sounty with a population of about 16,000 people, this year produced 5,000 .-000 bushels of wheat, which sold for sand to t, munching a chestnut \$2,750,000, or \$230 for every inhabitant in the county. Whitman county, with 25,000 inhabitants, yielded 6,500 000 companionable way, 'Have a chestnut?' bushels of wheat, which brought \$4,875. 000, or \$195 per capita besides bundreds of thousands of dollars' worth of other products, such as wool, fruit, live-stock. etc. Baker county with about 11,000 population, has dug over \$3,000,000 worth of gold from her mines, and has realized half as much more in grain terest in the U S land office. It was in live-stock and fruits-an aggregate of answer to a letter announcing the for-

teiture to land in Kansas: ave-age of \$409 per capita. The soil of Oregon yields from four to five crops of wheat from one sowing, and from 50 to 85 bushels per acre is the asual average. In a Maine or a Michigan lorest from 6000 to 8000 feet of stead law, will say that I have no cause merchantable lumber is a good output, while in the pine and fir woods of Oregon a cut of from 150,000 to 250,000 feet per should not be forfelted to said pieces of acre is not uncommon. From 500 to 800 and in that arid region, where rains are bushels of apples and pears to the acre as s arce as the proverhial hen's teeth is an ordinary yield, and from 300 to and as far between as angel's visits: 900 bushels of Irish potatoes. The powhere water is more precious than diatatoes grow to a size that seems almost monde; where the lean and hopery covincredible, many having been dug this ar backs to the majestic stience of the season that weigned as high as 10 pounds. A recent shipment of apples to the festive jack rabbit wanders up molest Chicago created excitement among the commission houses, for barrel after barrel of them averaged over a pound to an apple each by weight. Bunches to an apple each by weight. of grapes weighing from eight to 10 ritle and interest in said land lorever pounds are not uncommon.

\$4,500,000 for one season's yield, or an

There is no doubt that prosperity has of our own 'Uncle Sam.' Blessed be his landed in Oregon, and the inhabitants of magnanimous great heart for that beand irrevocable to the eminent domain the state are greatly elated. The barrs neficent homestead law that plants the and the storehouses are filled to overflowing, the mines are giving up their from nowhere and out of Gods anowtreasures as never before, and everything ledge, to delve a fortune from the bosom is booming. On the Oregon Short Line of Mother Earth, to the tune of blizzards, and serges are being shown at the Ladies and the Oregon Railroad & Navigation Company's lines, limited passenger and express trains are sidetracked to make express trains are sidetracked to make full of sorrow and hard work, to seek his way for the through freights. This is a last and only rest in the bosom of Moth-state of affairs that was never heard of er Earth, his only companion in his isobefore in this state, and in all probility lation. I congratulate his excellency, any other. It is almost impossible so the president, on this magnificent addition. I thought it get enough cars to move the vast crops of grain and other produce and to carry n the endless mass of machinery and firmly, the public domain. I thought it FROMAN.—On Fuesday morning, Dec. 14, 1897, in Albany, to Mr. and Mrs. Grant Froman, a boy.

All doing well.
