Brownsville.

From the Times:

Rev. B. Hartman and family moved to Albany Wednesday. Citizens of Albany will find that a splendid family have taken up their abode among them.

Mr. Benj. Hoover, departed Wednesday morning for Portland, where, in company with H. B. and Ed Moyer, he will depart at an early day for the gold producing tributaries of the Yukon country.

W. B. Blanchard was among those from here who went over to Albany Saturday to see the soldiers start for Portland. Mr. Blanchard says they carried him back to the days of '61 at the time he enlisted.

W. C. Campbell, formerly one of the publishers of the Albany Silver Imprint, and a brother-in-law of Prof. W. A. Calder of this city, who is studying law at Ann Harbor, Michigan, has enlisted and will be sent to Cuba.

Some miscreant, about 2 p. m. last Sunday morning, exploded a quantity of dynamite or giant powder in the middle of Mill street, near the postoffice, with the result that about $80 worth of window glass was broken in the business buildings facing on either side of that street. It would appear that the person or persons, who did the mischief were either drunk or did it out of pure meanness, as a 10-year old boy ought to know better than to set off high explosives in such a locality.

Brownsville has seven of her sons now in Uncle Sam's volunteer army, instead of four, as published in last week's issue. We learn that Frank Thompson, son of Mr. and Mrs. G C. Thompson of this city, who has been attending McMinnville college, enlisted with Company H. of McMinnville, and that Mason Croft joined the Oregon City company, while Walter Harris, who resides north of town, also joined company F. of Albany. Seven in the army and one in the navy, Fred Montgomery,—speaks well for the patriotism of the young men of Brownsville.

WHEAT.

This was the greatest day of the year in the wheat market. The jump was immense, and New York took the lead, as the figures will show:

New York 185½c for May, 128½c for July.
Chicago 175c for May, 120½c for July.
San Francisco 106¾c for May, 100c for Dec.
Liverpool 8 4c higher.
Albany 85c.

Mrs Lease, of Kansas.

Mrs. Lease, the queen of lady orators, won added laurels to her fame in that she swept with one sweep of her power the cobwebs of prejudice from every mind. She is a giant intellect, broad in her statesmanship, kind, forcible in her words, and underlying all is a warm, philanthropic spirit, and love of national excellence. She held her large audience spellbound with her eloquence for nearly an hour and a half.—Sioux Falls Press, South Dakota.

Thousands listened yesterday afternoon to two of the most able and convincing addresses upon political questions that a tongue of eloquence, guided by a mind of independence and the training of a student, can deliver. Some came to laugh and scoff. They staid to pray. Men of strong prejudices were enthralled by the musical voice, the burning eloquence, the clear logic and the sincerity and earnestness of the speaker. Mrs Lease handles pathos with skill and delicacy. She swayed her audience with the skill of a finished actor; she moved them to enthusiasm, moved them to tears, and wreathed their faces in smiles without the least dificulty—Buffalo Times, New York.

Albany Opera House May 18

The Glorious Fourth.

Of course Albany will celebrate this year of patriotism. It is in the air everywhere.

A meeting will be held at the council chambers tonight at 8:30 o'clock, for the purpose of beginning arrangements for the same, to which all business men are and citizens generally are invited.

By request of many citizens.

A Monologue.

Miss Alice Clara Moses of the College next Friday evening, at the Presbyterian church, will give a reading under the auspices of the Y. P. S. C. E. The subject will be "Esmeralda," a charming little comedy, originated in a magazine story by Mrs. Frances Hodgdan Burnett. Wm. H. Gillette saw its dramatic possibilities, and in collaboration with Mrs Burnett, prepared it for the stage. It had a long and successful run in New York and other eastern cities, and later was put on the reading platform by Leland Powers and by A. H. Merrill, of Vanderbilt University. Miss Moses has given it a number of times in California with great success.

INTERFERE WITH TRAFFIC.—Complaint has been made to the federal authorities by railroad officials at Albany, Or, that some persons in that vicinity have built push carts and velocipedes to fit the railroad tracks, and ride up and down at will, necessitating the stopping of trains frequently. The company desires the practice stopped, and say they are much annoyed by it. They cannot afford to run over the men on the push carts or velocipedes, and so must stop trains, no matter how great an inconvenience this may be. There are several ways these persons may be reached by law. One is on a trespass charge, or they are liable for retarding the progress and passage of the United States mails, by interfering with the trains.- Oregonian.

LONG BICYCLE RIDE.—Lewis Dindinger and Vernon Ramp yesterday made the longest bicycle ride of the season. They left here at 6:30 a. m., rode to Salem thence to Dallas, and back by way of Rickreal, Monmouth and Independence, reaching Albany at 7 o'clock, a ride of 91 miles, almost a century. The best roads are going into Dallas and from Rickreal to Monmouth, the poorest between Albany and Jefferson and Independence and Albany. The young men of course stopped quite awhile for their meals.

WILD GOOSE CHASE.—Col. W. F. Helm is up from The Dalles. The Colonel was one of the party of immigrants that lost the Blue Bucket mine in 1845. He was only 12 years old at the time. but is going over the ground supposed to have been traveled by the company and see if he can find the place. He will be accompanied by two friends from The Dalles.—Prineville Journal. J. J. Davis and others will take notice.

AT CAMP MCKINLEY.—It was reported this morning that F. Co., of this city, had been examined and that 24 had failed, but it transpires that the company has not been examined and probably will not be for a day or two. C. Co. of Eugene, was examined yesterday, and out of 118 only 29 failed, the best record of any company so far examined.

Jas. F. Powell has resumed his place in the store of H. F. McIlwain.

Mr Walter Bidwell now rides a Stearns racer, with an 80½ gear. It is fast.

Mr. Charles Cusick, druggist at the insane asylum, spent Sunday in Albany.

Miss Ina McCullough spent Saturday and Sunday with her mother at Halsey.

Mrs. Anderson and two children, members of the family of the new proprietor of the Albany Soda Works arrived in the city this noon from Iowa, joining Mr Anderson here.

Captain Ellis will rank as major and senior surgeon of the Oregon Volunteers, and Dr. Macrum and Dr. Cardwell captains, with the title of assistant surgeons. The salary of Major Ellis is said to be $2500 a year, that of the assistants $175 a month.

Memorial services in commeoration of the death of the 266 men who went down on the Maine were held yesterday evening in the Baptist and M E. churches. Both churches were splendidly decorated for the occasion, and the exercises held were in keeping with the patriotic occasion.

George U. Piper, manager of the P. I. of Seattle, Washinton's best and most enterprising paper, and Charles Piper of the U S. postal service on the S P., arrived in Albany this morning on the overland, and will remain until tomorrow noon They were east on P. I. business, spending two weeks in New York city, and visiting Washington and other eastern cities, where they found intense interest exhibited in the progress of the war, everybody watching for the latest news. The papers were meeting the demands, the New York Journal, as an example, one day issuing one hundred editions, and over 1,200,000 copies. The Piper brothers were in the capitol when the famous war resolution was passed. On their way home, at every station, no matter how small, there were crowds of people waiting to get the latest from the seat of war.

J E Noland of Eugene has made an assignment, $4,500 assets and $5,270 liabilities.

In the great Jeffries-Sharkey fight Jeffries received $7338 and Sharkey $2446. Good wages for one night's work.

The Elias Stuart Estate of Lane county was appraised at $5,3145. It is composed of the following:

Word just received from Alaska is that twenty-two more men bound for the Klondike have lost their lives. They broke through the ice in the canyon near Crater Lake, between Linderman and Long Lake and all perished, going unner the ice and all perished, going under the ice and it will be some time before their bodies are recovered and their identity established.

Oregon State Grange.

The Twenty-fifth annual session of the Oregon State Grange will convene at Forest Grove, Washington county, May 24th, 1898, at 10 a. m.

The S. P. Co. have kindly consented to give a reduced rate over all their lines in Oregon to those who may wish to attend.

It will be necessary to take from the agent where tickets are purchased a receipt certificate, showing that the holder has paid full fare to Forest Grove, and when this is signed by the secretary they will be passed back for one-third the regular fare. A failure to take the receipt will compel the payment of full fare both ways.

The grange work in Oregon is in a flourishing condition. Eight new granges have been organized in the state during the year and there has been a large increase in membership by initiation There are 42 representatives entitled to seats from the different counties, and we also expect a large number of visitors will be in attendance.

There is no doubt but we will have a pleasant and profitable session.

J. H. Scott,
Secretary State Grange.

Experienced Prisoners.

There are four men in the county jail who are the most experienced jail birds probably who have ever been in the county jail, Baker, the Harrisburg burglar, and the three Peoria burglars. They know all about jails, particularly California jails, and seem to be professional jail breakers. Since the recent attempt to get out they made a start on another. With regular steel cutting saws which they had concealed after the first attempt they sawed a slit a foot long directly down in the steel floor, intending to make a hole and dig through the two foot cement floor beneath, when they were discovered, and relieved of their saws. Baker was kept in the close cell for two days and some of them on half rations. They are being closely watched.

Nothing in It.

In order to correct a mistake I wish to say to the public in regard to me being ducked in the horse trough, that I, A. Munkers, nominee for sheriff on the union ticket, did not have any thing to do with it in any way whatever and was not present at the time, and all that has been said connecting him with the affair is false and unjust.

Dated, Scio, Or., April 26, 1898.

Hodges as Sec, with full power to appoint all sub committees and manage the affairs of the celebration. The other members of the committee have been appointed and are F. M. French, H. J. Hopkins, E. E. Goff, J. L. Tomlinson and P. J. Smiley. The committee will hold the first meeting at the council chambers next Thursday evening at 8 o'clock and begin arrangements for the great event.

Mr. J. E. Hamilton is canvassing for Mrs. Livermore's book, and although times are hard he gets several signers.

Some of our young people are buying bicycles and some fine riding is done.

LITTLE ROSE BUD.

Chalk-Talker Coming.

Mrs. Maud L Green and Miss Hattie Henderson, national lecturers of the W. C. T. U will be in Albany May 16.

Mrs. Green is a famous chalk talker—illustrates her lectures plentifully with pictures which she draws on the blackboard in the presence of her audiences She draws rapidly with either or both hands, and every where delights her audience with her exceptional gift as an artist—her great humor, and keen hits. She talks or draws for either adult audiences or children.

The First Excursion.

Next Sunday a rhododendron excursion, the second annual one, will open the season, between Albany and Yaquina. The rhododendrons in their blazing splendor, and the frisky little water agate, just uncovered, are there, and the trout are sporting at Elk City and other places. The train will leave Albany at 7 a. m. and Newport returning at 8:30 p. m. Round trip fare $1.50.

THAT BICYCLE TRACK.—The Corvallis bicycle track has now been built to Granger, over half the distance from Corvallis to Albany on the west side, and it is now time that Albany did something. The work has been well done, and Albany people who were on it yesterday say it makes fine riding, and seems be a track that will be permanent, being far enough away from the road not to be injured by horses, and from three to six feet wide. An immense number of Corvallis people were out yesterday.

THE SOLDIERS.—Companies A. B. C. and D. will leave Portland tomorrow evening for San Francisco, on their way to Manila. They will be followed five days later by the other companies including the Albany boys. The Albany company was reached today for examination. As the examining board is much less stringent than at first it is probable that only ten to twenty will be rejected.

A telephone message last evening from Major Ellis stated that all the members of the hospital corps, who went from Albany, had passed, but two or three of them would not enlist. The regimental corps will consist of 24 members, to be made up of three O. N. G. corps, giving about eight men to each of the old corps.

THE MACCABEES.—The new Maccabee hall in the Parrish block will be formally dedicated tonight, when a fine program will be presented, followed by a banquet in the Masonic building. THE GREY RESIDENCE.—The bids for building the new residence of Dr. G. W. Grey were all filed last Saturday and have been forwarded to Dr. Grey at San Jose, Calif, where they will be opened and considered. The plans show that the residence will be one of the finest if not the finest in Albany, at the present low contract rates probably costing at least $5,000. It will be a credit to the city and a novelty among Albany homes.

DIED.—Mrs. E. E. Templeton, of Brownsville, died last Sunday evening, May 8, at the age of eighty-six years. She was a pioneer of 1847. She was the mother of thirteen children, of whom nine are living. Funeral services were held this forenoon

The Maccabees.

The Maccabees were given a chance to show their hospitality, and entertaining powers last evening, which was well done. Their new hall in the Parrish block was dedicated in a successful manner in the presence of a large audience, the hall being full, with many standing, all Maccabees and their families or invited guests.

Grand Commander J. A. Van Winkle had charge of the ceremonies and Sir Kt Sherwood of Portland, was made temporary commander and after music and an opening ode made a short and entertaining address, complimenting this as the banner lodge of the state and the state Maccabees on their loyalty in sending fifty members to the front. Mrs. Craw was heard in a timely recitation on "Spain, weighed in the balance and found wanting." Henry Morgan presented a vocal solo and received an encore. Mrs. Arch Goins performed on the piano in a pleasing manner Miss Lilly Gotlieb recited and was encored Dr. Collin's guitar solo was well performed. Prof. H. Hartley showed himself to be an adept with the Indian clubs and dumb bells, Miss Laport, a deaf and dumb young lady, presented in a very beautiful manner a recitation in pantomime. Misses Parrish and Funnicliffe were heard in a piano duet, which closed the program. Interspersed was some excellent music by the orchestra.

The large audience repaired to the Masonic hall where a fine banquet was served, and those desiring danced in the opera house.

Tennessee Gatherings.

TENNESSEE, May 8, 1898.

Today is the school ma'ams birthday

There is no discount on Uncle Sam when it comes to the scratch.

Sunday school was organized today at the school house with the following officers: Mrs Ross superintendent, Mrs T P McKnight assistant superintendent, Thos E McKnight secretary, Blanche Simons assistant secretary, Annie Blacklaw organist, P L Wallace treasurer. In union there is stiength and in strength there is victory. In the cooperation of all God-fearing people direct results may be obtained. Please attend.

Jno B Blacklaw and Lel Heywood have shaken the earthly clod from the unearthly clog, and have dusted for Walla Walla. They will be sadly missed by the young folks.

The "Tennessee annual picnic" is being generally talked of and will take place the first of June sometime. Watch for developments.

Mrs Harve Wallace who has been dangerously ill, is convalescent

Oscar Marshal, M Weisner and Geo Shaw have made business trips to this vicinity recently

We noticed Mr Frank Rowel, of Sweet Home, was in this place last week.

J R Swink looks very dignified in his new buggy.

Miss Annie Blacklaw's entertainment at Gore last Friday evening was O K in every particular.

We notice that the "Criterion" has a correspondent from this place. Who is it? We don't know; but would kindly remind him that he is mistaken, as Geo E Ross has not joined the state militia

The gold press can cast some of the broadest hints we ever heard of. Why do they not come out flat footed and say "Silver men attention! You had better not vote for Donaldson because he voted for a gold-man in '96!" Humph.

We were in Tallman recently and were requested to announce that there would be a basket social at the Tallman school house Saturday, May 14, to strengthen the organ fund. The little burg is one of the liveliest places in Linn county. Republican and silver clubs organized, Sunday school in full blast, prosperity in general, and a wedding soon, speaks well for a community. McK.

A Fine Testimonial.

The following was received by Mrs. Moses from Noel Jacks well known here:

"It affords me much pleasure to send you these few lines of testimony as to our appreciation of the splendid entertainment you provided our members on the evening of Jan. 1st, when you read the story of "Esmeralda." Crop Report.

All crops are reported to be in excellent condition. The continued absence of rain is being noticed in the southern counties, but along the coast and in the Willamette Valley rain is not badly needed, though it would be welcome and very beneficial. The reports indicate that the frosts of April have injured the peach crop in many portions of the Willamette Valley, especially on the higher land and in the foothills; elsewhere no injury is reported The injury is not general and will not reduce the crop, as a whole, to any appreciable extent. Strawberries, in limited areas, were also injured, but are generally reported to be in good condition and commencing to ripen. Apple trees have dropped their bloom. In some localities, early cherries are blighted. All fruit is setting well, and unless unforseen and unexpected conditions arise, the fruit crop will be very large.

The hay crop continues to be promising. Owing to the demand for hay in California, there will be more wheat hay this year than usual. Clover and timothy would be benefited by rain. Alfalfa is making good growth in southern counties.

The grain crop is in excellent condition. The drying north winds have been, to an extent, detrimental, but the growth is fairly rapid, the stand and color good Fall and winter sown wheat and oats will make a good crop without more rain. Spring-sown wheat and oats, while generally above the ground and having a good appearance, will soon need rain.

In Eastern Oregon the grain crop continues to be reported in good condition. In portions of Wasco, Gilliam and Morrow counties the absence of good rains is being noticed, but so far grain has not been injured by drouth. The drying north winds are making the ground very hard. B. S. FAGUS,
Section Director, Portland, Or.
